General Application Milestone Codes

Application Approved
Application Denied
Application Withdrawal
A= Approved
C = Cancelled
D= Denied

F = Complete for Filing
H = Public Hearing Date
I = Additional Information Requested
L = Legal Appeal of Permit Decision
M = Permit Modification

P = Permit Decision Date
R = Complete for Review
T = Additional Information Received
W= Withdrawn

Specific Decision Application Codes

AVE PLAN = Averaging Plan	PA/SOW = Presence/Absence/State Open Waters Only
FP/A = Footprint/Absence of Wet., Waters & Transition Area	PA/T = Presence/Absence/Transition Area Only
F/F = Farming/Forestry/Silviculture Exemption	R = Reductions
FP/P = Footprint/Wetlands Present	REG = HMDC/Pinelands Exemption
FP/SOW = Footprint/State Open Waters Present Only	SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater Mgmt.)
FP/T = Footprint/Transition Area Present Only	SA/GP = Special Activity for Statewide Gen. Permit Activity
NW = ACOE Nationwide Permit Exemptions	SA/R = Special Activity for Redevelopment
O = Other	SD = Municipal Subdivision Approval
PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area	SP = Municipal Site Plan Approval
PA/P = Presence-Absence/Wetlands Present	VERIFIED = Verified Line

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
PO Box 402
Trenton, NJ 08625-0402

DEP SUBSCRIPTION INFORMATION

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50, which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50 payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, 160 S. Broad St., 3rd Flr., Trenton, NJ 08646-0417. Please use the form below to make any changes in your subscription.

For information on a specific permit, please see the telephone list inside the back cover.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
EVENTS OF PUBLIC INTEREST

None at this time.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter an ADMINISTRATIVE CONSENT ORDER (ACO) that would resolve violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et seq.

The ACO requires the Bank to implement and complete restoration activities within approximately 9,000 square feet of wetland transition area on their Hanover Township site. The ACO also contains a penalty settlement amount of \$52,500.

The ACO also requires the Bank to deed restrict, and donate, a 9+/- acre portion of a parcel of land in Pequannock Township, to the Township of Pequannock for conservation purposes. The parcel is located entirely within the flood hazard area of the Pompton River, and has approximately 730 feet of frontage along the river. Prior to the conveyance of the parcel, the Bank will disable the subsurface drainage system existing at the site, which will enable a portion of the site to revert to wetlands habitat. The Bank will also implement an enhancement planting and seeding plan for portions of the site. The deed restriction will allow the site to revegetate through natural succession, which will enhance wildlife habitat and water quality within the adjacent Pompton River. The Township of Pequannock has agreed to accept the donation of the deed-restricted property which will be open to the public for hiking and other passive recreational purposes.

IN THE MATTER OF: Commerce Bank North
 Enforcement File #1412-02-0013.1
 224 Ridgedale Avenue
 Block 1702, Lots 8 & 9
 Hanover Township, Morris County

Comments regarding this ACO, or requests for a copy of the ACO, should be sent to: Deirdre Garrity, Bureau of Coastal and Land Use Compliance and Enforcement, 401 East State Street, P.O. Box 422, Trenton, NJ 08625, or by telephone at (609) 292-1240. Comments must be received by NJDEP within thirty (30) days of this publication, or by September 1, 2006.

**NOTICE OF PUBLIC COMMENT PERIOD
ON THE PROPOSED ISSUANCE OF A PERMIT RENEWAL UNDER
THE RESOURCE CONSERVATION AND RECOVERY ACT**

The State of New Jersey, Department of Environmental Protection (NJDEP) has reviewed the hazardous waste facility permit renewal application submitted by: VEOLIA ES TECHNICAL SOLUTIONS, LLC (previously known as ONYX ENVIRONMENTAL SERVICES, LLC), Mount Olive Township, Morris County, Facility EPA ID No.: NJD980536593, to continue to operate a solid and hazardous waste storage and transfer facility.

THE DRAFT PERMIT

VEOLIA ES TECHNICAL SOLUTIONS, LLC is a commercial environmental services company specializing in the classification, packaging and transportation of solid and hazardous waste. The permittee is authorized to accept containerized solid and hazardous waste from off-site generators for storage prior to transfer to off-site treatment, storage and disposal facilities. VEOLIA's current permit authorizes to store solid and hazardous waste at the site up to

a maximum of one hundred seventy thousand five hundred (170,500) gallons (the equivalent of 3,100 fifty-five gallon drums). There is no disposal of solid or hazardous waste at the facility.

