REVOCATION OF CLOSURE OF SHELLFISH BEDS

ENVIRONMENTAL PROTECTION WATER MONITORING AND STANDARDS

Public Notice of the Revocation of Condemnation of Shellfish Beds

Pursuant to statutory authority granted the Department of Environmental Protection appearing at N.J.S.A. 13:1B-4 and 58:24-1 et seq., and to assure that the public health is not imperiled by the consumption of shellfish that may be subject to pollution resulting from the release of sewage from a broken sewer line into waters of Ingram Thorofare, Cape May County, the Department condemned and prohibited the harvesting of all shellfish from those State waters previously classified as Approved in the Avalon area, specifically:

All of the Approved waters of Ingram Thorofare and its tributaries south of Avalon Boulevard.

As provided in the aforementioned prohibition, having determined through monitoring that the waters described above are now safe for the harvesting of shellfish, I hereby revoke the prohibition, returning these waters to their prior classification effective on November 6, 2009.

DATE: 11/5/09

Leslie J. McGeorge
Leslie J. McGeorge, Administrator

**Waters involved in this revocation order (approximately 226 acres)
are shaded in black.**
