## General Application Milestone Codes

---

|                        |                                      |                                     |
|------------------------|--------------------------------------|-------------------------------------|
| Application Approved   | F = Complete for Filing              | M = Permit Modification             |
| Application Denied     | H = Public Hearing Date              | P = Permit Decision Date            |
| Application Withdrawal | I = Additional Information Requested | R = Complete for Review             |
| C = Cancelled          | L = Legal Appeal of Permit Decision  | T = Additional Information Received |

## Specific Decision Application Codes

---

|   |   |
|---|---|
| AVE PLAN = Averaging Plan                                     | PA/SOW = Presence/Absence/State Open Waters Only                  |
| FP/A = Footprint/Absence of Wet., Waters & Transition Area    | PA/T = Presence/Absence/Transition Area Only                      |
| F/F = Farming/Forestry/Silviculture Exemption                 | R = Reductions  |
| FP/P = Footprint/Wetlands Present                             | REG = HMDC/Pinelands Exemption                                    |
| FP/SOW = Footprint/State Open Waters Present Only             | SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater Mgmt.) |
| FP/T = Footprint/Transition Area Present Only                 | SA/GP = Special Activity for Statewide Gen. Permit Activity       |
| NW = ACOE Nationwide Permit Exemptions                        | SA/R = Special Activity for Redevelopment                         |
| O = Other   | SD = Municipal Subdivision Approval                               |
| PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area | SP = Municipal Site Plan Approval                                 |
| PA/P = Presence-Absence/Wetlands Present                      | VERIFIED = Verified Line  |

---

## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy -related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits:** A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Stream Encroachment:** Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402  
Trenton, NJ 08625-0402

---

## DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50, which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50 payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, 160 S. Broad St., 3<sup>rd</sup> Flr., Trenton, NJ 08646-0417. Please use the form below to make any changes in your subscription.

For information on a specific permit, please see the telephone list inside the back cover.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
ADMINISTRATIVE CONSENT ORDER  
FRESHWATER WETLANDS PROTECTION ACT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to execute an Administrative Consent Order to settle enforcement claims as to specific violations of the FRESHWATER WETLANDS PROTECTION ACT, N.J.S.A. 13.9B-1 et seq., and the rules promulgated pursuant thereto, N.J.A.C. 7:7A-1 et seq.

IN THE MATTER OF: Thomas and Wendy Ann Fitzsimmons

SUBJECT PROPERTY: Block 72, Lot 38

Town of Boonton, Morris County

The Department of Environmental Protection has cited the Fitzsimmons for violating the Freshwater Wetlands Protection Act at the subject property by placing fill, in the form of a swimming pool and associated landscaping within an area of freshwater wetland transition area. The Fitzsimmons claim that they were unaware that this area was a transition area and the Department has found no evidence to the contrary. To resolve the violation the Fitzsimmons will purchase credits from an approved mitigation bank for 2,400 square feet, as compensation for the 1,200 square feet of wetland transition area which will not be restored on the property. In the alternative, the Fitzsimmons may create 2,400 square feet of transition area on another site if approved by the Department. The ACO also requires that the Fitzsimmons pay a penalty of \$3,000.

Comments regarding this proposed Administrative Consent Order, or requests for a copy of the proposed Administrative Consent Order, may be sent to:

**PUBLIC NOTICE**

**NJPDES GENERAL PERMITS FOR THE MUNICIPAL STORMWATER REGULATION  
PROGRAM**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department/NJDEP) intends to issue four New Jersey Pollutant Discharge Elimination System (NJPDES) General Permits in accordance with N.J.A.C. 7:14A, and by authority of the Water Pollution Control Act at N.J.S.A. 58:10A-1 et seq. These permits are part of the Municipal Stormwater Regulation Program, which is the primary focus of proposed changes to N.J.A.C. 7:14A that are scheduled to be published in the New Jersey Register dated January 6, 2003. Under this Program, potentially all of New Jersey's 566 municipalities, all 21 counties, the New Jersey Department of Transportation, State highway authorities, and many other State, interstate, and Federal agencies will be required to obtain a NJPDES permit for discharges from "municipal" (that is, government agency) separate storm sewers.

