## General Application Milestone Codes

---

|                        |                                      |                                     |
|------------------------|--------------------------------------|-------------------------------------|
| Application Approved   | F = Complete for Filing              | M = Permit Modification             |
| Application Denied     | H = Public Hearing Date              | P = Permit Decision Date            |
| Application Withdrawal | I = Additional Information Requested | R = Complete for Review             |
| C = Cancelled          | L = Legal Appeal of Permit Decision  | T = Additional Information Received |

## Specific Decision Application Codes

---

|                                                               |                                                                   |
|---------------------------------------------------------------|-------------------------------------------------------------------|
| AVE PLAN = Averaging Plan                                     | PA/SOW = Presence/Absence/State Open Waters Only                  |
| FP/A = Footprint/Absence of Wet., Waters & Transition Area    | PA/T = Presence/Absence/Transition Area Only                      |
| F/F = Farming/Forestry/Silviculture Exemption                 | R = Reductions                                                    |
| FP/P = Footprint/Wetlands Present                             | REG = HMDC/Pinelands Exemption                                    |
| FP/SOW = Footprint/State Open Waters Present Only             | SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater Mgmt.) |
| FP/T = Footprint/Transition Area Present Only                 | SA/GP = Special Activity for Statewide Gen. Permit Activity       |
| NW = ACOE Nationwide Permit Exemptions                        | SA/R = Special Activity for Redevelopment                         |
| O = Other                                                     | SD = Municipal Subdivision Approval                               |
| PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area | SP = Municipal Site Plan Approval                                 |
| PA/P = Presence-Absence/Wetlands Present                      | VERIFIED = Verified Line                                          |

---

## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits:** A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Stream Encroachment:** Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402  
Trenton, NJ 08625-0402

---

## DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50, which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50 payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, 160 S. Broad St., 3<sup>rd</sup> Flr., Trenton, NJ 08646-0417. Please use the form below to make any changes in your subscription.

For information on a specific permit, please see the telephone list inside the back cover.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**EVENTS OF PUBLIC INTEREST**

**DATE:** August 4, 2005

**TIME:** 10:00 a.m.

**PLACE:** Water/Wastewater Advisory Board Meeting  
428 E. State Street, Carroll Building, 1<sup>st</sup> floor, Trenton, NJ

**DATE:** August 18, 2005

**TIME:** 10:00 a.m.

**PLACE:** Water/Wastewater Operator Examining Board Mtg.  
428 E. State Street, Carroll Building, 1<sup>st</sup> floor, Trenton, NJ

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**NOTICE OF INTENT TO SETTLE**  
**FRESHWATER WETLANDS VIOLATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION will be entering into an ADMINISTRATIVE CONSENT ORDER (ACO) that would resolve violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et. seq. The ACO requires restoration of approximately 1.03 acre of wetlands and approximately 1.29 acre of wetland transition area, where regulated activities were conducted without permits. The ACO also requires the payment of a monetary penalty.

IN THE MATTER OF:           The Estate of Louis L. Blumenfeld; The Estate of Samuel G. Blumenfeld;  
Blumenfeld Associates; and Bruce Blumenfeld, Judith Schatzberg, Carole  
A. Galer, Arnold Blumenfeld, Individually, and Ilija Sekulovski,

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**DIVISION OF WATER QUALITY**  
**AND**  
**NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE TRUST**

**Notice of Rule Proposal**  
**Financial Assistance Programs for Environmental Infrastructure Facilities, N.J.A.C. 7:22**  
**Public Notice**

Take notice that the NJ Department of Environmental Protection (Department) and the NJ Environmental Infrastructure Trust (Trust) are proposing to readopt N.J.A.C. 7:22 with amendments. The Financial Assistance Programs for Environmental Infrastructure Facilities rules were set to expire on June 12, 2005. However, since the Department and the Trust filed the proposed readoption before June 12, 2005, the expiration date was statutorily extended by 180 days, until December 9, 2005. See N.J.S.A. 52:14B-5.1c. The Financing Program has provided more than \$2.6 billion worth of financial assistance since its inception in 1988. The projects financed in the past are administered under these rules and it is important to the Department and the Trust that these rules do not expire.