The NJDEP issues solid and hazardous waste facility permits to regulate ongoing activities involving treatment, storage, and/or disposal of solid and hazardous waste. The NJDEP has prepared a draft solid and hazardous waste facility permit for VEOLIA ES TECHNICAL SOLUTIONS, LLC for public comment. Issuance of a final hazardous waste facility permit will authorize the permittee to continue to conduct business as a solid and hazardous waste facility including the following modifications:

- Increase in the containerized waste storage capacity to 187,000 gallons.
- Authorization to pressure check compressed and liquefied gas cylinders.
- Authorization to de-pressurize non-regulated inert and noble gas cylinders.
- Acceptance of additional waste streams having various F, K, U, and P listed waste codes.
- Authorization to consolidate hazardous waste liquids from lab pack containers into USDOT approved drums.

WHERE TO OBTAIN ADDITIONAL INFORMATION

Copies of the draft permit and supporting permit renewal application are available at the NJDEP's offices in Trenton. Anyone wishing to obtain a copy of a fact sheet, the draft permit, and/or further information or to arrange to review the administrative record should first contact:

Mr. Anthony Fontana, Chief
Bureau of Solid and Hazardous Waste Permitting - North
Solid and Hazardous Waste Management Program
401 E. State Street
P.O. Box 414
Trenton, New Jersey 08625-0414
(609) 292-9880

HOW TO PROVIDE YOUR COMMENTS

The public comment period on the draft permit begins today and extends for forty-five (45) days from the date of this notice. Written comments and requests for a public hearing must be submitted to Mr. Anthony Fontana at the above address.

All comments submitted during the comment period will be considered in making the final decision on permit issuance. Should the NJDEP decide to approve the permit, a response to comments document will be issued which will identify any changes from the draft version of the permit, and describe and respond to all significant issues raised during the public comment period. A notice of the decision will be sent to each person who submits written comments or who requests such notice.

LEGAL REFERENCES FOR THIS PROPOSAL

This permit covers ongoing hazardous waste activities that are regulated by the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) on the State level and the Resource Conservation and Recovery Act (RCRA) on the Federal level.

**NOTICE OF INTENT TO SETTLE
FRESHWATER WETLANDS GENERAL PERMIT APPLICATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION Division of Land Use Regulation intends to settle the pending appeal for denial of Freshwater Wetland Application No. 0818-94-0012.2-FWGP7 for property designated Block 87, Lots 3 and 10, Washington Township, Gloucester County, New Jersey.

The original applicant, Cross Keys Limited, Inc., was denied General Permit No. 7 for proposed filling of a ditch based on the ditch being tributary to EPA priority wetlands of Scotland Run (Maurice River watershed). The Department has agreed to issue a conditional permit (FWGP7) to present applicant, Penn Real Estate Group, provided review of their proposed retail shopping development project demonstrates that stormwater management rules are met for water quality and post development stormwater discharges shall be maintained to Scotland Run.

Comments regarding this proposed settlement may be forwarded within 15 days of this notice to:

Bruce Stoneback
NJDEP
Division of Land Use Regulation
PO Box 439
Trenton, NJ 08625

Cc: Washington Township Clerk
Washington Township Construction Official

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
CAFRA INDIVIDUAL PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would allow the demolition of existing duplex dwellings and the construction of two (2) single-family dwellings in their place. In addition, the applicant agrees to make a monetary contribution in the amount of \$10,000.00 to the Borough of Surf City for the specific purpose of creating or enhancing public access, acquiring or preserving open space, or dune creation or enhancement. The applicant also agrees to deed restrict the subject property against any future sub-division to create three (3) lots and to limit any future development to the existing footprints of the two (2) proposed single-family dwellings and to re-vegetate any area of the dune disturbed by construction activity with native vegetation suitable to the beach and dune environment. The project site is designated Block 33, Lots 1, 2 & 3, Borough of Surf City, Ocean County. The applicant is Leslie Wurtzel.

