---

## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits:** A permit is required for the discharge of pollutants to surface and groundwaters, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities which require a permit may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Stream Encroachment:** Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402  
Trenton, N.J. 08625-0402

---

## DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50 which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50. Payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, Trenton, NJ 08625-0417.

Printing and circulation of the DEP Bulletin is handled through the Department's Distribution Center. Persons desiring to be included on the mailing list may call: (609) 777-4398 or write to this office. Please use the form below to make any changes in your subscription.

Land Use Regulation Program  
P.O. Box 401  
Trenton, New Jersey 08625  
Attn: (Name of project manager listed above)

## **Bureau of Safe Drinking Water Revises Technical Manual**

The Bureau of Safe Drinking Water (Bureau) has revised its Technical Manual for Public Water Works Facilities Approvals. The revisions reflect the changes in the Bureau's regulations for the construction of public community water systems (N.J.A.C. 7:10-11) which were adopted on November 18, 1996.

The technical manual has been prepared as guidance to water purveyors and consulting engineers who need to ascertain whether a permit application is necessary for the construction of water works facilities. More importantly, it serves to provide guidance to the consulting engineer as to what is required of an applicant for the permit application. It highlights areas of most frequent deficiencies, and it accentuates areas of critical concerns in each of the permit categories.

The manual may be obtained by sending a check or money order, made payable to the Treasurer, State of New Jersey, for \$7.00 to NJDEP Maps and Publications Sales, General Services, P.O. Box 438, Trenton, NJ 08625 or by calling 1-609-777-1038.

Questions pertaining to the technical manual and applicable regulations should be directed to the Bureau's Compliance and Permit Section at 1-609-292-5550. Office hours are from 8:00 am to 4:30 pm Monday through Friday.
