Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
PO Box 402
Trenton, NJ 08625-0402

DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50, which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50 payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, 160 S. Broad St., 3rd Flr., Trenton, NJ 08646-0417. Please use the form below to make any changes in your subscription.

For information on a specific permit, please see the telephone list inside the back cover.

PLACE: **Landscape Irrigation Contractors Meeting**
428 E. State Street, Carroll Building, 1st floor, Trenton, NJ

DATE: **December 16, 2004**

TIME: **9:30 a.m.**

PLACE: **Water/Wastewater Board of Examination Meeting**
428 E. State Street, Carroll Building, 1st floor, Trenton, NJ

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE INTENT TO SETTLE**

Take notice that the Department of Environmental Protection (DEP) is proposing to enter into a settlement agreement with George Harms to resolve appeal of DEP's February 15, 2002 denial of a Waterfront Development Permit Application #1308-90-0009.6 The original application proposed the expansion of an existing 2 foot wide catwalk and legalization of an oversized dock in documented shellfish habitat off shore of block-87, lot-5 Borough of Brielle, Monmouth County. Through negotiations with the applicant, an alternative site plan was devised that reduced the amount of water coverage while still providing a viable project that also mitigated for occupation of shellfish habitat.

The work as authorized includes: payment to the shellfish mitigation fund of \$928.69; allows the existing catwalk to be widened to 3 feet; requires the petitioner to replace all existing creosote piles with poles constructed of non-polluting material; construct the catwalk and dock structures of non-polluting material; widen the existing dock to 8-feet in width and reduce the L portion of the existing dock to 8-feet in width.

All work as allowed by the proposed settlement is represented on a plan entitled "Plan to Accompany NJDEP Application, Lot-5, Block-87, Borough of Brielle, Monmouth County, New Jersey." Prepared by Michael B. Intile, dated August 24, 2001 and revised to October 10, 2003.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF PUBLIC COMMENT PERIOD
FOR RENEWAL OF A SOLID WASTE FACILITY PERMIT**

The New Jersey Department of Environmental Protection, Division of Solid and Hazardous Waste, hereby gives notice that it has tentatively approved a Solid Waste Facility Permit renewal with modification application regarding the operation of the existing Bridgewater Resources, Inc. solid waste transfer station/material recovery facility.

The application for a Solid Waste Facility Permit renewal along with a modification request was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility is currently permitted to accept and process solid waste types ID 10 Municipal Waste (household, commercial, and institutional), ID 13 Bulky Waste, ID 13C Construction and Demolition Waste, ID 23 Vegetative Waste, ID 25 Animal and Food Processing Waste, and ID 27 Dry Industrial Waste with an approved capacity of 1400 tons per day. However, the applicant is proposing to construct a 1600 feet long rail track with twin rail spur sidings extended into the tunnel loading area of the facility to facilitate direct loading of waste from the main tipping floor into rail cars and intermodal containers for rail transportation.

The public comment period on the draft permit action begins on the date of the publication of this notice and will close within thirty (30) days of this publication. Any interested person may submit written comments during this period to the Department concerning the draft permit action to:

Thomas Sherman, Assistant Director
New Jersey Department of Environmental Protection
Division of Solid and Hazardous Waste
Office of Permitting & Technical Programs
401 E. State Street, P.O. Box 414

Trenton, New Jersey 08625-0414
(609) 984-5950

Upon written request of any interested party, which raises the issues of fact relevant to the proposed agency action within thirty (30) days of this publication, or by October 22, 2004 a public hearing will be scheduled regarding the proposed agency action.

The application and all other supporting documents, as well as the draft Solid Waste Facility Permit and fact sheet are available for inspection at the above noted office of the Department's Division of Solid and Hazardous Waste, the office of Clerk of Bridgewater Township and the office of Somerset County Clerk.