IN THE MATTER OF: Leslie Wurtzel
File No.: 1531-05-0005.1 CAF050001
Block: 33 Lots: 1, 2 & 3
Borough of Surf City, Ocean County

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Shorefront Region Section Chief, Division of Land Use Regulation, NJ DEP, P.O. Box 439, Trenton, NJ 08625, or the office may be reached by telephone: (609) 292-8262. Comments must be received by NJ DEP within 15 days of this publication.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF STATE PERMIT APPLICATION PUBLIC HEARING**

TAKE NOTICE that the New Jersey Department of Environmental Protection, Land Use Regulation Program will hold a Public Hearing on the following permit application submitted under the Coastal Area Facility Review Act (CAFRA) N.J.S.A. 13:9-1 et seq.

Applicant:	BMR Investments, LLC
File No:	0514-06-0009.1
Project:	Starlight Resort Hotel
Project Description:	Construction of a 264 residential Unit and 200 sit restaurant
Location:	E. Juniper & E. Poplar Avenues
Municipality:	City Wildwood
County:	Cape May, NJ

The Land Use Regulation Program invites the public to attend the Public Hearing and present written or oral comments on the application and staff preliminary analysis.

Hearing Date:	August 10, 2006
Hearing Time:	2.00 PM
Hearing Location:	Municipal Meeting Room 4400 New Jersey Avenue Wildwood City New Jersey, 08260
Hearing Officer:	Gail Moore

The Land Use Regulation Program invites the public to submit written comments on the above-referenced permit application within fifteen (15) days following the public hearing to:

Gail Moore
NJDEP
Land Use Regulation Program
PO Box 439
Trenton, New Jersey 08625

DATE OF THIS NOTICE: August 2, 2006

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF LAND USE REGULATION
FINAL ANALYSIS
RECONSIDERATION OF APPLICATION OF SUBSTANTIVE STANDARDS
JULY 2006**

Development by Roy Winans
Block(s): 861 Lot(s): 1 & 5
Brick Township, Ocean County, New Jersey

In accordance with Subchapter 17 of the Freshwater Wetlands Protection Act Rules and Section 7:7-1.10 of the Coastal Permit Program Rules as amended January 20, 2004, the Department is initiating reconsideration of its action to deny a permit for development of the Roy Winans property with two (2) single-family dwellings. Both Subchapter 17 and Section 7:7-1.10 allow the Department to compensate the property owner, condemn the property or reconsider and modify its previous action in order to minimize the detrimental effect to the value of the property. Both Subchapter 17 and Section 7:7-1.10 allow the Department to reconsider and modify its actions by approving some development on a property as a whole. What follows is a final analysis of proposed development of the property referenced above. The Department has concluded that development within the development area proposed below, when combined with the development conditions and mitigation proposed below, will provide a minimum beneficial economically viable use of the property as a whole, in accordance with Subchapter 17 and Section 7:7-1.10.

Materials Considered

For this analysis, the Department has considered information gathered during the prior application review process, along with the materials submitted in prior adjudicatory proceedings, current site conditions, the conclusions reached in prior proceedings regarding the Roy Winans property and the response to the Preliminary Analysis. The Department has considered these materials with respect to the property owner's reasonable investments and expectations; the minimum beneficial economically viable use of the property; and the environmental impacts of the minimum beneficial economically viable use.

Proposed Development Area

The Department has determined that development on the property north of the Metedeconk River and immediate south of River Avenue can provide a minimum beneficial economically viable use for the property. This development area is outlined on the site plan attached to this letter. The Department has determined that the type and style of development in this development area may be left to the discretion of Roy Winans and the local authorities, provided that the development is constructed as described below in order to minimize environmental impacts, and that the mitigation described below is implemented to avoid any irreversible impacts pursuant to NJAC 7:7A-17 and 7:7-1.10. The Department has determined that the development, in the development area, as constructed as described below, and the mitigation specified below is conducted, the proposed minimum beneficial economically viable use will not cause irreversible impacts to coastal or freshwater wetland resources, as described at NJAC 7:7A-17 and 7:7-1.10.

Minimization of Impacts and Development Conditions

After considering the information gathered during the prior application review process, along with the materials submitted in prior adjudicatory proceedings and the conclusions reached by the Office of Administrative Law and the Commissioner of the New Jersey Department of Environmental Protection regarding the Roy Winans property, and current site conditions, the Department has determined that the environmental impacts of the minimum beneficial economically viable use described above will be minimized. The Department has determined that development within the proposed development area will cause impacts to the following special areas and resources as described in the Coastal Zone Management Rules: Wetlands Buffers; Coastal Bluffs; Impervious Coverage Limits and Housing Use Rules, and will require relaxation of these rules. The Department

also has determined that development in the proposed development area will cause impacts to transition areas as described in the Freshwater Wetlands Protection Act Rules.