Amendments are also being proposed to (1) remove certain outdated federally-derived requirements that are no longer applicable (such as the evaluation of open space, revenue producing, and energy recovery opportunities during project planning, the development and implementation of a user charge system, the adoption of a sewer use ordinance and federal wage rate requirements), (2) clarify procedures related to open space land acquisition projects, (3) expand the existing provisions to facilitate the financing of

emergency projects, (4) update and simplify the method used to determine allowable costs related to planning and design activities and (5) clearly state that security measures at water and wastewater facilities are allowable project costs.

In addition, the environmental review process has been made simpler and faster for projects which, by their nature, have virtually no potential to affect either the natural environment or cultural resources. Such projects include equipment purchases, televising and grouting of sanitary sewers, "in-kind" sanitary sewer replacement and water meter replacement.

The proposal is scheduled to be published in the New Jersey Register dated July 18, 2005. A copy of the proposal is available from: Scott Shymon, Rule Manager at 609-292-3859, the DEP web site at <http://www.state.nj.us/dep> and Westlaw Publishing at 1-800-808-WEST.

A public hearing concerning the proposed readoption with amendments is scheduled as follows:

August 31, 2005 at 10:00 A.M.  
NJ Environmental Infrastructure Trust Offices  
3131 Princeton Pike, Building 6, Suite 201  
Lawrenceville, New Jersey

Written comments may be submitted by September 16, 2005 to:

Oneida Cuevas, Esq.  
Attn: DEP Docket Number: 20-05-06/484  
Office of Legal Affairs  
**Department of Environmental Protection**  
P.O. Box 402  
Trenton, New Jersey 08625-0402

---

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**NOTICE OF INTENT TO SETTLE**

**FRESHWATER WETLANDS VIOLATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION will be entering into an ADMINISTRATIVE CONSENT ORDER (ACO) that would resolve violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et. seq. The ACO requires mitigation for approximately 0.086 acre of wetlands by creation of 0.258 acre of wetlands. The ACO also requires the payment of a monetary penalty.

IN THE MATTER OF:      Pernwil Associates / Rachel Gardens  
Enforcement File #1421-01-1002.1  
Chapin Road  
Block 184, Lot 4  
Montville Township, Morris County

Comments regarding this ACO, or requests for a copy of the ACO, should be sent to: Bureau of Coastal and Land Use Compliance and Enforcement, 401 East State Street, P.O. Box 422, Trenton, NJ 08625, or by telephone at (609) 292-1240. Comments must be received by NJDEP within thirty (30) days of this publication, or by August 19, 2005.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**NOTICE FINAL INTENT TO SETTLE**  
**FRESHWATER WETLANDS PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would authorize the disturbance of 0.04 of an acre of isolated freshwater wetlands for the construction of a single family home in connection with the development of 4 residential lots. The proposed project is shown on the plan, prepared by Schommer Engineering, Inc., entitled "101 Ballantine Road Block 6 – Lot 11 Borough of Bernardsville, Somerset County, New Jersey Wetlands Permit Plan Statewide General Permit No. 10A & Transition Area Buffer Averaging", dated September 28, 2001, last revised May 4, 2005. This modified plan is acceptable based upon the classification of the affected wetlands as isolated and of intermediate resource value. In addition, the Lancor Development, Inc. has agreed to deed restrict 11,500 square feet (0.26 acres) of wetland transition area as mitigation for this additional impact. Further, Lancor Development, Inc. has agreed to withdraw the appeal of the Department's June 2, 2004 notice of intent to terminate the Transition Area Waiver Averaging Plan and Statewide General Permit No. 10 referenced below and which were issued on April 2, 2002.

IN THE MATTER OF:      Lancor Development, Inc.

**NOTICE OF A PUBLIC HEARING**

**FOR THE PROPOSED ADDENDA TO THE FFY2005 PRIORITY SYSTEM, INTENDED USE  
PLAN AND PROJECT PRIORITY LIST AND THE PROPOSED FFY2006 PRIORITY  
SYSTEM DOCUMENT FOR CLEAN WATER FINANCING**

July 15, 2005

Dear Interested Party:

The New Jersey Department of Environmental Protection (Department) has determined that certain amendments are needed to the FFY2005 Priority System, Intended Use Plan and Project Priority List document. The FFY2005 Priority System document was initially made available for public comment in May 2004, with an additional public comment period in January 2005 associated with the mid-year Priority List update process first introduced in the FFY2005 document. The final FFY2005 Priority System document was sent to the United States Environmental Protection Agency (USEPA) on March 15, 2005 for their review and approval.

