NOTICE INTENT TO SETTLE

Take notice that the Department of Environmental Protection (DEP) is proposing to enter into a settlement agreement as allowed by N.J.A.C. 7:7-5.4, with Erica and Dan Werremeyer. The settlement is to resolve appeal of DEP's August 21, 2003 denial of a Waterfront Development Permit Application #1517-03-0045.1 The original application proposed the construction of 75 linear feet of vinyl bulkhead; 4 foot wide pier that will extend 150 feet out-shore and have two 30 by 4 feet finger piers at the end; remove a personnel watercraft float 12 by 12 feet in size; remove an existing 79 by 4 foot wide dock and legalize the placement of an odd shaped deck that extended up to 14 feet out-shore of the existing bulkhead.

This settlement will allow the construction of the bulkhead, pier and finger piers noted above and will result in the reduction of the width deck down to 8 feet as represented on plans entitled "Map to accompany a Waterfront Development Application, Lots 18&19, Block 13.10, Tax Map Sheet #16, Long Branch Township, Ocean County, New Jersey" prepared by John L. Yoder, dated February 3, 2003 and revised to April 6, 2004.

As specified under N.J.A.C. 7:7-5.4©, interested parties shall have 10 days to comment on the proposed settlement.

These modified plans are acceptable based upon the following: only 3 of the 4 lots are to be developed; of the 4 lots, lots 28 and 28.11 shall be merged to create 1 building lot instead of 2; the resulting three homes and primary septic systems are proposed greater than 75 feet from the wetland line; the proposed reserve septic areas are greater than 75 feet from the wetland line with the exception of a proposed reserve septic area located on Lot 28.09 which is 51 feet; in the event of septic system failure, all reasonable and available efforts are to be made to repair the primary septic systems before utilizing the reserve septic systems; no other disturbances, such as grading, construction, plant removal, etc. are to take place within the reduced 75 foot buffer area; and the remaining undisturbed land is to be placed in a conservation easement that prohibits any further land disturbances without the written approval of the DEP. Further, simultaneous with the stipulation of settlement, the applicant has agreed to withdraw the appeal of the NJDEP Letter of Interpretation-Line Verification for Lots 28.09, 28.10 and 28.11 and agrees to the exceptional resource value classification determined by the NJDEP, and the applicant agrees to withdraw the application for a Transition Area Waiver, Statewide general permit no. 10, and Letter of Interpretation for lot 28.