The four general permits are primarily intended to authorize and control new and existing stormwater discharges to surface water and groundwater from "small municipal separate storm sewer systems" ("small MS4s") as defined in these permits and in proposed amendments to N.J.A.C. 7:14A-1.2. These permits also authorize certain non-stormwater discharges (e.g., potable water sources, uncontaminated groundwater, and irrigation water) from small MS4s. The four permits are:

1. The Tier A Municipal Stormwater General Permit (Tier A Permit, NJ0141852), which is primarily for small MS4s operated by municipalities assigned to "Tier A" under proposed N.J.A.C. 7:14A-25.3(a)1 (Tier A Municipalities). Proposed N.J.A.C. 7:14A-25.3(a)3 provides a list of 467 Tier A Municipalities (and 99 "Tier B" Municipalities) for informational purposes only. These 467 Tier A Municipalities are found in every county.
2. The Tier B Municipal Stormwater General Permit (Tier B Permit, NJ0141861), which is primarily for small MS4s operated by municipalities assigned to "Tier B" under proposed N.J.A.C. 7:14A-25.3(a)2 (Tier B Municipalities). The 99 Tier B Municipalities listed in proposed N.J.A.C. 7:14A-25.3(a)3 are found in every county except Essex, Hudson, Middlesex, Passaic, and Union.
3. The Public Complex Stormwater General Permit (Public Complex Permit, NJ0141879), which is primarily for small MS4s operated by counties and State, interstate, and Federal agencies at public facilities (in Tier A Municipalities and some Tier B Municipalities) that contain two or more buildings, and that are either at colleges or universities that Statewide have at least 1,000 employees (usually present at least six hours per day on weekdays) or full-time students, or at other locations (e.g., hospitals, prisons, office complexes, or military bases) and have at least 1,000 employees, military personnel, or residents present at least six hours per day on weekdays (see proposed N.J.A.C. 7:14A-25.2(a)2).

4. The Highway Stormwater General Permit (Highway Permit, NJ0141887), which is primarily for small MS4s operated by counties and State, interstate, and Federal agencies at “highways and other thoroughfares” Statewide, including streets, roads, bridges, tunnels, maintenance facilities, service areas, and rest areas (see proposed N.J.A.C. 7:14A-25.2(a)3).

A draft NJPDES Tier A Permit (NJ0141852), Tier B Permit (NJ0141861), Public Complex Permit (NJ0141879) and Highway Permit (NJ0141887) have been prepared for small MS4s based on the administrative record filed at the NJDEP, 401 East State Street, Trenton, New Jersey 08625. These draft permits and their fact sheets can be viewed or downloaded on the Division of Water Quality website at <http://www.state.nj.us/dep/dwq/municstw.html>. Copies of these draft documents are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday. If you are interested in scheduling an appointment or requesting specific information regarding the draft permits, contact Bruce Friedman of the Bureau of Nonpoint Pollution Control at (609) 633-7021.

Written comments must be submitted in writing by certified mail (return receipt requested), or by other means which provides verification of the date of delivery to the Department, to Barry Chalofsky, P.P., Chief, or Attention: Comments on Public Notice NJ0141852 (Tier A Permit), Public Notice NJ0141861 (Tier B Permit), Public Notice NJ0141879 (Public Complex Permit), or Public Notice NJ0141887 (Highway Permit), Bureau of Nonpoint Pollution Control, P.O. Box 029, Trenton, NJ 08625 by the close of the public comment period, which closes on March 7, 2003. Such comments must identify the particular permit(s) that is the subject of the comments. All persons who believe that any condition of these draft permits is inappropriate or that the Department's decision to issue these draft permits is inappropriate, must raise all reasonable arguments and factual grounds supporting their position, including all supporting materials, during the public comment period.