Anyone who would like to obtain copies of the draft permit and a fact sheet for the facility should notify Ms. Lisa Offredo at the above address or contact her at (609) 984-5950.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF STATE PERMIT APPLICATION PUBLIC COMMENT PERIOD**

TAKE NOTICE that the New Jersey Department of Environmental Protection, Office of Dredging and Sediment Technology has received the following Waterfront Development Permit application submitted under the Waterfront Development Law, N.J.S.A. 12:5-3:

APPLICANT: Neptune Regional Transmission System, LLC
FILE NUMBER: *(to be determined)*
PROJECT NAME: Neptune Regional Transmission System
PROJECT DESCRIPTION:

Neptune Regional Transmission System, LLC (NeptuneRTS or Applicant) proposes to install approximately 25 miles of a submarine electrical transmission line beneath New Jersey's tidal waters. The line will consist of a 600 megawatt high voltage direct current (HVDC) cable, bundled together with a return cable and a fiber optics cable, installed in a trench 10 inches wide to a burial depth of 4 feet below the existing seabed outside navigation channels, 17 feet below the authorized depth within federal navigation channels and 12 feet below the seabed in an area near Sandy Hook. The cables will be installed using a water jetting technology. Cable installation and maintenance will be undertaken in accordance with New Jersey's submerged cable regulations.

The submarine transmission cable will connect two AC to DC conversion facilities, one to be constructed in Sayreville, Middlesex County, New Jersey and the other in North Hempstead, Long Island, New York; the facilities providing for interconnection with existing regional transmission networks. The Sayreville converter station is to be constructed on a parcel, adjacent to the Reliant Energy Generating Station, located at Block 175, Lot 12.02 in the Borough of Sayreville, Middlesex County.

In addition approximately 2,500 feet of alternating current (AC) cable will be installed via trenching within an existing right of way for a natural gas pipeline to connect the Sayreville converter station to a proposed 0.5 acre switchyard to be constructed at the Jersey Central Power and Light (JCP&L) Sayreville substation. Both the right of way and the substations are located at Block 174, Lot 1 in the Borough of Sayreville. The AC cable route will result in temporary disturbance of a tidal wetlands buffer.

Dredging of approximately 95,757 cy is proposed in areas of the cable route that transect federal navigation channels in the Raritan River and Raritan Bay— and in the trench box installation area in the Raritan River

adjacent to the Sayreville property. The material will be removed using a combination of closed clamshell environmental bucket and hopper dredge, placed in dredge scows for transport to an upland beneficial use site in New Jersey.

Comments regarding the Waterfront Development Permit application, or requests for copies of the permit application, may be sent to Suzanne U. Dietrick, Chief, New Jersey Department of Environmental Protection, Office of Dredging and Sediment Technology, P.O. Box 028, Trenton, NJ 08625-028, telephone (609) 292-8838. Comments must be received by the NJDEP within 30 days of this publication.

DATE OF THIS PUBLICATION: September 8, 2004

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
GREEN ACRES PROGRAM
NOTICE OF PUBLIC HEARINGS ON
PROPOSED LAND EXCHANGE WITH THE COUNTY OF MONMOUTH**

Take Notice that in accordance with *N.J.S.A. 13:1D-51* through *-58*, the State of New Jersey, Department of Environmental Protection, Green Acres Program, will hold two **public hearings** to seek comments on a proposed land exchange between the State of New Jersey and the County of Monmouth involving property located in the Township of Freehold, Monmouth County.

The Department of Environmental Protection (“Department”) and the County of Monmouth propose to enter into a land exchange in order to consolidate their respective landholdings and straighten out the ownership boundary between the State-owned 3600-acre Turkey Swamp Wildlife Management Area and Monmouth County’s 1168-acre Turkey Swamp Park in Freehold Township, Monmouth County. As part of this exchange, the Department proposes to convey 307 acres of property to Monmouth County (Block 93, portions of Lots 34, 50.02, 52, 75, 76 and 77 in Freehold Township). The State property, which is managed by the Division of Fish and Wildlife, is undeveloped open space in the vicinity of County Routes 527 and 537 and the boundary with Ocean County. The property to be conveyed to the County of Monmouth will be deed restricted for recreation and conservation purposes, including hunting.

In exchange, the County of Monmouth proposes to convey to the State its partial undivided interest in a 925.2-acre parcel in Freehold Township known as the West Turkey Swamp property. The parcels to be conveyed by Monmouth County are as follows:

Block 102, Lots 19.01-19.04, 32-34, 34.01, 35, 35.02, 36, 37, 41, 42, 76, 82, 84, 86, 92, 93.02, 95, 95.01, 95.04, 95.06, 96, 96.01, 96.02 and 98

Block 110, Lots 7, 10, 11, 13-18, 18.01-18.03, 19, 20-23, 23.01, 25.01, 26, 26.01, and 28

Block 111, Lots 7, 8, 12, 12.02, 14, 16, 25 and 12.01.2 (formerly 12.01)

The County’s land was acquired to protect the headwaters of the Manasquan and Metedeconk Rivers, two potable water sources, as well as for open space preservation, natural resources conservation and public recreation. This exchange is proposed so the County and the State can consolidate their respective property interests, better manage their landholdings and straighten their mutual ownership boundary. There will be no net loss of public open space as a result of the proposed land exchange and no immediate change in use.

The **first public hearing** on the proposed land exchange will be held on:

Wednesday, October 20, 2004 at 7:00 PM

(to 9:00 PM or close of testimony, whichever comes first) at the
Freehold Township Municipal Building located at
1 Municipal Plaza
Freehold, New Jersey 07228
(732) 294-2000

The hearing record for the first public hearing will close on October 27, 2004. Interested persons may obtain information from David R. Smith in the Green Acres Program at the address below and may submit written comments to Mr. Smith until the close of business on October 27, 2004.

The **second public hearing** will be held on:

Wednesday, November 3, 2004 at 4 PM
(to 6:00 PM or close of testimony, whichever comes first) at the
Department of Environmental Protection
3rd floor large conference room located at
501 E. State Street
Trenton, New Jersey 08625

The hearing record for the second public hearing will close on November 10, 2004. Interested persons may obtain information from David R. Smith in the Green Acres Program at the address below and may submit written comments to Mr. Smith until the close of business on November 10, 2004.

Persons wishing to make oral presentation at either of the public hearings are asked to bring a written copy of their comments to the hearing for use by the Department. For further information on the proposed land exchange, please contact:

David R. Smith
Bureau of Legal Services and Stewardship
Green Acres Program
Department of Environmental Protection
P. O. Box 412
Trenton, NJ 08625-0412
(609) 984-0622

DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF AMENDED SETTLEMENT

Notice is hereby given that the New Jersey Department of Environmental Protection ("NJDEP") has amended the November 17, 2003 Mediation and Settlement Agreement in Lieu of a Permit for LURP File #1503-03-0001.1 (CAF 030001 & FWW 030002). The site is known as block 188.02, lots 1.02 & 1.03 in Beach Haven Borough, Ocean County. The amended settlement allows the applicant, Burris & Straus Beach Development, LLC, to reduce the number of new residential properties from 19 to 18. The amended development plan includes extension of the paved portion of 8th Street by 11 feet and slight reconfiguration of certain elements including the westerly access drive, one stormwater management swale, and sidewalks and vegetation in the vicinity of unit 18. This amendment does not increase the area of wetlands to be filled and does not affect the previously approved Declaration of Restrictions that has been recorded in Ocean County Clerk's Office in Deed Book 11939, at page 0140, for the 90-foot wide water dependent use and public access use area. Notice of NJDEP's intent to amend this settlement was published in the August 25, 2004 DEP Bulletin, and the 30-day public comment period ended on September 23, 2004.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF REMEDIATION MANAGEMENT AND
RESPONSIBLE PARTY REMEDIATION ELEMENT**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz
Responsible Party Remediation Element
PO Box 028
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF WATER QUALITY**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

