Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Discharge originates from a roughly 93 acre sanitary landfill on a 454 acre site. Approximately 22,500 gallons daily of leachate, formed by stormwater percolating through the solid waste in the landfill, is accumulated in two above-ground storage tanks, each of 0.75 million gallon capacity. Two or three days per week, stored leachate is trucked to sewage treatment facilities, where further treatment occurs. Under normal circumstances, all leachate goes to the Seven Mile Beach plant, but the other plant may be used if Seven Mile Beach temporarily has insufficient capacity. In actuality, all leachate discharged from July 1, 2000 through October 31, 2006 was taken to Seven Mile Beach. Because there have been no substantial changes in relevant operations, discharges or performance at the landfill or receiving sewage treatment plants, the Department is proposing to renew this permit without any change.
