ENVIRONMENTAL REGULATION

NOTICE OF RULE PROPOSAL
PUBLIC NOTICE

Proposed New Rules: N.J.A.C. 7:1M-2
Proposed Amendment: N.J.A.C. 7:27-8 & 22

Take notice that the NJ Department of Environmental Protection is proposing regulations for participation in the Gold Track tier of the Silver and Gold Track Program for Environmental Performance and amendments to N.J.A.C. 7:27-8, Permits and Certificates for Minor Facilities (and Major Facilities Without an Operating Permit) and N.J.A.C. 7:27-22, Operating Permits. A statement of the substance of the proposal follows: The proposed rules establish the requirements and procedures for participation in the Gold Track tier of the Silver and Gold Track Program for Environmental Performance. This Program is based on achieving environmental excellence through commitments and accountability beyond standard regulatory requirements. The Silver and Gold Track Program consists of three tiers: Silver Track, Silver Track II, and Gold Track. The goal of Gold Track is to foster the continued development and implementation of creative approaches to achieving more efficient and effective environmental performance. Gold Track, once implemented, would be the top performance tier of NJDEP's Silver and Gold Track Program for Environmental Performance. New Jersey's goal in creating this tiered system is to encourage environmentally progressive companies to commit to further reductions in emissions and to adopt environmentally sustainable practices beyond those currently required by federal or State law. In initiating the Gold Track program, NJDEP is pursuing environmental improvements, including but not limited to: reductions of releases of criteria and hazardous air pollutants, carbon dioxide and other greenhouse gases; promoting enhanced management of hazardous wastes; utilization of environmental management systems; water conservation, stormwater management, and an increase in a facility's accountability and communication with the general public and local communities. In return for meeting the stringent entry requirements and environmental commitments of Gold Track, participating facilities would receive certain air pollution control, hazardous waste and water regulatory flexibilities. The Gold Track Program will be limited to no more than nine participants.

The proposal is scheduled to be published in the New Jersey Register dated February 4, 2002. A copy of the proposal is available from the Office of Pollution Prevention and Permit Coordination's web site, <http://www.state.nj.us/dep/opppc/> or by contacting the rule manager, Michael DiGiore at 609-292-3600. Be advised that there may be a fee for obtaining a copy of the proposal from some sources.

March 15, 2002

NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE TRUST
NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE FINANCING PROGRAM
NOTICE OF RULE AMENDMENTS

“Interim Financing”

The New Jersey Environmental Infrastructure Trust (Trust) is proposing to amend the rules entitled “Environmental Infrastructure Trust Procedures and Requirements” (N.J.A.C. 7:22-4). N.J.A.C. 7:22, entitled “Financial Assistance Programs for Environmental Infrastructure Facilities”, contains the rules of the Department of Environmental Protection and the Trust governing the financial assistance application and award procedures, as well as other related requirements, for project sponsors to qualify for State monies to finance environmental infrastructure projects. The **proposed amendments to N.J.A.C. 7:22-4** would modify the Trust’s rules by establishing provisions to provide short-term financing to prospective borrowers through an interim Trust loan, to be retired upon the award of long-term financing from the Department and the Trust.

Interim loans would be made available to sponsors for wastewater, stormwater, nonpoint source and drinking water projects which have received the appropriate approvals from the Trust, and which are reachable on the applicable clean water or drinking water priority list given funding availability in the forthcoming funding cycle. It should be recognized that the Trust relies upon the technical reviews by the Department, thus, inherent in the Trust approval process is review and approval by the Department as well. The interim loan option will provide project sponsors with a source of short-term financing from the Trust, and enables projects to move forward more quickly through low-cost, short-term financing. Amendments (P.L. 2001, c. 223) to the Trust’s enabling legislation (N.J.S.A. 58:11B-1 et seq.) were approved last year that authorize the Trust to establish an interim financing program.

The proposal document has been posted on the Trust’s website at <http://www.njeit.org> and is scheduled to be published in the April 1, 2002 *New Jersey Register*. The public hearing concerning this proposal will be held at 10:00 A.M. on Thursday, April 25, 2002 at the NJ Environmental Infrastructure Trust Offices located at 3131 Princeton Pike, Building 6, Suite 201, Lawrenceville, New Jersey. For more information or for a copy of the proposed amendments, please contact Dirk C. Hofman, Executive Director, NJ Environmental Infrastructure Trust at (609) 219-8600.

Any written comments should be submitted by May 1, 2002 (the close of the comment period) to:
