General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF LAND USE REGULATION
NOTICE OF INTENT TO RECONSIDER**

Notice of the Department's intent to initiate a reconsideration of application of substantive standards under 7:7-1.10 of the Coastal Permit Program Rules and to provide a 30 day comment period as provided in the referenced rules.

Reconsideration of application of substantive standards is being initiated for:

Development by Mr. John Lutter
662 Old Avalon Blvd
Block: 17 Lots: 123 & 124
Middle Township, Cape May County
Coastal General Permit Application No. 0506-05-0007.1 CAF 060001

On May 9, 2006, the Department denied a Coastal General Permit on the above property for the construction of a single-family dwelling. The owner appealed via the Office of Administrative Law and has now filed a taking claim in the Superior Court. Pursuant to N.J.A.C. 7:7-1.10 and the owner's request for reconsideration, the Department has reassessed in light of a series of factors including the longstanding filled upland physical condition of the property, and acquisition of the property by Lutter's predecessor prior to the Department's filing of the applicable coastal wetlands map and recordation of notice of same. In light of these factors and others, the Department is reconsidering the denial of the proposed single household dwelling and will determine if some minimum economically viable level of development of the property may occur in accordance with the Rules on Coastal Zone Management pursuant to NJAC 7:7-1.10.

A 30-day public comment period shall commence upon the publication of this bulletin. Comments may be sent to:

New Jersey Department of Environmental Protection
Division of Land Use Regulation

Trenton, NJ 08625
Attn: Joanne Davis, Supervisor

A preliminary analysis of the reconsideration of application of substantive standards may be obtained by contacting the above.
