**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF STATE PERMIT APPLICATION PUBLIC COMMENT PERIOD**

TAKE NOTICE that the New Jersey Department of Environmental Protection, Office of Dredging and Sediment Technology has received the following Waterfront Development Permit application submitted under the Waterfront Development Law, N.J.S.A. 12:5-3:

APPLICANT: Neptune Regional Transmission System, LLC
FILE NUMBER: *(to be determined)*
PROJECT NAME: Neptune Regional Transmission System
PROJECT DESCRIPTION:

Neptune Regional Transmission System, LLC (NeptuneRTS or Applicant) proposes to install approximately 25 miles of a submarine electrical transmission line beneath New Jersey's tidal waters. The line will consist of a 600 megawatt high voltage direct current (HVDC) cable, bundled together with a return cable and a fiber optics cable, installed in a trench 10 inches wide to a burial depth of 4 feet below the existing seabed outside navigation channels, 17 feet below the authorized depth within federal navigation channels and 12 feet below the seabed in an area near Sandy Hook. The cables will be installed using a water jetting technology. Cable installation and maintenance will be undertaken in accordance with New Jersey's submerged cable regulations.

The submarine transmission cable will connect two AC to DC conversion facilities, one to be constructed in Sayreville, Middlesex County, New Jersey and the other in North Hempstead, Long Island, New York; the facilities providing for interconnection with existing regional transmission networks. The Sayreville converter station is to be constructed on a parcel, adjacent to the Reliant Energy Generating Station, located at Block 175, Lot 12.02 in the Borough of Sayreville, Middlesex County.

In addition approximately 2,500 feet of alternating current (AC) cable will be installed via trenching within an existing right of way for a natural gas pipeline to connect the Sayreville converter station to a proposed 0.5 acre switchyard to be constructed at the Jersey Central Power and Light (JCP&L) Sayreville substation. Both the right of way and the substations are located at Block 174, Lot 1 in the Borough of Sayreville. The AC cable route will result in temporary disturbance of a tidal wetlands buffer.

Dredging of approximately 95,757 cy is proposed in areas of the cable route that transect federal navigation channels in the Raritan River and Raritan Bay—and in the trench box installation area in the Raritan River adjacent to the Sayreville property. The material will be removed using a combination of closed clamshell environmental bucket and hopper dredge, placed in dredge scows for transport to an upland beneficial use site in New Jersey.

Comments regarding the Waterfront Development Permit application, or requests for copies of the permit application, may be sent to Suzanne U. Dietrick, Chief, New Jersey Department of Environmental Protection, Office of Dredging and Sediment Technology, P.O. Box 028, Trenton, NJ 08625-028, telephone (609) 292-8838. Comments must be received by the NJDEP within 30 days of this publication.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
GREEN ACRES PROGRAM
NOTICE OF PUBLIC HEARINGS ON
PROPOSED LAND EXCHANGE WITH THE COUNTY OF MONMOUTH**

Take Notice that in accordance with *N.J.S.A.13:1D-51 through –58*, the State of New Jersey, Department of Environmental Protection, Green Acres Program, will hold two **public hearings** to seek comments on a proposed land exchange between the State of New Jersey and the County of Monmouth involving property located in the Township of Freehold, Monmouth County.

The Department of Environmental Protection (“Department”) and the County of Monmouth propose to enter into a land exchange in order to consolidate their respective landholdings and straighten out the ownership boundary between the State-owned 3600-acre Turkey Swamp Wildlife Management Area and Monmouth County’s 1168-acre Turkey Swamp Park in Freehold Township, Monmouth County. As part of this exchange, the Department proposes to convey 307 acres of property to Monmouth County (Block 93, portions of Lots 34, 50.02, 52, 75, 76 and 77 in Freehold Township). The State property, which is managed by the Division of Fish and Wildlife, is undeveloped open space in the vicinity of County Routes 527 and 537 and the boundary with Ocean County. The property to be conveyed to the County of Monmouth will be deed restricted for recreation and conservation purposes, including hunting.

In exchange, the County of Monmouth proposes to convey to the State its partial undivided interest in a 925.2-acre parcel in Freehold Township known as the West Turkey Swamp property. The parcels to be conveyed by Monmouth County are as follows:

Block 102, Lots 19.01-19.04, 32-34, 34.01, 35, 35.02, 36, 37, 41, 42, 76, 82, 84, 86, 92, 93.02, 95, 95.01, 95.04, 95.06, 96, 96.01, 96.02 and 98

Block 110, Lots 7, 10, 11, 13-18, 18.01-18.03, 19, 20-23, 23.01, 25.01, 26, 26.01, and 28

Block 111, Lots 7, 8, 12, 12.02, 14, 16, 25 and 12.01.2 (formerly 12.01)

The County’s land was acquired to protect the headwaters of the Manasquan and Metedeconk Rivers, two potable water sources, as well as for open space preservation, natural resources conservation and public recreation. This exchange is proposed so the County and the State can consolidate their respective property interests, better manage their landholdings and straighten their mutual ownership boundary. There will be no net loss of public open space as a result of the proposed land exchange and no immediate change in use.

The **first public hearing** on the proposed land exchange will be held on:

Wednesday, October 20, 2004 at 7:00 PM
(to 9:00 PM or close of testimony, whichever comes first) at the
Freehold Township Municipal Building located at
1 Municipal Plaza
Freehold, New Jersey 07228
(732) 294-2000

The hearing record for the first public hearing will close on October 27, 2004. Interested persons may obtain information from David R. Smith in the Green Acres Program at the address below and may submit written comments to Mr. Smith until the close of business on October 27, 2004.

The **second public hearing** will be held on:

Wednesday, November 3, 2004 at 4 PM
(to 6:00 PM or close of testimony, whichever comes first) at the