Subsequent to the submittal of the FFY2005 Priority System document to USEPA and based on the large number of applications received for the FFY2005 Financing Program, the Department has determined that certain funding limits need to be imposed so that the Clean Water State Revolving Fund (CWSRF) monies currently available are not depleted too rapidly. The Department is proposing to limit the amount of the Department's loan share available for "Conduit Financing" solid waste/brownfields remediation projects to \$40 million in the FFY2005 Priority System and limit the amount of the Department's loan share for any single project to \$15 million. However, the Department's share of the loan may exceed the \$15 million per project limit if the total amount of loans requested in a given fiscal year for such conduit financings is less than \$40 million. This limitation only applies to new projects in the FFY2005 Financing Program and does not apply to such projects certified in FFY2004. Additional details on this subject are included in the Proposed Addenda to the FFY2005 Priority System document.

The Proposed Addenda to the FFY2005 Priority System document also includes information on a new initiative being undertaken by USEPA in an effort to demonstrate and track the CWSRF program's positive contribution to environmental quality. USEPA has developed a small set of core measures to show how the CWSRF impacts compliance, water quality and designated uses and a one-page form that captures the reach of the CWSRF in terms of subsidy, population affected and volume of wastewater treated. Beginning with the SFY2006 Financing Program, the Department and the project sponsors will complete the "Core Measures Project Worksheet" and the Department will submit this information to USEPA. A sample of the worksheet is included in the Appendix of this document.

In addition, the Department has developed the Proposed Federal Fiscal Year 2006 Priority System document for administration of the Clean Water State Revolving Fund (CWSRF) program. Projects eligible for assistance under the clean water program include wastewater, combined sewer and stormwater management facilities as well as nonpoint source pollution management projects (including open space land acquisition and conservation, landfill closure and construction, remedial action activities and well sealing).

**A hearing on the Proposed Addenda to the FFY2005 Priority System Document and the Proposed  
FFY2006 Priority System document will be held at the Department of Environmental Protection, 401 East**

**State Street, Trenton, New Jersey, in the 4th floor large conference room on Wednesday, August 3, 2005. The hearing will commence at 10:00 a.m. and conclude at the end of testimony.** Presentations may be made orally or in writing; if written testimony is prepared, please limit any oral presentation to a summary of the text. The period for submitting written comments on the proposal will close August 15, 2005 (all comments must be postmarked by that date). All comments submitted in accordance with the deadline will be considered in the preparation of the final FFY2005 and FFY2006 Priority System documents.

The FFY2006 Priority System ranking methodology and the majority of the funding policies are consistent with those adopted under the FFY2005 Priority System document and includes the policies proposed to be added to the FFY2005 Priority System document and described above. In addition, the FFY2006 Priority System will continue the important changes made to the FFY2005 Priority System identified below:

- i. The Smart Growth Financing Package (i.e., the “75/25” funding), whereby qualifying projects receive financing at one-quarter the market rate (rather than the traditional program’s half-market rate loans), has been expanded to include three additional project categories: (a) wastewater and/or stormwater infrastructure projects to serve increased populations in Transit Villages designated as such by the inter-agency Transit Village Task Force, (b) brownfields remediation projects located in Department-designated Brownfields Development Areas (BDAs) and (c) projects that involve the repair and/or replacement of individual septic systems through a Septic Management District. In addition, the Department awards 10 additional priority points to projects in BDAs and Transit Villages so that these projects will rank higher than similar projects that are not located in these smart growth areas.
- ii. The proposal includes the second chance option to accommodate project sponsors that miss the initial application deadline (October) for the funding cycle. Such projects are then given a second opportunity to participate in the current funding cycle. Sponsors are strongly encouraged to submit the required documentation by the October deadline if at all possible. Projects that meet the October deadline will be given higher priority for eligibility for long-term funding than second chance projects, and will have a better opportunity to participate in the Trust’s interim financing program in the current funding cycle. In order to be considered for the second chance option, sponsors of second chance projects must submit, on or before the second chance deadline (March 6, 2006), complete planning and design documents, a loan application and proof that all applicable Department permits/approvals have been applied for.

