General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

ADMINISTRATIVE CONSENT ORDER
FRESHWATER WETLANDS PROTECTION ACT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to execute an Administrative Consent Order to settle enforcement claims as to specific violations of the FRESHWATER WETLANDS PROTECTION ACT, N.J.S.A. 13.9B-1 et seq., and the rules promulgated pursuant thereto, N.J.A.C. 7:7A-1 et seq.

IN THE MATTER OF: Thomas and Wendy Ann Fitzsimmons

SUBJECT PROPERTY: Block 72, Lot 38

Town of Boonton, Morris County

The Department of Environmental Protection has cited the Fitzsimmons for violating the Freshwater Wetlands Protection Act at the subject property by placing fill, in the form of a swimming pool and associated landscaping within an area of freshwater wetland transition area. The Fitzsimmons claim that they were unaware that this area was a transition area and the Department has found no evidence to the contrary. To resolve the violation the Fitzsimmons will purchase credits from an approved mitigation bank for 2,400 square feet, as compensation for the 1,200 square feet of wetland transition area which will not be restored on the property. In the alternative, the Fitzsimmons may create 2,400 square feet of transition area on another site if approved by the Department. The ACO also requires that the Fitzsimmons pay a penalty of \$3,000.

LAND USE REGULATION PROGRAM**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection ("NJDEP") proposes an extension to the amendment to a Stipulation of Settlement as published in the December 23, 1998 DEP Bulletin. Carkolari Corporation ("Carkolari") entered into a Stipulation of Settlement with NJDEP on December 12, 1996 to settle certain legal claims with NJDEP related to the proposed construction of a residential dwelling, by a contract purchaser, within freshwater wetlands located on the property in the Township of Chatham, Morris County, conditioned on Carkolari's contribution to the Wetlands Mitigation Bank for the filling of 0.2 acres of freshwater wetlands.

Subsequent to the execution of the Stipulation of Settlement, Carkolari and the contract purchaser discontinued their contract and Carkolari entered into discussions with a different purchaser. As a result, Carkolari requested changes to the previous Settlement agreement to reflect the proposed construction of a residential dwelling by the new, potential purchaser. The NJDEP subsequently reissued the amended settlement agreement on May 11, 1999 citing a plan entitled "Proposed Site Plan for One Family Residence, Block 144, Lot 23, Chatham Township, Morris County, New Jersey, Site Dimensional & Grading Plan", consisting of one sheet, dated March 4, 1998, last revised September 10, 1998 and prepared by Van Cleef Engineering Associates based on the conditions of the previous settlement.

Subsequent to the issuance of the amended settlement, Carkolari sold the subject property to Parisi Father & Son LLC ("Parisi"). Parisi has requested changes to the previously amended Settlement agreement that reflect changes to the location and size of a proposed residential dwelling on the property which are illustrated by a new plan entitled;

"Proposed Site Plan for One Family Residence, Block 144, Lot 23, Chatham Township, Morris County, New Jersey, Site Dimensional & Grading Plan", consisting of one sheet, dated September 12, 2001 (no revisions) and prepared by Professional Planning and Engineering Corporation.

The extension of the amended Stipulation of Settlement allows the construction of a residential dwelling on the subject property in the Township of Chatham, Morris County that will disturb significantly less wetlands than the 0.2 of an acre of freshwater wetlands as allowed in the amended or original Stipulation of Settlement, and is conditioned on the Parisi's contribution to the Wetlands Mitigation Bank for the wetland disturbance.

**NOTICE OF PUBLIC HEARINGS
PROPOSED LAND EXCHANGE WITH THE DAISY GARDEN CENTER
HOWELL TOWNSHIP, MONMOUTH COUNTY**

Take Notice that in accordance with *N.J.S.A. 13:1D-51 through -58*, the State of New Jersey, Department of Environmental Protection, Green Acres Program, will hold two **public hearings** to seek comments on a proposed land exchange between the State of New Jersey and the Daisy Garden Center, a commercial nursery establishment located at 219 Squankum Road in Farmingdale (Howell Township), Monmouth County.

In 1989, the Green Acres Program acquired Block 49, Lot 20.02, a 2.8-acre parcel located along Lakewood-Farmingdale Road in Howell Township, Monmouth County. This property was acquired on behalf of the New Jersey Water Supply Authority (NJWSA) for the operation and maintenance of the Manasquan Reservoir. Although Block 49, Lot 20.02 was never legally conveyed by the Department to the NJWSA, it will be at some point in the future. The NJWSA operates and maintains a 66-inch high-pressure reservoir force main pipeline that runs through the property.

In order to resolve ongoing litigation between the State and the owners of the adjacent Daisy Garden Center concerning the use by the nursery of a portion of Block 49, Lot 20.02, the Department and the NJWSA wish to secure State House Commission approval for the conveyance in fee of 1.3 acres of Block 49, Lot 20.02 in exchange for a 1.6-acre portion of Block 49, Lot 20.01 (currently owned by the Daisy Garden Center). The property to be conveyed by the State to the Daisy Garden Center is currently and will continue to be used as part of the commercial nursery operation. The property to be conveyed by the Daisy Garden Center to the State will be managed by the Department and the NJWSA as part of the Manasquan Reservoir.

The owners of the Daisy Garden Center have also requested an approximately 20-foot wide by 227.5-foot long (approximately 4550 s.f.) easement to allow access by pedestrians, horses and sheep to Block 49, Lot 20.01 from Block 49, Lot 21.01. Restrictions on the access easement will protect the integrity of the underground utilities in this location. As a condition of the land exchange, the Daisy Garden Center has also agreed to place a fence along the new property boundary at its own expense to deter future encroachment.

The **first public hearing** on the proposed land exchange will be held on:

Wednesday, March 5, 2003 at 4:00PM at the
Monmouth County Library Headquarters located at
125 Symmes Drive
Manalapan, New Jersey 07726
(732) 431-7220

The hearing record for the first public hearing will close on March 12, 2003. Interested persons may obtain information from Leilani Hershey in the Green Acres Program at the address below and may submit written comments to Ms. Hershey until the close of business on March 12, 2003.

The **second public hearing** will be held on:

Wednesday, March 19, 2003 at 4 PM at the
Department of Environmental Protection
3rd floor large conference room
501 E. State Street
Trenton, New Jersey 08625

The hearing record for the second public hearing will close on March 26, 2003. Interested persons may obtain information from Leilani Hershey in the Green Acres Program at the address below and may submit written comments to Ms. Hershey until the close of business on March 26, 2003.

Persons wishing to make oral presentations at either of the public hearings are asked to bring a written copy of their comments to the hearing for use by the Department. For further information on the proposed land exchange, please contact:

Cessna manufactured electronic aviation equipment. The manufacturing processes included the production of printed circuit boards. Rinse water, solvents and plating wastes from these operations were discharged to a surface impoundment. Discharges from the surface impoundment have contaminated the ground water with chlorinated volatile organics and metals. Contaminated ground water is recovered via two recovery wells. The recovered ground water is filtered and flushed through granular activated charcoal, prior to reinjection on site, upgradient of the surface impoundment, outside of the capture zone of the ground water recovery system.