7:7E-3.27 Wetlands and 7:7E-3.28 Wetland Buffers

Wetlands comprise one of the Earth's most productive natural ecosystems. They provide vital resting, breeding and feeding places for birds. Wetlands help maintain water quality, filtering out pollutants and providing an ideal opportunity for nutrient uptake. Wetlands provide an opportunity to control flooding. Wetlands slow down and absorb excess water during storm events then slowly release the stored water to downstream areas or to groundwater.

Wetland buffers or transition areas provide an ecological transition zone from uplands to freshwater wetlands which is an integral portion of the freshwater wetlands ecosystem, providing temporary refuge for freshwater wetlands fauna during high water episodes, and critical habitat for animals dependant upon but not resident in freshwater wetlands. The transition area provides an opportunity to minimize impacts to wetlands and wetland species from development in adjacent upland areas.

Freshwater Wetlands and associated Wetland Buffers have been delineated along the southern portion of the property adjacent to the Metedeconk River. Development in the proposed development area will cause impacts to the wetland transition areas by potentially compromising the habitat value of the site. The applicant is encroaching into a minimum portion of the transition area on Lot 5. However, the portion of the Transition Area to be affected will be averaged, therefore allowing the applicant to modify the overall shape of the transition area without reducing its total square footage.

Coastal Bluffs 7:7E-3.31 and Housing Use Rules 7:7E-7.2(e)

A coastal bluff is a steep slope (greater than 15 percent) of consolidated (rock) or unconsolidated (sand, gravel) sediment which is adjacent to the shoreline or which is demonstrably associated with shoreline processes. Steep slopes (N.J.A.C. 7:7E-3.34) are isolated inland areas with slopes greater than 15 percent. All steep slopes associated with shoreline processes or adjacent to the shoreline and associated wetlands, or contributing sediment to the system, will be considered coastal bluffs. The site is not located on the Atlantic Ocean, Delaware Bay, Raritan Bay or Sandy Hook Bay. Therefore, the proposed development need not comply with the coastal bluff rule, but must meet the setback requirements of the Housing Use Rule (7:7E-7.2(e)10i). Development in the proposed development area will not be in compliance with either of these Rules. However, the Department is relaxing the strict application of these Rules because their strict application would result in no development of the property.

Impervious Cover Limits and Vegetative Cover Percentages in the CAFRA Area 7:7E-5B.1-5

The project site is 0.52 acres (22,564 S.F.) and is located within an Environmentally Sensitive Planning Area. The maximum impervious cover limit allowed for this area is 3% of the net land area. There is no portion of the site, which is NOT within a Special Area; therefore the net land area is 0 acres. Therefore, the originally proposed development is not within the acceptable limits for impervious cover and compliance with this Rule is not met.

Development in the proposed development area will not be in compliance with either of these Rules. However, the Department is relaxing the strict application of these Rules because their strict application would result in no development of the property. Therefore, the Department has determined that the allowable development in the proposed development area would be the construction of two (2) single-family dwellings measuring approximately 800 S.F. each. This would be a minimum beneficial use of the property.

Minimization

After evaluating the Special Areas on the property, the Department has determined that the proposed development area provides the least beneficial area for wetland buffers on Lot 5 and will impact the coastal bluff in the least

amount. By limiting the development to these locations, the Department has determined that the proposed development will have a minimal impact to the remainder of the property since the remainder of the property would be left undeveloped. In addition, the concentration of development in the development area limits the intrusion of human activity into the undeveloped portion of the property.

In addition, the Department has determined that clearing for development within the development area must be limited to the footprint of the building and access points, therefore environmental impacts will be further limited.

Mitigation

After considering the information gathered during the application review process, the materials submitted in prior adjudicatory proceedings, and the conclusions reached by the Office of Administrative Law and the Commissioner for the New Jersey Department of Environmental Protection in prior proceedings regarding the Roy Winans property, and the current site conditions, the Department has determined that the environmental impacts of the minimum beneficial economically viable use described above can be mitigated to ensure that there will be no irreversible impacts to coastal bluffs and/or or freshwater wetland buffers pursuant to NJAC 7:7A-17 and 7:7-1.10. The Department has determined that the following is appropriate mitigation. In order to mitigate for impacts to habitat associated with the footprint of the buildings the Department will require the planting of forest vegetation within the development area in all areas other than buildings and driveways; the applicant will be required to average the portion of the transition area on Lot 5 that will be encroached upon. Therefore, allowing the applicant to modify the overall shape of the transition area without reducing its total square footage. Finally, the Department will require the deed restriction of the remainder of the property as part of the mitigation, pursuant to NJAC 7:7A-17 and 7:7-1.10.

