# REVOCATION OF CLOSURE OF SHELLFISH BEDS

## ENVIRONMENTAL PROTECTION WATER MONITORING AND STANDARDS

### Public Notice of the Revocation of Condemnation of Shellfish Beds

Pursuant to statutory authority granted the Department of Environmental Protection appearing at N.J.S.A. 13:1B-4 and 58:24-1 et seq., and to assure that the public health is not imperiled by the consumption of shellfish that may be subject to pollution or to any other conditions which may render shellfish dangerous to health because of degraded water quality resulting from exceptional rainfall in the NY/NJ Harbor area and the resulting impact on the waters of Raritan Bay in Monmouth County, Department condemned and prohibited the harvesting of all shellfish from those State waters that have the following sections designated under New Jersey's Special Permit Program:

*Sections 14 and 12B (see attached map),*

As provided in the aforementioned prohibition, having determined through sample monitoring that the waters described above are now safe for the harvesting of shellfish, I hereby revoke the prohibition, returning these waters to their prior classification effective on April 15, 2010.

DATE: 4/14/2010

*Leslie J. McGeorge*  
Leslie J. McGeorge, Administrator

Waters involved in this revocation order are shaded in black.
