General Application Milestone Codes

Application Approved	F = Complete for Filing	M = Permit Modification
Application Denied	H = Public Hearing Date	P = Permit Decision Date
Application Withdrawal	I = Additional Information Requested	R = Complete for Review
C = Cancelled	L = Legal Appeal of Permit Decision	T = Additional Information Received

Specific Decision Application Codes

AVE PLAN = Averaging Plan	PA/SOW = Presence/Absence/State Open Waters Only
FP/A = Footprint/Absence of Wet., Waters & Transition Area	PA/T = Presence/Absence/Transition Area Only
F/F = Farming/Forestry/Silviculture Exemption	R = Reductions
FP/P = Footprint/Wetlands Present	REG = HMDC/Pinelands Exemption
FP/SOW = Footprint/State Open Waters Present Only	SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater
Mgmt.)	
FP/T = Footprint/Transition Area Present Only	SA/GP = Special Activity for Statewide Gen. Permit Activity
NW = ACOE Nationwide Permit Exemptions	SA/R = Special Activity for Redevelopment
O = Other	SD = Municipal Subdivision Approval
PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area	SP = Municipal Site Plan Approval
PA/P = Presence-Absence/Wetlands Present	VERIFIED = Verified Line

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwaters, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities which require a permit may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
PO Box 402
Trenton, NJ 08625-0402

DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50 which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50 payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, Trenton, NJ 08625-0417. Please use the form below to make any changes in your subscription.

For information on a specific permit, please see the telephone list inside the back cover.

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes 30 calendar days after publication of this notice. All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

Jeffrey Reading, Chief
Bureau of Point Source Permitting - Region 1
PO Box 029
Trenton, NJ 08625

Debra Hammond, Chief

PO Box 029
Trenton, NJ 08625

Public Notice of Proposed Permit Action

<i>Facility name/ NJPDES Permit No./ Permit type</i>	<i>Facility location address County</i>	<i>NJDEP case manager/Bureau</i>	<i>Receiving Stream or Formation or POTW/ Classification / Watershed</i>	<i>Executive Summary</i>
Evesham Township Municipal Utilities Authority NJPDES Permit No. NJ0024031 DSW - Major	Elmwood Wastewater Treatment Plant Burlington County	Joseph Mannick Bureau of Point Source Permitting Region 2 (609) 292-4860	Southwest Branch of the Rancocas Creek FW2-Non Trout 02040202060	This draft modification proposes to authorize the distribution of reclaimed water for beneficial reuse. Treated effluent from the wastewater treatment plant will receive additional high level treatment before being diverted for public access beneficial reuse for irrigation at the Indian Springs Golf Course in Marlton, New Jersey.
Consolidated Technologies Inc. NJPDES Permit No. NJ0134015 DSW - Minor	1 Linden Avenue East Jersey City Hudson County	Richard DeWan Site Remediation (609) 984-4426	Claremont Channel/Upper New York Bay SE-2 via DSN 001	This application is for a new NJPDES permit to discharge an average of 0.160 MGD of decanted effluent from the settling of dredged material. This facility will be processing dredged material from various areas in the Harbor Region. The material will be subject to a series of settling barges and basins (primary treatment) prior to the decant being discharged back into the waters of the Harbor.
Pan Chemical Corporation NJPDES Permit No. NJ0132004 Storm Water	1 Washington Ave. Hawthorne Borough Passaic County	Bruce Friedman Bureau of Nonpoint Pollution Control (609) 633-7021	Passaic River 02030103120	This draft NJPDES permit authorizes the discharge of stormwater associated with industrial activity from Pan Chemical Corporation, to the surface waters of the state. The draft permit requires Pan Chemical Corporation to implement a Stormwater Pollution Prevention Plan (SPPP) at their facility to eliminate and/or minimize the exposure of source materials and industrial activity to stormwater. The NJPDES Permit also requires quarterly sampling of their stormwater discharge to the Passaic River for pollutants of concern in order to evaluate the effectiveness of their SPPP.

General Permit - Discharge Stormwater from Scrap Metal Processing and Recycling Facilities and Establishments Engaged in the Dismantling of Motor Vehicles NJPDES Permit No. NJ0107671 Storm Water	NJDEP Division of Water Quality	Judy Majoras Bureau of Nonpoint Pollution Control (609) 633-7021	State of New Jersey	The Department intends to reissue NJPDES Permit Number NJ0107671, the General Permit to Discharge Stormwater from Scrap Metal Processing and Recycling Facilities and Establishments Engaged in the Dismantling of Motor Vehicles. As issued in 1995, the permit authorizes only stormwater discharges to surface water, from scrap metal recycling facilities classified under Standard Industrial Classification (SIC) code 5093 and motor vehicle dismantlers, SIC code 5015. It is being reissued to incorporate new conditions, and to broaden its scope. As reissued, the permit will also regulate discharges of stormwater to ground water at the subject facilities, and may now also authorize discharges from facilities where a significant portion of their business is derived from activities regulated under this permit but which do not operate under the designated SIC codes. Permit requirements are based on Best Management Practices (BMPs), rather than numerical standards, to control the discharge of pollutants to the waters of the State. Because this permit requires the institution of BMPs to minimize the exposure of source materials to stormwater, the permit conditions are appropriate to any scrap metal or vehicle recycling facilities with stormwater discharges to surface water or ground water.
New Milford Watershed Maintenance Yard, NJPDES Permit No. NJ0003310, DSW - Minor	Corner of Main St & Madison Ave., New Milford Bergen County	Margaret Elsishans Bureau of Point Source Permitting Region 1 (609) 633-3869	Hackensack River, SE1, HUC 11 #: 02030103180	This application is for the renewal of a NJPDES permit to intermittently discharge an average of 0.0102 MGD of decant water from water treatment residuals drying lagoons.
Jackson Twp. MUA NJPDES Permit No. NJ0035041 DSW - Minor	135 Manhattan St., Jackson Ocean County	Margaret Elsishans Bureau of Point Source Permitting Region 1 (609) 633-3869	South Branch of the Metedeconk River via a storm sewer, FW2-NT, HUC 11: 02040301030	This application is for the renewal of a NJPDES permit to discharge via DSN001B and DSN002B each a monthly average of 0.015 MGD of wastewater.