The Department has determined to approve a development upon reconsideration of the application of the substantive standards of N.J.A.C. 7:7E. The Department shall provide notice of the development that the Department proposes to allow under the reconsideration following the same procedure as described in N.J.A.C. 7:7-1.10(k)1I, therefore the Department shall provide a 30-day comment period, commencing from the date of publication of the notice in the DEP Bulletin. Any questions, supplemental information, or comments on this analysis, should be directed to Vivian M. Fanelli, project manager, at (609) 984-0288. Supplemental information and comments should be submitted during the 30-day comment period, beginning with publication in the DEP Bulletin on August 2, 2006.

Kevin J. Broderick
Manager
Division of Land Use Regulation

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION NOTICE OF INTENT TO SETTLE CAFRA INDIVIDUAL PERMIT

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would allow the construction of a single-family dwelling, associated driveways and landscaping and the expansion of an existing single-family dwelling on the subject property. In addition, the applicants will make a monetary contribution of \$27,500.00 to the Township of Berkeley, Ocean County, for the creation or enhancement of public access or for open space acquisition or preservation within the Township, consistent with the Rules on Public Access (N.J.A.C. 7:7E-8.11). The project site is designated Block 1023, Lots 9, 10 & 11, Berkeley Township, Ocean County. The applicants are David Krause and Mark Krause.

IN THE MATTER OF:

David Krause & Mark Krause
File No.: 1505-04-0079.1 CAF040001
Block: 1023 Lots: 9, 10 & 11

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Northern Coastal Region Section Chief, Division of Land Use Regulation, NJ DEP, P.O. Box 439, Trenton, NJ 08625, or the office may be reached by telephone: (609) 292-8262. Comments must be received by NJ DEP within 10 days of this publication.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
COASTAL GENERAL PERMIT, WATERFRONT DEVELOPMENT PERMIT, FRESHWATER
WETLANDS GENERAL PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would authorize existing on-site conditions, specifically 0.029 acres of fill in freshwater wetlands, an outfall pipe from an adjacent drainage feature and wetland into Sterback Harbor, 65 linear feet of rip-rap revetment along the water's edge, and an 8' x 7.95' pier (attached to the previously authorized 29.8' x 8' fixed pier parallel to the shoreline under WFD Permit #0506-93-0074.3, .4 & .5), with a 16' x 3.9' ramp connected to an 8.3' x 8' jet ski ramp connected to a 20' x 6' floating dock. Also to be authorized is the addition of a boatlift. The work is authorized under the Rules on Coastal Zone Management (N.J.A.C.7: 7E-1.1 et seq.), the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 et seq.), and the Freshwater Wetlands Protection Act Rules (N.J.A.C. 7:7A-1.1 et seq.). The proposed project site is located on Sterback Harbor, in the Township of Middle, Cape May County. The applicant is Anthony Galdi. This settlement will satisfy the appeal of File #0506-05-0012.1, CAF050001, WFD050001 & FWW050001, which was denied on May 23, 2005.

IN THE MATTER OF:

Anthony Galdi
File No.: 0506-05-0012.1, CAF050001,
WFD050001 & FWW050001
Block: 118.02, Lot: 9
Township of Middle, Cape May County

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Southern Coastal Region Section Chief, Division of Land Use Regulation, NJDEP, PO Box 439, Trenton, NJ 08625, or the office may be reached by telephone: (609) 292-8262. Comments must be received by NJDEP within 10 days of this publication, or by August 11, 2006.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE TO INTENT TO SETTLE
FRESHWATER WETLANDS PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement and issue Freshwater Wetland Individual Permit that would authorize the disturbance of 0.04 of an acre of freshwater wetlands and 0.14 of an acre of wetlands transition area for the construction of a single family home, driveway and associated grading. The petitioner has revised the site plan has reduced the wetland impacts. Also, the petitioner has demonstrated to the Department's satisfaction that there are no practicable, off-site alternatives to the proposed project. Therefore, the Department is reconsidering the issuance of freshwater wetland Individual Permit since the proposed project and new information meets the standards of the Freshwater Wetlands Protection Act Rules.