The Department is also proposing additional provisions aimed at preserving the funding eligibility of construction costs that are incurred to undertake emergency repairs of existing infrastructure. These provisions will enable the Financing Program to provide preaward approval, and in some cases Trust interim financing for wastewater and stormwater infrastructure that is in need of immediate repair due to the unforeseen failure of the collection, conveyance and/or treatment components of the system. Such emergency projects would not need to be listed individually on an approved Priority List for the Trust to use CWSRF monies for its interim financing program. Sponsors are encouraged to contact the Municipal Finance and Construction Element in the Division of Water Quality as soon as practical in the event of such emergency situations for guidance regarding applicable requirements to insure funding eligibility of the project.

The FFY2006 Proposal also establishes a process through which the Department will be updating the FFY2006 Priority List later this calendar year. The List put forth later this year will include projects meeting the October commitment letter/planning document submittal deadline. Thus, a comprehensive list of projects pursuing financing under the traditional schedule will be available. In addition, those projects that commit to the traditional schedule will be able to receive interim financing from the Trust as early as January.

The Department is no longer distributing hard copies of the Priority System document for public review. The new format for routine distribution of the Priority System documents is via compact discs (CDs). The Priority System documents will also be posted on the Department’s web site at <http://www.nj.gov/dep/dwq/cwpl.htm>. In addition to the complete Priority System, Intended Use Plan and Project Priority List, the Priority System CDs include a project description and project ranking worksheet for each listed project (historically available only at

Department's offices and in the Library Information Centers). Copies of the CD will continue to be available for review at any of the Library Information Centers (see the list in the Priority System document for these locations).

In addition, please note that the Department and the Trust are proposing to readopt N.J.A.C. 7:22 with amendments. The Financial Assistance Programs for Environmental Infrastructure Facilities rules were set to expire on June 12, 2005. However, since the Department and the Trust filed the proposed readoption before June 12, 2005, the expiration date was statutorily extended by 180 days, until December 9, 2005. Amendments to the rules are also being proposed to (1) remove certain outdated federally-derived requirements that are no longer applicable (such as the evaluation of open space, revenue producing, and energy recovery opportunities during project planning, the development and implementation of a user charge system, the adoption of a sewer use ordinance and federal wage rate requirements), (2) clarify procedures related to open space land acquisition projects, (3) expand the existing provisions to facilitate the financing of emergency projects, (4) update and simplify the method used to determine allowable costs related to planning and design activities and (5) clearly state that security measures at water and wastewater facilities are allowable project costs. The environmental review process has been made simpler and faster for projects which, by their nature, have virtually no potential to affect either the natural environment or cultural resources. Such projects include equipment purchases, televising and grouting of sanitary sewers, "in-kind" sanitary sewer replacement and water meter replacement.

The proposal is scheduled to be published in the New Jersey Register dated July 18, 2005. A copy of the proposal is available from: Scott Shymon, Supervisor, Program Development and Land Acquisition Unit at 609-292-3859, the DEP web site at <http://www.state.nj.us/dep> and Westlaw Publishing at 1-800-808-WEST. A public hearing concerning the proposed readoption with amendments is scheduled for Wednesday, August 31, 2005 at 10:00 A.M. at the NJ Environmental Infrastructure Trust Offices located at 3131 Princeton Pike, Building 6, Suite 201 in Lawrenceville, New Jersey.

For project-specific questions or to request a pre-planning meeting, please contact Gautam Patel, Chief, Bureau of Financing and Construction Permits at **(609) 984-6840**. For open space land acquisition projects, please contact Scott Shymon, Supervisor, Program Development and Land Acquisition Unit at **(609) 292-3859**.

For questions regarding this notice or to request a copy of the Priority System proposal either electronically, on CD or a printed version, please contact Scott Shymon, Bureau of Program Development and Technical Services, at (609) 292-3859.

Thank you, in advance, for your input on this proposal document.

Narinder K. Ahuja, P.E., P.P., Director  
Division of Water Quality

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**NOTICE OF PUBLIC COMMENT PERIOD**  
**FOR A SOLID WASTE LANDFILL OPERATING PERMIT**

The New Jersey Department of Environmental Protection, Division of Solid and Hazardous Waste, hereby gives notice that it has tentatively approved a Solid Waste Facility Permit application regarding the operation of the proposed SW Landfill Operating Permit for the Erie Landfill in North Arlington, Bergen County.

The application for a Solid Waste Facility Permit Initial Permit was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility is proposing to accept waste types 13, Bulky waste;

13C, Construction and demolition waste; 23, Vegetative waste except for leaves; and, 27, Dry industrial waste. The facility will have an approved average capacity of 1,000 tons of waste per day.