The Department will respond to all significant and timely comments upon issuance of the final permit decision. Each person who has submitted written comments or requested notice will receive notice of the Department's permit decision.

Notice is further given that, in accordance with N.J.A.C. 7:14A-15.12, non-adversarial public hearings have been scheduled to provide an opportunity for interested persons to present and submit information on the proposed permit actions. These hearings will also be on proposed changes to N.J.A.C. 7:14A scheduled to be published in the New Jersey Register dated January 6, 2003. The dates, times, and locations of these hearings follow:

Date: Thursday, February 13, 2003  
Time: 2:00 P.M. to 4:00 P.M. and 8:00 P.M. to 10:00 P.M.  
Location: Morris County Frelinghuysen Arboretum  
Hagerty Education Center Auditorium  
53 East Hanover Avenue  
Morristown, N.J.

Date: Thursday, February 20, 2003  
Time: 2:00 P.M. to 4:00 P.M. and 8:00 P.M. to 10:00 P.M.  
Location: Collingswood Senior Community Center Ballroom  
30 West Collings Avenue  
Collingswood, N.J.

Date: Tuesday, February 25, 2003  
Time: 12:00 P.M. to 2:00 P.M. and 6:00 P.M. to 8:00 P.M.  
Location: New Jersey Department of Environmental Protection  
Public Hearing Room, First Floor, 401 E. State Street  
Trenton, N.J.

In response to this notice, any person may submit written comments, in the manner described above, on or before those hearing dates, or on or before March 7, 2003. (On February 13, 20, and 25, 2003 at the same locations, but at different times, separate public hearings will be held on proposed Stormwater Management Rules at N.J.A.C. 7:8.)

**NJ DEPARTMENT OF ENVIRONMENTAL PROTECTION  
ENVIRONMENTAL REGULATION  
DIVISION OF WATER QUALITY  
  
NOTICE OF RULE PROPOSAL  
NEW JERSEY POLLUTANT DISCHARGE ELIMINATION SYSTEM, N.J.A.C. 7:14A  
STORMWATER REGULATION  
UNDERGROUND INJECTION CONTROL  
  
PUBLIC NOTICE**

Take notice that the NJ Department of Environmental Protection is proposing new rules, amendments, and recodification. A statement of the substance of the proposal follows:

The proposed new rules, amendments, and recodification in N.J.A.C. 7:14A will revise requirements concerning stormwater discharge permits, address new "Phase II" regulations that the United States Environmental Protection Agency published in the December 8, 1999 Federal Register concerning such permits, and integrate the New Jersey Pollutant Discharge Elimination System (NJPDES) program for "municipal" (that is, government agency) separate storm sewer systems with other aspects of stormwater management. In addition, proposed amendments will address the 1999 changes to the Federal Underground Injection Control (UIC) regulations and revise other UIC requirements relating to the issuance of the permits.

Most of the proposal focuses on the establishment and implementation of the proposed Municipal Stormwater Regulation Program. Under this Program, potentially all of New Jersey's 566 municipalities, all 21 counties, the New Jersey Department of Transportation (NJDOT), State highway authorities, and many other State, interstate, and Federal agencies will be required to obtain a NJPDES permit for their stormwater discharges. The proposal also expands NJPDES permit requirements for stormwater discharges associated with construction activity, excludes from the NJPDES permit requirement stormwater discharges from industrial facilities that have "Permanent No Exposure" of industrial activities or materials to stormwater, extends the deadline by which certain publicly owned or operated industrial facilities must apply for a NJPDES stormwater permit, and eliminates the August 7, 2001 deadline by which other "Phase II" sources must apply for a NJPDES stormwater permit.

