The Department of Environmental Protection, Division of Fish and Wildlife wishes to obtain State House Commission approval to convey up to a 42-acre portion of Block 107, Lot 37 in the Town of Hackettstown, Warren County to Centenary College. The conveyance was requested by the college in order to alleviate a dire shortage of athletic facilities for students at the college. If the proposed sale is concluded, Centenary College will construct on the property three multipurpose athletic fields, including lighting, bleachers, a gravel parking area and a small building to house equipment storage, offices and rest room facilities. The property will be conveyed to Centenary College with development restrictions.

The property proposed for sale was acquired by the State in 1914 as part of a larger 167-acre parcel acquired with proceeds of the Hunters and Anglers License Fund. It is currently administered by the Department of Environmental Protection, Division of Fish and Wildlife as part of the Charles O. Hayford State Fish Hatchery. Of the 42 acres that may be conveyed, 25 are currently farmed and the remainder are wooded. If more than 25 acres are sold, the wooded portions of the property will be restricted as buffer areas to the athletic fields. The Department of Environmental Protection has no current plans to expand hatchery operations onto this property.

The compensation for the proposed sale is currently under negotiation. However, Centenary College will pay the State at least the fair market value of the property as determined by two appraisals to be commissioned by the State.

The **first public hearing** on the proposed sale will be held on:

Wednesday, August 20, 2003 at 6:00 PM at the
Town Hall Chambers