The permittee is required to certify that the tank/vessel/pipe was thoroughly cleaned in accordance with the industry standards prior to testing. Additionally, the permittee is required to submit a clean water assurance certification form that must be received by the DEP at least 14 days prior to discharge.</p>

Hartin Paint NJPDES Permit No. NJ0113492 Storm Water	219 Broad St Carlstadt, NJ Bergen County	Kevin Ball Bureau of Nonpoint Pollution Control (609) 633-7021	Berrys Creek FW2-NT 02030103180	The facility manufactures industrial coatings and lacquers under Standard Industrial Classification (SIC) 2851. A decision was reached to revoke the existing general permit and reissue an individual industrial stormwater permit. The NJDEP intends to renew and modify the existing NJPDES permit NJ0113492.
Aramis Inc NJPDES Permit No. NJ0086797 Ground Water	5 Thornton Road Oakland, NJ Bergen County	Brian Sage Bureau of Nonpoint Pollution Control (609) 633-7021	II- A	This is a renewal permit for Aramis Inc.. The facility consists of a 150,000 square foot building used for office space, product bottling, warehouse and shipping. The building is occupied by 450 employees. The wastewater is treated by a wastewater recycling and treatment system which provides advanced treatment of the wastewater prior to discharge into a subsurface disposal system. The facility is limited to 1900 gallons per day discharge into the subsurface disposal system.
Jensen's Deep Run NJPDES Permit No. NJ0080055 Ground Water	Cream Ridge Plumstead Twp., NJ Ocean County	Greg Chin Bureau of Nonpoint Pollution Control (609) 633-7021	II- A	This renewal permit action is for a residential senior citizen mobile home community. The original permit was for two sanitary wastewater treatment plants, however, since the construction and operation of treatment plant #1, actual flow data based on 114 existing homes units, has demonstrated the volume of wastewater generated at full buildout (248 home units) could be managed by treatment plant #1. The 93 acre property is bisected by a lake and an unnamed tributary of the Lahway Creek. Treatment plant #1 is located on the north side of the lake adjacent to Rte. 537. Treated wastewater discharged from the treatment plant will meet groundwater quality standards for nitrate-nitrogen prior to subsurface disposal. Treatment plant #1 (T01) will have a discharge limitation of 26,050 gpd. This permit is being renewed with the same conditions as the previous permit.
Elementis Specialties NJPDES Permit No. NJ0101656 Ground Water	Hightstown, NJ Mercer County	Mike Pigliacelli Bureau of Nonpoint Pollution Control (609) 633-7021	II- A	This is a renewal permit for Elementis Specialties which is a facility which engages in commercial research. Operations at the facility include business, administrative, laboratory research and development. Industrial wastes generated at the facility, including filter backwash and boiler blowdown, are discharged to an I/P lagoon and sand filter system, while sanitary wastes are discharged to a separate sand filter system. This permit is being renewed with the same conditions as the previous permit.
Charleston Springs Golf Course NJPDES Permit No. NJ0133353 Ground Water	Millstone, NJ Monmouth County	Keith Howell Bureau of Nonpoint Pollution Control (609) 633-7021	II- A	This is a renewal permit action for Charleston Springs Golf Course in Millstone Township Monmouth County. This is a 609 acre public golf course which is comprised of a clubhouse, two halfway comfort stations, two maintenance buildings and a teaching facility. The sanitary sewage generated is directed to six onsite subsurface sewage disposal systems for each above area. This facility has a total design flow of 9,582 gallons per day (GPD).
Laurel Pond Rv & Camping Rsort NJPDES Permit No. NJ0133698 Ground Water	Upper Freehold, NJ Monmouth County	Ron Bannister Bureau of Nonpoint Pollution Control (609) 633-7021	II- A	This is a renewal permit for Laurel Pond RV and Camping Resort which is an existing recreational and camping resort located on 37.72 acres in Freehold Township, Monmouth County. The site, as permitted, is divided into three sections with a total of 264 camp sites plus three (3) toilet/shower buildings, an office, a store and a laundry area. Sanitary waste generated by the facility is managed by three (3) on-site subsurface disposal systems. Flow from the facility is limited to 26, 650 gallons per day.

