Therefore an emergency permit was issued to allow leachate to be transported to two other sewage treatment plants plants for treatment during the time needed for design and construction of additional treatment equipment at WCDL and/or at the PRMUA Oxford STP. Design of the treatment equipment is underway. However, the Department has not yet issued a draft renewal of permit NJ0102598 to address the changed circumstances, and has issued this emergency permit under NJ0163333 to allow continuation of current activities until the effective date of a final renewal of permit NJ0102598.