The public comment period on the draft permit action begins on the date of the publication of this notice and will extend to August 22, 2005. Any interested person may submit written comments during this period to the Department concerning the draft permit action to:

Frank Coolick, Assistant Director  
New Jersey Department of Environmental Protection  
Division of Solid and Hazardous Waste  
401 E. State Street, P.O. Box 414  
Trenton, New Jersey 08625-0414  
(609) 984-5950

The application and all other supporting documents, as well as the draft Solid Waste Facility Permit and fact sheet are available for inspection at the above noted office of the Department's Division of Solid and Hazardous Waste, the office of the North Arlington Clerk and the office the Bergen Clerk.

Anyone who would like to obtain copies of the draft permit and a fact sheet for the facility should notify Ms. Lisa Offredo at the above address or contact her at (609) 984-5950.

---

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO SETTLE  
COASTAL AREA FACILITIES REVIEW ACT  
(CAFRA) INDIVIDUAL PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to enter into a Settlement Agreement that would authorize the construction of three (3) single family homes under the Rules on Coastal Zone Management (N.J.A.C.7: 7E-1.1 **et seq.**) and the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 **et seq.**, as amended to February 3, 2003). The proposed project consists of the construction of three (3) single family homes. In addition, the property shall be deed restricted to prevent future development waterward of oceanfront homes, and the property owner will provide for public access improvements within the Borough of Manasquan, as set forth in the settlement agreement. The project site is designated Block 185, Lots 4, 5 and 6, Borough of Manasquan, Monmouth County. The applicant is Harvey Clapp.

IN THE MATTER OF:

Harvey Clapp  
File No.: 1327-04-0011.1 (CAF040001)  
Block: 185, Lot: 4, 5 & 6  
Borough of Manasquan, Monmouth County

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Shorefront Region Section Chief, Land Use Regulation Program, NJ DEP, P.O. Box 439, Trenton, NJ 08625, or the office may be reached by telephone: (609) 292-8262. Comments must be received by NJ DEP within 15 days of this publication, or by 15 June 2005.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**NOTICE OF INTENT TO SETTLE**

**WATERFRONT DEVELOPMENT PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to enter into a Settlement Agreement that would legalize an existing 261-foot solid vinyl groin that was previously authorized as a breakwater and three (3) solid jet-ski floats and remove the decking and cross-braces from the existing 16-foot by 55-foot half-arc shaped deck, in accordance with the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 **et seq.**, as amended to February 3, 2003). As part of the Agreement, the applicant will install signage indicating the availability of public access for fishing on the south side of the marina. The project site is designated Block 30, Lots 47 & 47.01, on the Shrewsbury River, Sea Bright Borough, Monmouth County. The applicant is Ronald V. Greeley/Marina Quay.

IN THE MATTER OF:

Ronald V. Greeley/Marina Quay  
File No.: 1343-01-1001.2 (WFD 040001)  
Block: 30, Lots: 47 & 47.01  
Sea Bright Borough, Monmouth County

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Shorefront Region Section Chief, Land Use Regulation Program, NJ DEP, P.O. Box 439, Trenton, NJ 08625, or the office may be reached by telephone: (609) 292-8262. Comments must be received by NJ DEP within 15 days of this publication, or by 15 August 2005.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**NOTICE OF SETTLEMENT**

**WATERFRONT DEVELOPMENT PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has entered into a Settlement Agreement that authorizes the removal of existing dock structures and mooring piles, and the construction of a 50' by 4' fixed pier (perpendicular to the bulkhead), with a 25' x 6' end section (parallel to the bulkhead), with two (2) 25' x 4' finger piers extending perpendicular off the end section, with a  $\pm$  26' x 11' boat lift and a  $\pm$  26' x 16' boat lift, and associated mooring piling for two (2) boat slips, under the Rules on Coastal Zone Management (N.J.A.C.7: 7E-1.1 **et seq.**) and the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 **et seq.**). The proposed project site is located along Steelman's Bay, in the City of Brigantine, Atlantic County. The applicant is John and Linda Murray.

Comments regarding this settlement may be forwarded within 15 days of this notice to: Atlantic Region Section Chief, Land Use Regulation Program, NJDEP, PO Box 439, Trenton, NJ 08625.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**Notice of Public Comment Period for Request for Federal Consistency Determination**

The requests for a Federal Consistency Determination for the projects listed below are reviewed under the Rules on Coastal Zone Management, N.J.A.C. 7:7E.

