Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Public Notice
Notice of Intent to Settle

Take notice that the Department of Environmental protection intends to amend the freshwater wetlands letter of interpretation issued February 9, 1998 to Frank Stamato & Co. for the property referenced below. The applicant has demonstrated that the wetlands on the subject property are not a part of a surface water tributary system discharging into the Pequannock River. The Department has reviewed this matter and confirmed that the wetlands on the subject site do not drain to a trout production watercourse, and should therefore be classified as being on intermediate resource value, not exceptional as had been previously determined. As a result of this finding, the Department intends to amend the freshwater wetlands letter of interpretation accordingly.

Block 549, Lot 8
West Milford Township, Passaic County
