Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NOTICE OF PUBLIC COMMENT PERIOD
REGARDING THE TRANSFER OF OWNERSHIP AND RENEWAL OF A SOLID WASTE
FACILITY PERMIT FOR A LANDFILL**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Solid and Hazardous Waste Management Program, has tentatively approved an application made by Phillipsburg Associates III LP to transfer the ownership and renew the Solid Waste Facility Permit to operate an existing sanitary landfill in accordance with N.J.A.C. 7:26-1 *et seq.* and by authority of N.J.S.A. 13:1E-1 *et seq.*

The landfill is located at the following address:
942 Memorial Way
Phillipsburg, New Jersey 08865

The mailing address for Phillipsburg Associates III LP is:
1001 East Hector Street, Suite 100
Conshohocken, PA 19428

The application involves i) transfer of ownership of the Ingersoll-Rand Company landfill to Phillipsburg Associates III LP; ii) renewal of the permit for a term of 5 years; and iii) elimination of authorization to develop a previously permitted landfill cell (~1.5 acre).

The current Solid Waste Facility Permit authorizes 4 acres for landfilling. Approximately 35,688 cubic yards of landfill space has been used, and 31,316 cubic yards remained as of February 2006. The landfill is classified as a Class II landfill, permitted to accept only waste types ID27 (Dry industrial waste) and ID13C (Construction and demolition waste). The landfill has been designed with a clay liner system, a leachate collection system and groundwater monitoring. The landfill is expected to operate until 2012.

The permit action is based on the administrative record that is on file at the offices of the Department of Environmental Protection, Solid and Hazardous Waste Management Program, Bureau of Landfill & Hazardous Waste Permitting, located at 401 E. State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 9:00 A.M. and 4:00 P.M. Appointment for inspection may be made in writing to the Solid and Hazardous Waste Management Program, by fax at (609) 633-9839 or by calling (609) 984-5950. Requests should be made to the attention of Ms. Lisa Offredo. Copies of the draft Solid Waste Facility Permit and the fact sheet are also available for review at the Office of the County Clerk (Courthouse, 413 Second Street, Belvidere, New Jersey 07823) and the Office of the Township Clerk (Municipal Building, 675 Corliss Avenue, Phillipsburg, New Jersey 08865).

Comments on the draft Solid Waste Facility Permit, or a request that the Department hold a non-adversarial public hearing, must be submitted in writing to the person specified below during the public comment period. The comment period begins on the date of the publication of this notice and closes thirty (30) days after the publication date.

All interested persons, including the applicant, who believe any aspect of the tentative approval is inappropriate shall raise all reasonably ascertainable issues and submit all reasonably available arguments and factual grounds supporting their position, including all supporting material, by the close of the public comment period. All supporting materials shall be included in full and may not be incorporated by reference, unless they are already part of the administrative record in the same proceeding, or consist of State or Federal statutes and regulations or other generally available reference materials.

Any interested person who reasonably requires additional time within which to supplement the administrative record should request, in writing, an extension of the public comment period, and the Department will exercise reasonable discretion in setting the closing date for public comment. The Department will publish subsequent notice of any decision to extend the period for public comment. Any notice of an extension of the public comment period will clearly set forth the closing date of such extension.

If any request for a public hearing, in the opinion of the Department, raises significant issues of fact relevant to the proposed agency action during the public comment period, a public hearing will be scheduled regarding the proposed agency action. The Department will publish subsequent notice of a scheduled hearing.

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department's responses will be set forth in a response document which will become part of the administrative record upon which the Department will base its final decision. Any person who has submitted relevant written comments will receive notification of the Department's final decision.

During this period any interested person may submit written comments concerning the draft permit action to:

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

This permit action will serve to revoke the reuse general authorization NJ0166031 and incorporate the permit requirements into this individual permit.

St. Hubert's Animal Welfare Center NJ0168114 Ground Water	575 Woodland Rd. Chatham Twp. Morris County	Mike Pigliacelli Bureau of Nonpoint Pollution Control (609) 633-7021	II-A	This is a new permit action for the existing facility St. Hubert's Animal Welfare Center. The facility provides animal rescue services, pet adoption, training, counseling, and other educational programs. The facility will be expanding to provide more modern animal housing, as well as to provide additional office space and animal exercise areas. The proposed expansion will allow for 32 full-time employees, 34 part-time employees, and 75 kennel runs. Wastewater generated from bathroom facilities and washing of the kennel runs will be discharged to an on-site 4400 s.f. underground disposal field. Wastewater will be treated to GWQS prior to discharge by a on-site treatment plant utilizing membrane bioreactors and UV disinfection. The projected wastewater flow to the disposal system is 5,513 gpd, however, the facility projects that through utilization of wastewater recycling from the package treatment plant the daily flow will be approximately 2,000 gpd. Residuals generated at this facility will be managed off-site at an approved residuals management operation.

Amerada Hess operates a petroleum refining facility that manufactures gasoline and heating oil under the Standard Industrial Classification (SIC) 2911. The existing permit regulates stormwater discharges to the Arthur Kill, classified as SE3(C2). Stormwater exits the site through six (6) outfalls (DSN002, DSN003, DSN005, DSN006, DSN007, DSN008). Hess is planning to install six new storage tanks for the storage of gasoline or other products. As part of the project, a new containment wall will be constructed around the storage tanks. In addition, a curb will be placed around the existing Marine Vapor Recovery Units (MVRU) to provide containment in the event of a product release in that area. This modification proposes the addition of new stormwater outfall (No.DSN009A) to the existing permit. The new outfall will be equipped with valves and will be used to drain stormwater collected around the storage tanks, the MVRU areas, and road drainage to Arthur Kill.