The proposal is scheduled to be published in the New Jersey Register dated January 6, 2003. The proposal can be viewed or downloaded on the Division of Water Quality website at <http://www.state.nj.us/dep/dwq/rules.htm#proposals>. A copy of the proposal is also available on paper or on disk by calling the Bureau of Nonpoint Pollution Control at (609) 633-7021 or by writing to PO Box 029, Trenton, NJ 08625-0029.

The schedule of public hearings concerning the proposal and four draft NJPDES general permits for the Municipal Stormwater Regulation Program follows:

Date: Thursday, February 13, 2003  
Time: 2:00 P.M. to 4:00 P.M. and 8:00 P.M. to 10:00 P.M.  
Location: Morris County Frelinghuysen Arboretum  
Hagerty Education Center Auditorium  
53 East Hanover Avenue  
Morristown, N.J.

Date: Thursday, February 20, 2003  
Time: 2:00 P.M. to 4:00 P.M. and 8:00 P.M. to 10:00 P.M.  
Location: Collingswood Senior Community Center Ballroom  
30 West Collings Avenue  
Collingswood, N.J.

Date: Tuesday, February 25, 2003  
Time: 12:00 P.M. to 2:00 P.M. and 6:00 P.M. to 8:00 P.M.  
Location: New Jersey Department of Environmental Protection  
Public Hearing Room, First Floor, 401 E. State Street  
Trenton, N.J.

(On the same dates and at the same locations, but at different times, separate public hearings will be held on proposed Stormwater Management Rules at N.J.A.C. 7:8.)

Written comments may be submitted by March 7, 2003 to:

Janis E. Hoagland, Esq..  
ATTN: DEP Docket No. 33-02-12/192

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
LAND USE MANGEMENT  
DIVISION OF WATERSHED MANAGEMENT**

**NOTICE OF RULE PROPOSAL  
STORMWATER MANAGEMENT RULES, N.J.A.C. 7:8**

**PUBLIC NOTICE**

Take notice that the NJ Department of Environmental Protection is proposing new rules, amendments, and repeal. A statement of the substance of the proposal follows:

The proposed repeal and replacement with new rules of N.J.A.C. 7:8 will update these rules to reflect improved information on control of stormwater, provide consistency among programs that stipulate design and performance standards for runoff controls, and establish criteria for development of regional stormwater management plans. The Stormwater Management Rules govern the development of standards for State, municipal, and regional stormwater management requirements, plans and ordinances, including but not limited to stormwater management plans and ordinances prepared by municipalities pursuant to the Stormwater Management Act, N.J.S.A. 40:55D-93 to 99. Proposed amendments of the stormwater management provisions of the following rules will coordinate with and cross-reference the new Stormwater Management Rules: the Freshwater Wetlands Protection Act Rules at N.J.A.C. 7:7A; the Coastal Zone Management rules at N.J.A.C. 7:7 E; the Flood Hazard Area Control rules at N.J.A.C. 7:13; the Water Quality Management Planning rules at N.J.A.C. 7:15; and the Dam Safety Standards at N.J.A.C. 7:20.

The proposal is scheduled to be published in the New Jersey Register dated January 6, 2003. The proposal can be viewed or downloaded on the Division of Watershed Management website at <http://www.state.nj.us/dep/watershedmgt/rules.htm>. A copy of the proposal is also available on paper or on disk by calling the Division of Watershed Management at (609) 984-0058 or by writing to PO Box 418, Trenton, NJ 08625-0418.

The schedule of public hearings concerning the proposal follows:

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF SOLID AND HAZARDOUS WASTE  
PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection, Division of Solid and Hazardous Waste has tentatively approved an application made by the Pollution Control Financing Authority of Camden County to renew their Solid Waste Facility Permit to operate an existing sanitary landfill in accordance with N.J.A.C. 7:26-1 *et seq.* and by authority of N.J.S.A. 13:1E-1 *et seq.*

The landfill is located at 9600 River Road in Pennsauken Township, Camden County. The landfill is owned and operated by the Pollution Control Financing Authority of Camden County, located at 729 Hylton Road, Pennsauken, New Jersey. This landfill is a state-of-the-art, double composite lined facility. The flow of waste to the landfill is limited due to the operation of the Camden County Resource Recovery Facility. Incinerator ash is not disposed of at the landfill. Some by-pass waste is handled when the incinerator reaches capacity or is down for repairs. The Intermediate Processing Facility (IPF) building was originally used as a solid waste baler facility. Now it serves as a vehicle maintenance area and as a tire chipping area for a research, development and demonstration (RD&D) project.