Attn: (Name of project manager listed above)

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF REMEDIATION MANAGEMENT AND  
RESPONSIBLE PARTY REMEDIATION ELEMENT**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz  
Responsible Party Remediation Element  
PO Box 028  
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

***Written comments should be submitted to the appropriate permitting bureau:***

| Amerada Hess<br>Newark Terminal<br><br>NJPDES Permit No.<br>NJ0076058<br><br>Storm Water                      | 1111 Delancy St. Newark, NJ<br>07105<br>Newark, NJ<br><br>Essex County                  | Eline Megalla<br><br>Bureau of Nonpoint<br>Pollution Control<br><br>(609) 633-7021                                     | Newark Bay<br><br>SE3<br><br>02030103120                                                                                                             | This is a draft renewal permit action for Amerada Hess Corp. The applicant is involved with the petroleum products storage and distribution under the Standard Industrial Classification (SIC) 5171. The existing permit regulates stormwater discharges through outfalls DSN001A, DSN002A, DSN003A, and DSN004A to Newark Bay, classified as SE3 (C2). There is a covered loading rack and ten (10) above ground storage tanks (ASTs) containing petroleum products including gasoline, diesel fuel, heating oil and kerosene. Stormwater that contacts the loading rack and collects around the loading rack pump manifold drains to an oil/water separator, then the effluent from the separator discharges to the Newark Bay via outfall DSN001A. Stormwater collected within the secondary containment areas are discharge to the Newark Bay via outfalls DSN002A, DSN003A and DSN004A.                             |
| Nj Transit - Raritan<br>Rail Yard<br><br>NJPDES Permit No.<br>NJ0023914<br><br>Storm Water                    | 24 Johnson Drive - Raritan<br>Rail Yard, NJ<br><br>Somerset County                      | Eric Sussman<br><br>Bureau of Nonpoint<br>Pollution Control<br><br>(609) 633-7021                                      | Lawrence Brook via Gaston<br>Brook<br><br>FW2-NT<br><br>02030105130                                                                                  | This action is for the renewal of NJ Transit's NJPDES/DSW Stormwater Permit NJ0023914. The applicant operates a rail yard for servicing and fueling locomotives. Wastewater generated from the servicing of locomotives in the covered engine terminal is first treated through a filtration system and then discharged to a 750, 000 gallon retention basin. Wastewater for the retentation basin passes through an oil/water separator, then to a sample point at the secondary tank of the separator. The effluent is then discharged to a ditch that runs along the property line and then discharges to Gaston Brook a tributary of Lawrence Brook. The Standard Industrial Classification (SIC) code for this facility is 4011.                                                                                                                                                                                    |
| Co-Steel Sayreville<br><br>NJPDES Permit No.<br>NJ0107956<br><br>Storm Water                                  | Sayreville Boro, NJ<br><br>Middlesex County                                             | Eric Sussman<br><br>Bureau of Nonpoint<br>Pollution Control<br><br>(609) 633-7021                                      | Arrarat Creek<br><br>02030105160                                                                                                                     | The applicant has applied for a New Jersey Pollutant Discharge Elimination System (NJPDES) Renewal Permit to the New Jersey Department of Environmental Protection (NJDEP), Bureau Nonpoint Pollution Control. The applicant is involved with primary steel manufacturing operations conducted in melt shop rolling mill and an onsite scrap metal area under the Standard Industrial Classification (SIC) 3312. The existing permit regulates stormwater discharges to the Arrarat Creek (aka Burts Creek) a tributary of the Raritan River, classified as FW2-NT/SE1(C2). After discussions with representatives of Gerdau Ameristeel Sayerville, Inc. a decision was reached to renew. The permit renewal requires the facility to develop and implement a Stormwater Pollution Prevention Plan (SPPP) to control the quality of its stormwater discharges, which is consistent with the General Permit requirements. |