IN THE MATTER OF: Applicant: Frank Marino
File No. 0241-99-0004.4
Block: 109; Lots: 3& 4
Norwood Borough, Bergen County
OAL Docket No. 04-0022

Comments regarding this proposed settlement must be received by the NJDEP within 30 days of this notice. Send comments to:

Trenton, New Jersey 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
WATERFRONT DEVELOPMENT AND CAFRA PERMITS.**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION INTENDS TO ENTER INTO A Settlement Agreement that would authorize the construction of 16 residential units; pool and bath house; 10,000 square foot marina services building; 1,700 linear feet of vinyl bulkhead; new boat travel lift; reconfigure the slips within the existing marina to provide for no more than 190 slips; construct public access walkways along the northern and eastern borders of the marina and rehabilitate the existing pier in Great Channel for public access. The project site is designated Block 137, Lots 11.01-11.03, 12-13, 15.01-15.02, 16.01-16.02, 17.01-17.02, 18 and 30 in Middle Township, Cape May County. The applicant is known as Stone Harbor Marina.

IN THE MATTER OF:

Stone Harbor properties
File No: 0506-02-0054.1 (CAF 020001 & WFD 020001)

The work as proposed is represented on plans entitled "Proposed dock Improvements, Stone Harbor Marina" prepared by Schoor Depalma and dated January 12, 2006 and "Site Plan Concept G" prepared by Schoor Depalma and dated March 18, 2004.

Comments regarding this proposed settlement or requests for a copy of the project plan should be sent to Shorefront Region Section Chief, Land Use Regulation Program, NJDEP, PO Box 439, Trenton, NJ 08625, or the office can be reached by phone at (609) 292-8262. Comments must be received by DEP within 15 days of the publication of this notice.

**NOTICE OF SETTLEMENT
CAFRA DEVELOPMENT APPEAL**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has entered into a Settlement Agreement that authorized the construction of one single family dwelling, approximately 1,650 sq. ft. and an approximately 900 sq. ft. driveway, to be constructed on Block 208, Lot 44 in Barnegat Township, Ocean County under the Rules on Coastal Zone Management (N.J.A.C. 7:E-1.1 et. seq) as amended to January 20, 2004. The applicant is Richard Taglang.

IN THE MATTER OF: Richard Taglang
File No. 1533-05-0007.1 (CAF 050001)
Block 208, Lot 44
Barnegat Township, Ocean County

Comments regarding this settlement should be forwarded to Andrew Heyl, Supervisor, Division of Land Use Regulation, PO Box 439, Trenton, NJ 08625, telephone (609) 292-8262.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
FRESHWATER WETLANDS VIOLATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION will be entering into a SETTLEMENT AGREEMENT that would resolve violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et. seq.

The Settlement Agreement requires payment of a monetary penalty.

IN THE MATTER OF: Air Land and Sea Environmental Management and
John Zingis Individually
Enforcement File #1336-04-0013.1
Block 128.03, Lots 47 and 1.08
Borough of Tinton Falls, Monmouth County

Comments regarding this Settlement Agreement, or requests for a copy of the Settlement Agreement document, should be sent to: Bureau of Coastal and Land Use Compliance and Enforcement, 401 East State Street, P.O. Box 422, Trenton, NJ 08625, or by telephone at (609) 292-1240. Comments must be received by NJDEP within thirty (30) days of this publication.

DIVISION OF REMEDIATION MANAGEMENT AND
RESPONSIBLE PARTY REMEDIATION ELEMENT**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz
Responsible Party Remediation Element
PO Box 028
Trenton, NJ 08625

DIVISION OF WATER QUALITY**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

Howard Tompkins, Acting Chief
Bureau of Point Source Permitting - Region 1
PO Box 029
Trenton, NJ 08625

Public Notice of Proposed Permit Actions – 8/2/06
(Division of Water Quality)