MCMUA NJPDES Permit No. NJ0050555 Storm Water	East Brunswick, NJ Middlesex County	Raj Shah Bureau of Nonpoint Pollution Control (609) 633-7021	South River SE1 02030104910	GROUND WATER SECTION The applicant is operating an active landfill (Phase II) and accepts municipal waste. The Standard Industrial Classification (SIC) for this facility is 4953. A portion of the Phase II landfill is capped. The Phase I landfill is under the responsibility of Edgeboro Landfill Inc.. It is closed and capped in accordance with the NJ Solid Waste regulations. In regards to the potential discharge of leachate to ground water from the facility, the landfill is designed so that no leachate migrates into the surrounding natural ground or surface waters. An in-ground, soil-bentonite retaining wall surrounds the landfill making vertical or lateral migration of leachate very unlikely. All leachate on the site is collected by a perimeter drain system from within this bowl-like structure. Collected leachate is pumped to the Middlesex County sewage treatment plant for treatment and disposal. In the unlikely event any leachate leaks through the containment structure, ground water in the Passaic formation could be impacted as well as the South River. Stormwater Section: The phase I landfill is closed and there are no stormwater discharge requirements. The phase II (active landfill) has 3 outfalls and discharges into the South River. Non-point source discharges into the Raritan River.
Bayway Refining Co NJPDES Permit No. NJ0105104 Ground Water	1400 Park Avenue Linden, NJ Union County	John Gray Bureau of Nonpoint Pollution Control (609) 633-7021	II-A	This is an expedited permit renewal action for the facility's NJPDES-Discharge to Groundwater individual permit. The facility's operations are regulated through an approved Ground Water Protection Plan (GWPP) and is incorporated by reference in the facility's NJPDES permit. Process water and storm water runoffs from process areas are treated in an onsite wastewater treatment plant (WWTP) prior to discharge. The discharge to groundwater occurs from process wastewater and lined stormwater retention impoundments located on-site.
Caldwell Wastewater Treatment Plant NJPDES Permit No. NJ0020427 DSW Major	End Of Pine Tree Pl West Caldwell, NJ 07006 Essex County	Dave Thomas Bureau of Point Source Permitting Region 1 (609) 633-3869	Passaic River via unnamed tributary FW2-NT HUC 11 watershed name: Passaic River Upper (above Pine Bk br)	This application is for a renewal of a NJPDES permit to discharge an average of approximately 3.81MGD of treated domestic wastewater. The facility has a design flow of 4.5 MGD.
OHMSETT Facility Building R24 NJPDES Permit No. NJ0005762 DSW Minor	NWS Earle Water Front RT 36 Middletown Twp, NJ 07737 Monmouth County	Dave Thomas Bureau of Point Source Permitting Region 1 (609) 633-3869	Sandy Hook Bay SE1 HUC 11 watershed name: Raritan & Sandy Hook Bays	This application is for a renewal, of a NJPDES permit to discharge an average of 2.6 MGD of treated industrial wastewater up to twice a year..

Marlboro Psychiatric Hosp STP NJPDES Permit No. NJ0022586 DSW Major	Rte 520 Marlboro, NJ 07746 Monmouth County	Margaret Elsishans Bureau of Point Source Permitting Region 1 (609) 633-3869	Big Brook FW2-NT 02030104070030	This application is for the renewal of a NJPDES permit to discharge 1 MGD design flow of treated domestic wastewater.