| Wawa Food Market #909<br><br>NJPDES Permit No. NJ0140767<br><br>Ground Water     | Millstone Twp., NJ<br><br>Monmouth County                    | Mike Pigliacelli<br><br>Bureau of Nonpoint Pollution Control<br><br>(609) 633-7021 | II-A                                 | This is a new permit action for an existing facility. This facility is an existing Wawa convenience store and gas station with 16 fueling pumps. The store is expanding by 2,472 ft2, bringing the total building area up to 8,004 ft2. Sanitary waste is generated from the public restroom and kitchen facilities. The facility is operated year round, but patronage at the facility increases greatly in the summer due to its proximity to a local theme park.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Prudential Ins Co<br><br>NJPDES Permit No. NJ0101338<br><br>Ground Water         | 23 Main Street<br>Holmdel Twp., NJ<br><br>Monmouth County    | Keith Howell<br><br>Bureau of Nonpoint Pollution Control<br><br>(609) 633-7021     | II-A                                 | Prudential Insurance Company of America is renewing their NJDPES-DGW permit with the additon of a major modification. This facility is comprised of a 341,100 square foot office building with approximately 1,000 personnel. Sanitary wastewater is directed to an on-site 40,000 gallon per day (gpd) package treatment plant. Prudential Insurance is proposing to use 15,000 gallons of treated effluent as irrigation water for the north western portion of their property for lawn maintenance as part of their major modification.<br><br>Sanitary wastewater generated from this facility undergoes extended aeration, followed by secondary clarification and disinfection from sodium hypochlorite and UV treatment. The treatment plant discharges 40,000 gpd of treated effluent to the Willow Brook feeder under NJPDES-DSW Permit No. NJ0035718 from November 1st through the end of April. From May 1st to the end of October, the treated effluent is discharged to an Infiltration Percolation Lagoon which is approximately 92,680 square feet (662 ft. X 140 ft.) and authorized under this NJPDES-DGW permit. Prudential is proposing to beneficially re-use 15,000 gallons per week of treated effluent for spray irrigation on their property.<br><br>Residuals generated at this facility are monitored under NJPDES Surface Water Discharge Permit NJ0035718. All residuals generated are managed off-site at an approved residuals management operation. |
| General Permit Category R5<br><br>NJPDES Permit No. NJ0134791<br><br>Storm Water | Newark Internation Airport<br>Newark, NJ<br><br>Essex County | Vicki Margulies<br><br>Bureau of Nonpoint Pollution Control<br><br>(609) 633-7021  | unnamed tributary<br><br>02030103150 | This permit action is for the renewal of the master general permit for the Newark Airport Complex, NJ0134791, General Permit Category R5, which currently authorizes industrial stormwater and non-contact cooling water into the Newark Bay. The non-contact cooling water that had discharged into the Peripheral Ditch (DSN007A) prior to reaching Newark Bay no longer discharges and has been eliminated in the renewal permit. All other permit conditions remain unchanged except the Stormwater Pollution Prevention Plan submittal requirements have been reduced to annual only for existing permittees. Submittal requirements for new permittees or "operators" will remain the same.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

|                              |                                        |                                      |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

| Pennsauken Sanitary Landfill | 9600 River Road<br>Pennsauken Twp., NJ | Lisa Hoare                           |  | <p>This is a DGW renewal permit action. Owner or operator must initiate an assessment monitoring program in accordance with N.J.A.C. 7:14A-9.8. The PSL is located in the northern portion of Pennsauken Township, Camden County, New Jersey, and occupies an area of approximately 146 acres. It is bordered by Pennsauken Creek to the north, a Conrail railroad branch to the south, River Road to the west, and the Pennsauken Industrial Park to the east. Of the 146 acres on which PSL is located, approximately 108 acres are landfill areas consisting of four (4) permitted landfill facilities. Facilities 0427A and 0427D cover a total acreage of approximately 68 acres. Overlying both facility 0427A and facility 0427D is facility 0427A-E1, which is permitted to accept only Type 13 (bulky waste) and Type 13C (construction and demolition waste).</p> <p>These facilities have long since reached their respective capacities and are no longer in operation. Facility 0427D1SE01 is located on approximately 36 acres of The Pollution Control Financing Authority of Camden County (PCFACC) property contiguous with previously filled areas of the PSL site. Facility 0427D1SE01 is bordered on the north by Pennsauken Creek, the east by Pennsauken Industrial Park, the west by the PSL office, maintenance building, and Intermediate Processing Facility, and the south by the existing landfill facility, Facility 0427D.</p> |

**New Jersey Department of Environmental Protection  
Division of Watershed Management  
Bureau of Watershed Regulation**

**Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality  
Management Plan Consistency Determinations**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Bureau of Watershed Regulation, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-30. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

**Written comments should be submitted to:**

Terry Pilawski, Chief  
Division of Watershed Management  
Bureau of Watershed Regulation  
PO Box 418  
Trenton, NJ 08625