<u>Permit:</u>	<u>Facility Location:</u>	<u>NJDEP:</u>	<u>Receiving Discharge:</u>	<i>Executive Summary</i>
<ul style="list-style-type: none"> • <i>Name</i> • <i>NJPDES No.</i> • <i>Type</i> 	<ul style="list-style-type: none"> • <i>Address</i> • <i>County</i> 	<ul style="list-style-type: none"> • <i>Case manager</i> • <i>Bureau</i> • <i>Phone No.</i> 	<ul style="list-style-type: none"> • <i>Stream or Formation or POTW</i> • <i>Stream Classification</i> • <i>Watershed</i> 	
Atlantic States Cast Iron Pipe NJ0104060 Storm Water	183 Sitgreaves street Phillipsburg Town Warren County	Brian McLendon Bureau of Nonpoint Pollution Control (609) 633-7021	Delaware River Del. River Zone 1E 02040105120020	This public notice is for the renewal of Atlantic States Cast Iron Pipe Co.'s NJPDES Stormwater Discharge Permit NJ0104060. Atlantic States manufacturers pipe for use in municipal water distribution systems. This renewal is a consolidated permit action, regulating stormwater discharges to surface and ground water. The permit requires sampling with effluent requirements for stormwater discharges resulting from rain events less than a 10 year, 24 hour storm event, from outfalls 002A, 003A and 004A. The permit also requires stormwater monitoring for discharges from 002A, 003A and 004A for discharges resulting from rain events equal to or above the identified storm criteria, and quarterly ground water monitoring at point 005A.
Amboy Aggregates NJ0104400 Ground Water	Rosewell & Augusta St. South Amboy City Middlesex County	Mike Pigliacelli Bureau of Nonpoint Pollution Control (609) 633-7021	II-A	This is a renewal permit action for Amboy Aggregates. Amboy Aggregates is a facility that processes sand and gravel. Sand from mining operations is unloaded from barges through a pipeline in slurry form. The slurry is pumped to a surge pile, where sand is kept for processing. Water flows from the surge pile to spill box on the south side of the pile. The spill box directs water through a pipe to an unlined secondary settling pond at the southeast corner of the site, which in turn discharges by an overflow weir to the Raritan Bay as regulated by NJPDES-DSW permit NJ0064581. The secondary settling pond has a surface area of approximately one acre. A covered drainage trench, which runs along the south side of the property, also discharges to the secondary settling pond. Raw material from the surge pile is transported by wheel loader and conveyor belt to the processing plant. Here the aggregate is screened, classified and washed. A primary settling pond next to the plant receives water from the processing plant. This unlined pond, which covers approximately ¾ of an acre, discharges to a pipe leading to the secondary settling pond. Fine material from the classifying operation settles in the pond, and is periodically dredged to be sold as fill material.
Spectraserv Inc NJ0104167 Storm Water	75 Jacobus Avenue Kearny Town Hudson County	Shashi Nayak Bureau of Nonpoint Pollution Control (609) 633-7021	Passaic River SE3 02030103150050	Spectraserv, Inc. has applied for a NJPDES renewal permit of NJ0104167 that regulates stormwater discharges to surface waters. Spectraserv, Inc. operates a residual storage, processing, and transfer facility under the SIC code 4952. The permit requires monthly monitoring and imposes effluent limits for the parameters pH, Total Suspended Solids, Oil and Grease, Fecal Coliform, and Dissolved Oxygen. The parameters Total Ammonia Nitrogen, Chemical Oxygen Demand, Nickel, Zinc, Lead, Copper, and Mercury require monthly reporting only.

