## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits:** A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Stream Encroachment:** Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NJ DEPARTMENT OF ENVIRONMENTAL PROTECTION  
ENVIRONMENTAL REGULATION  
WATER QUALITY  
NOTICE OF RULE PROPOSAL**

**Determination of Environmental Benefit of the Reuse of Further Treated Effluent in Industrial Facilities,  
N.J.A.C. 7:14D  
PUBLIC NOTICE**

Take notice that the New Jersey Department of Environmental Protection (Department) is proposing to readopt rules at N.J.A.C. 7:14D, Determination of Environmental Benefit of the Reuse of Further Treated Effluent in Industrial Facilities, without change. A statement of the substance of the proposal follows: The Department, in conjunction with the Department of Treasury, Division of Taxation, is readopting a tax incentives program, which provides for corporate business tax credit and/or sales tax refund for treatment and/or conveyance equipment purchased exclusively for the purpose of reusing further treated effluent in industrial processes in the state. The Department will determine whether the operation of the treatment and/or conveyance equipment and the reuse of the further treated effluent will be environmentally beneficial. These rules specify submission requirements and review procedures for making the determination of environmental benefit.

The proposal is scheduled to be published in the New Jersey Register on January 22, 2008. A copy of the proposal is available from: the DEP Web site at [www.state.nj.us/dep](http://www.state.nj.us/dep) or from Howard B. Tompkins, Bureau Chief, Bureau of Point Source Permitting-Region 1, Division of Water Quality at (609) 633-3869, LexisNexis Customer Service at (800) 223-1944 or <http://www.lexisnexis.com/bookstore>. Be advised that there may be a fee for obtaining a copy of the proposal from some sources.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF SETTLEMENT  
COASTAL WETLANDS PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** entered into a Settlement Agreement that determined that no Division of Land Use Regulation (DLUR) permit or authorization is required for an area of roughly 1.3 acres of existing fill on the property identified as Block 271, Lot 36 in the Township of Lacey, Ocean County (the "Property") because the fill was placed on the Property prior to the filing of applicable New Jersey Coastal Wetlands Maps pursuant to the Wetlands Act of 1970. Therefore, because the placement of the fill predates the filing of applicable Coastal Wetlands Maps for the Property, it constitutes legal fill that may remain in place without any further permitting or authorization from the Department. In the event of future development of the Property, the 1.3 acres of fill shall not be classified as regulated coastal wetlands and no coastal wetlands permit shall be required. This settlement will satisfy the appeal of File #1512-05-0056.1, CSW050001.

### NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION NOTICE OF INTENT TO SETTLE APPEAL OF WFD PERMIT APPLICATION DENIAL

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION (DEP)** intends to settle the pending appeal of the denial of an application for a Waterfront Development Permit (File No. 1509-04-0007.1) to legalize a fixed timber dock measuring 5.7' x 40' on property owned by Petitioners on Block 31, Lot 8, of the official tax map of the Borough of Harvey Cedars, Ocean County. During the pendency of the Appeal Petitioners submitted and the Program reviewed additional materials relative to the existence of the relevant dock prior to the effective date, August 20, 1990, of the relevant Submerged Aquatic Vegetation Habitat regulations, including an aerial photograph provided by the Ocean County Planning Department dated March 17, 1989 showing the relevant dock, a notarized letter from a prior owner of the property certifying the dock was in place before August 20, 1990, and a local building permit for the relevant dock from 1988. Therefore, the Program is now of the opinion that the plan previously submitted by Petitioners, entitled Map to Accompany a Waterfront Application, Sheet 1 of 1, prepared by Horn, Tyson & Yoder, Inc., dated April 22, 2004, and revised through July 8, 2004 (the "Plan") conforms to the applicable coastal zone management regulations. Under the settlement, Petitioners are required to immediately commence removal of one (1) 4' x 17' existing floating dock, two (2) existing mooring piles, one (1) existing 3.6' tapering off to 2' x 17.9' finger pier, and one (1) 6' x 3.3' landing. The existing fixed timber dock measuring 5.7' x 40' shall remain, and the Department acknowledges same to be a lawful dock under the coastal zone management regulations.

Comments regarding this settlement, or requests for copies of the stipulation of settlement or the plan, may be sent to Christopher J. Pike, Project Manager, Land Use Management, P.O. Box 402, Trenton, NJ 08625-0402, fax (609) 777-3656, or telephone (609) 984-0288. Comments must be received by NJDEP within 10 days of publication in the January 30, 2008 DEP Bulletin, or by February 09, 2008.

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Since this wastewater is subject to Categorical Standards, under 40 CFR 439 Subpart D (Mixing/Compounding and Formulation Subcategory) the facility is an SIU pursuant to the NJPDES regulations and is required to obtain a permit. The permittee intends to move some of the production activities from 465 Industrial Way West to the adjacent building at 435 Industrial Way West. Therefore, the Department is proposing additional monitoring and effluent limitations with respect to the discharge from 435 Industrial Way West. Also, the concentration of acetone discharged by the facility has historically been higher than originally expected. The Department is therefore proposing to increase the minimum required monitoring frequency for acetone.<br><br>Comment period ends 30 days after publication in the Asbury Park Press newspaper. |

Wastewater is treated in an on-site wastewater treatment plant where treatment consists of equalization, aeration, clarification, filtration, activated carbon, and ultraviolet disinfection. Treated wastewater is conveyed via discharge serial number DSN 001A which discharges to two on-site ponds in series. Effluent from the second pond overflows on an intermittent basis to a concrete lined conveyance which drains to an unnamed tributary of Stony Brook.                                                                                                                                                                                                                                                                                  |

**Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Bureau of Watershed Regulation, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-30. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

**Attention: Redner, Home Renovation and Addition**, located in Ringwood Borough, Passaic County. In addition to the applications discussed in the foregoing paragraphs, please take notice that, pursuant to a settlement in Roger and Ronald Redner v. NJ Dept. of Environmental Protection, Office of Administrative Law Docket No. ELUMW 09718-2007N, dated December 7, 2007, the Department is providing additional notice of the application of Rodger and Ronald Redner for an exemption from the Highlands Water Protection and Planning Act.

This application was dated September 29, 2006, and deemed complete on October 31, 2006. An appointment to review the file may be requested through the Open Public Records Act. Details are online at <http://www.nj.gov/dep/opra/>.

The additional public comment period on this application begins on the date of publication of this notice and will close thirty (30) calendar days later. The purpose of the additional public comment period is to provide notice of a revised site plan resubmitted by the applicant as of November 19, 2007. The revised

site plan does not depict a Major Highlands Development. Any interested person may raise reasonable issues of concern and submit all arguments and factual materials supporting their position during this additional public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

**Written comments should be submitted to:**