The permit action prepared by the Department is based on the administrative record that is on file at the offices of the Department, Division of Solid and Hazardous Waste, Office of Permitting and Technical Programs, located at 401 E. State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 9:00 A.M. and 4:00 P.M. Appointment for inspection may be made in writing to the Office of Permitting and Technical Programs, by fax at (609) 633-9839 or by calling (609) 984-5950. Requests should be made to the attention of Ms. Rebecca Croke, file custodian. Copies of the tentative approval and the project fact sheet are also available for review at that office and the office of Pat Gudis, Pennsauken Township Clerk, located at 5605 N. Crescent Blvd., Pennsauken, New Jersey, 08110.

Comments on the tentative approval or a request that the Department hold a non-adversarial public hearing must be submitted in writing to the person specified below during the public comment period which begins on the date of the publication of this notice and closes on December 22, 2002.

All interested persons, including the applicant, who believe any aspect of the tentative approval is inappropriate shall raise all reasonably ascertainable issues and submit all reasonably available arguments and factual grounds supporting their position, including all supporting material, by the close of the public comment period. All supporting materials shall be included in full and may not be incorporated by reference, unless they are already part of the administrative record in the same proceeding, or consist of State or Federal statutes and regulations or other generally available reference materials.

Any interested person who reasonably requires additional time within which to supplement the administrative record should request, in writing, an extension of the public comment period, and the Department will exercise reasonable discretion in setting the closing date for public comment. The Department will publish subsequent notice of any decision to extend the period for public comment. Any notice of an extension of the public comment period will clearly set forth the closing date of such extension.

If any request for a public hearing, in the opinion of the Department, raises significant issues of fact relevant to the proposed agency action during the public comment period, a public hearing will be scheduled regarding the proposed agency action. The Department will publish subsequent notice of a scheduled hearing.

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department's responses will be set forth in a response document which will become part of the administrative record upon which the Department will base its final decision. Any person who has submitted relevant written comments will receive notification of the Department's final decision.

Written comments should be submitted to:

Mr. Thomas Sherman, Assistant Director  
New Jersey Department of Environmental Protection  
Division of Solid and Hazardous Waste  
Office of Permitting and Technical Programs  
401 East State Street, P.O. Box 414  
Trenton, New Jersey 08625-0414

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF RESPONSIBLE PARTY SITE REMEDIATION  
INDUSTRIAL SITE EVALUATION ELEMENT**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation Program, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested in writing to the Bureau of Federal Case Management or by fax at (609) 777-4285. Requests should be made to the attention of the file custodians. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to the appropriate permitting bureau:

Steve Maybury, Chief  
Bureau of Environmental Evaluation, Cleanup and Responsibility Assessment  
P.O. Box 432  
Trenton, NJ 08625

Kevin Kratina, Chief  
Bureau of Underground Storage Tanks  
PO Box 433  
Trenton, NJ 08625

Cessna manufactured electronic aviation equipment. The manufacturing processes included the production of printed circuit boards. Rinse water, solvents and plating wastes from these operations were discharged to a surface impoundment. Discharges from the surface impoundment have contaminated the ground water with chlorinated volatile organics and metals. Contaminated ground water is recovered via two recovery wells. The recovered ground water is filtered and flushed through granular activated charcoal, prior to reinjection on site, upgradient of the surface impoundment, outside of the capture zone of the ground water recovery system. |

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

***Written comments should be submitted to the appropriate permitting bureau:***