Woodhue Compost Facility NJ0143049 Storm Water	2469 Saylor's Pond Road Springfield Twp. Burlington County	Brian McLendon Bureau of Nonpoint Pollution Control (609) 633-7021	Barkers Broom FW2-NT(C1) 02040201100010	<p>The permittee has applied for a New Jersey Pollutant Discharge Elimination System (NJPDES) Permit Action for a Discharge to Groundwater (DGW) and an Industrial Discharge of Stormwater (DST) through an application initiated May 7, 2003 to operate a vegetative compost facility.</p> <p>The site is physically located on Saylor's Pond Road in Springfield Township, Burlington County, New Jersey. The permittee has proposed to treat industrial process wastewater through a constructed wetland treatment system (CWTS) and dispose of treated effluent via a disposal field. The permittee also proposes to control stormwater runoff from areas of industrial activity via a system of stormwater management basins that discharge to surface water. It is the New Jersey Department of Environmental Protection's (Department) intention to deny the permittee's application for the DGW and DST permit. This position is based upon the Department's determination that the applicant has failed to demonstrate in their application that the project can meet the applicable Ground Water Quality Standards (GWQS) for the discharge of process wastewater. Since the proper operation of the facility is predicated upon the ability to treat and discharge process wastewater in accordance with the GWQS, it is also the position of the Department that the application for DST discharges shall also be denied.</p>
United Water Matchaponix TP NJ0064386 Ground Water	Manalapan Township Manalapan Twp. Monmouth County	Lisa Hoare Bureau of Nonpoint Pollution Control (609) 633-7021	II-A	<p>This is a New Discharge to Ground Water (DGW) permit action. ASR Well No. 1 is located southwest of the Matchaponix Water Treatment Plant; ASR Well No. 2 lies approximately 655 feet to the north of Well No. 1. MWTP supplies potable water to customers in Freehold and Manalapan Townships in Monmouth County, New Jersey. Currently the MWTP treats surface water from the Matchaponix Creek. The plant can treat up to 5 million gallons a day but must maintain a critical passing flowrate to the Matchaponix Creek. During the dry summer months, the production capacity of the MWTP is often reduced to maintain the critical passing flow to the Matchaponix Creek. As well, there is an increasing amount of development, both residential and commercial within the townships, thereby increasing water demands. ASR Well No. 1 and 2 are used to help augment the plant's capacity when the pumping capacity is reduced in the Matchaponix Creek or when chloride concentrations in the creek increase from road salting activities during storm and icing. The ASR wells are recharged during fall and spring months when flow in the Matchaponix Creek is high. Alternatively, in the summer when the creek water subsides, water is recovered from both wells and pumped to the head of the MWTP.</p> <p>Additionally, this facility will be operated on a water banking scheme, based on a three year, rolling average. Under the new operating conditions, water might be stored for three years prior to recovery. Ground water flow modeling demonstrated that of the 10 million gallons stored in the aquifer, approximately 2.8 MG remained in the Farrington aquifer, a recovery of 72%.</p>

Woodlane Water Treatment Plant NJ0062693 DSW Minor	Woodlane Rd & RT 541 Westampton Twp, NJ 08060 Burlington	Heather Genievich Bureau of Point Source Permitting Region 2 (609) 292-4860	Barkers Brook via unnamed tributary FW2-NT Assiscunk Creek Watershed	This application is for a renewal of a NJPDES permit to discharge an average of 0.056 million gallons per day (MGD) of treated industrial wastewater, consisting of filter backwash.
TA Operating Corporation D/B/A/ Travel Centers of America NJ0023094 DSW Minor	Bloomsbury Travel Center of America RT I-78 & RT 173 P.O. Box 427 Bloomsbury, NJ 08804 Hunterdon County	Tara Goodreau Bureau of Point Source Permitting Region 2 (609) 292-4860	Musconetong River FW2-TW Musconetcong River (below and including Trout Brook)	This application is for a renewal of a NJPDES permit to discharge a permitted flow of 0.022 millions gallons per day (MGD) of treated and disinfected domestic wastewater and a long term average flow of 0.13 MGD treated industrial wastewater and stormwater.
James J. Howard Marine Sciences Lab NJ0076694 DSW Minor	Magruder Road Sandy Hook, NJ 07732 Monmouth County	Theodore Denberg, P.E. Bureau of Point Source Permitting Region 2 (609) 292-4860	Sandy Hook Bay SE-1(C2) Monmouth	This application is for a renewal of a NJPDES permit to discharge an average of 0.50 MGD of seawater. The permittee is a marine fisheries research laboratory. Seawater is drawn from Sandy Hook Bay and used in seawater laboratories. The seawater is collected from the laboratories and then returned to Sandy Hook Bay.
Holmdel Wastewater Treatment Facility NJ0035718 DSW Minor	23 Main Street Holmdel Twp., NJ 07733 Monmouth County	Theodore Denberg, P.E. Bureau of Point Source Permitting Region 2 (609) 292-4860	Unnamed tributary of Willow Brook FW2-NT (C2) Navesink River/ Lower Shrewsbury River	This application is for a renewal of a NJPDES permit to discharge 0.04 MGD of treated domestic wastewater.

The following minor modifications and administrative permit revocations were recently issued. These actions are listed for informational purposes only and are not open for public comment.

**Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality
Management Plan Consistency Determinations**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Bureau of Watershed Regulation, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-30. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

Written comments should be submitted to:

Terry Pilawski, Chief
Division of Watershed Management
Bureau of Watershed Regulation
PO Box 418
Trenton, NJ 08625
