General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

RATIONALE FOR CONVEYANCE

PROPOSED ACTION

In June 2004, the Department of Environmental Protection (DEP), Division of Parks and Forestry, entered into a 20-year lease with Mansion Caterers, Inc. (Mansion Caterers), for the improvement, maintenance, and operation of a catering facility and the restoration, renovation, furnishing, maintenance, operation and use of Skylands Manor as a bed and breakfast. As explained in detail below, Mansion Caterers has requested that DEP extend the lease term to 30 years due to the substantial investment they have made in the facilities. In addition to extending the term of the lease, the DEP will be seeking to renegotiate other terms, including payment of utilities, responsibility for air conditioning and walk-in freezer, and accommodation of public tours.

In 1998, the DEP, Division of Parks and Forestry, advertised for bids for a concessionaire to operate a first class catering and restaurant operation within Skylands Manor (Manor) and to coordinate activities at the Chapel (Chapel) located at Shepherd Lake Recreation Area, both administered through Ringwood State Park. The DEP sought a concessionaire for the catering of social affairs and events, and to schedule and operate the Chapel for religious and non-religious ceremonies. The successful bid (sole bidder) was received on November 16, 1998 from Mansion Caterers, and the bid was awarded on April 6, 2000. Since April 2000, Mansion Caterers has successfully operated the Manor and Chapel for weddings, corporate functions, galas and other events.

In 2002, the DEP decided to convert the original concession agreement to a 20-year lease. This decision was based on the successful operation of the concession and the extensive renovations undertaken by Mansion Caterers to convert the aging facility into a modern, first class catering hall. By the end of 2002, Mansion Caterers had invested \$800,000.00 in the renovation and improvement of the catering facilities. The improvements included both aesthetic improvements and compliance with code requirements. No State funds were available for this work.

The DEP received approval from the State House Commission on September 25, 2003 to enter into a 20-year lease with Mansion Caterers, which was fully executed on June 29, 2004. The rent due under lease is \$100,000.00 per year plus 15.1 percent of the yearly total gross revenue exceeding \$2,300,001.00. The lease revenue is deposited by the DEP in the Ringwood State Park revolving account for the upkeep of Ringwood State Park.

Beginning in 2004 and pursuant to the lease, Mansion Caterers began an extensive rehabilitation of the residential portion of Skylands Manor to convert it into a bed and breakfast/conference center. To date, they have invested \$1,100,000.00 in the bed and breakfast/conference center portion of the manor (in addition to the \$800,000.00 they expended in renovating the catering facility portion of the building). Under the terms of the lease, Mansion Caterers is solely responsible for the renovations, although the renovations were done in consultation with DEP and received the approval of the State Historic Preservation Office. Due to this substantial investment and the need to obtain adequate financing in light of the recent renovations, Mansion Caterers has requested a longer term lease.

The DEP has forged an exemplary private/public partnership with Mansion Caterers over the last ten years -- through both the concession agreement and the lease agreement. The catering operation has been successful, and both parties anticipate the same success for the bed and breakfast/conference center operation.

In addition to changing the term of the lease from 20 years to 30 years, the DEP will also be seeking to renegotiate various provisions of the lease to lessen its financial responsibilities under the lease. Specifically, the DEP will be seeking to require Mansion Caterers to be solely responsible for utility costs (electric, heating oil, propane and water), and maintenance and repairs of the air conditioning system and a walk-in freezer. Under the current lease, Mansion Caterers and the DEP divide the cost of the utilities pursuant to a formula set forth in the lease, and the DEP is solely responsible for repairing and maintaining the walk-in freezer and air conditioning system. The current air conditioning system is not effective and DEP has expended a significant amount of funding (from the rental payments it receives from Mansion Caterers) for emergency repairs and short-term fixes for the air conditioning problems. The DEP has committed capital expenditure funding to build a new air conditioning system, but will be seeking to amend the current lease, giving Mansion Caterers sole responsibility for maintaining and repairing the new system once it is constructed. Lastly, the DEP will be seeking to amend the lease to accommodate public tours of the leased premises, provided that such tours do not reasonably interfere with Mansion Caterers' business operation.

The property that has been leased is designated as Block 1000, Lot 2 in the Borough of Ringwood, Passaic County. The lands and structures were acquired by the Department of Environmental Protection under the Green Acres Land Acquisition Act of 1974 and assigned to the Division of Parks and Forestry for administrative purposes as a part of Ringwood State Park. Skylands Manor was built in the 1920s with native stone and half-timbers in the English Jacobean style. The 44-room mansion contains rooms with antique paneling as well as new American Oak paneling and large windows, some of which contain 16th-century stained glass medallions. The house is also notable for its molded plaster ceilings and an elaborately carved staircase.

Robert and Gerald Frungillo, Owners and Linda Pergola, General Manager have been operating the facilities proposed to be leased.

Additional information regarding the proposed lease amendment is available from Marci Green, Administrator of the Office of Leases, Department of Environmental Protection, at (609) 633-7575.

ADVANTAGES AND DISADVANTAGES

The lease currently allows for year-round use of the Skylands Manor and Chapel, continued daily maintenance, renovation and improvements to these facilities, introduction of the park environment to a clientele who may not normally visit Ringwood State Park, infusion of new revenue sources from both the lessee and new visitors, support for friends groups within the park, opportunity for a new community meeting place and increased employment opportunities.

ENVIRONMENTAL ASSESSMENT

Assessment of Environmental Impact and Impact on Plants, Endangered and Non-Game Species

There has been no adverse environmental impact to any plants, endangered and/or non-game species as a result of the lease, and none is anticipated as a result of the proposed lease extension. To the contrary, the operation of the Botanical Gardens located adjacent to the Manor is enhanced by the infusion of funds to the Ringwood State Park revolving account.

Assessment of Recreational Impact

There has been no adverse recreational impact to Ringwood State Park, Skylands Manor or Shepherd Lake Recreation Area as a result of the lease, and none is anticipated as a result of the proposed lease extension. As discussed above, the lease increases the use of these facilities over the long term.

ECONOMIC ASSESSMENT

Based on a fair market appraisal of comparable businesses within the market area and like type businesses in the region, return on investment and amortization calculations (by Mansion Caterers), evaluation of the highest and best use of the facilities, compensation to be paid to the State, decrease in maintenance costs of these facilities by the State, long-range plans for continued improvement to the Manor, the lease and lease extension will result in an economic benefit to the State greater than could be realized without entering into the agreement.

The State currently receives an annual income in the amount of \$100,000.00 guaranteed and 15.1 percent of the yearly total gross revenue exceeding \$2,300,001.00. As discussed above, the DEP will be renegotiating portions of the lease to lessen its financial responsibility for the repair, upkeep and maintenance of utilities, appliances and the air conditioning system. The lease revenues are deposited in the existing Ringwood State Park revolving account for use for the upkeep of Ringwood State Park.

To date, Mansion Caterers has invested almost Two Million Dollars in the renovation and improvement of the leased facilities. In light of this extensive investment and the success of the public/private partnership to date, the DEP is seeking to extend the term of the lease at the request of Mansion Caterers. Without a lease extension, Mansion Caterers' economic viability may be jeopardized in light of the substantial investment it has made. If Mansion Caterers were to default on the lease agreement and the agreement was terminated, the DEP would not be in a financial position to maintain Skylands Manor.
