General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NOTICE OF PUBLIC HEARING
FOR DENIAL OF A SOLID WASTE TRANSFER STATION/MATERIAL RECOVERY FACILITY
PERMIT**

The New Jersey Department of Environmental Protection, Solid & Hazardous Waste Management Program, hereby gives notice that it has tentatively denied a Solid Waste Facility Permit renewal application regarding the operation of the existing Solid Waste Transfer Station/Material Recovery Facility for MAZZA & SONS INC. In addition to denying the renewal application, the Department intends to terminate the facility's existing solid waste permit as well as revoke authority for MAZZA & SONS INC. to operate the solid waste facility located in the Borough of Tinton Falls, Monmouth County, New Jersey.

The application for a Solid Waste Facility Permit renewal was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. However, the facility has committed numerous violations of the solid waste regulations and its solid waste permit since the date of permit issuance. Due to these violations, the Department intends to deny the renewal application, terminate the existing solid waste permit and revoke authority to operate a solid waste facility.

Previously, a notice of public comment was published on November 12, 2008 seeking written comments from any interested persons on the draft action to terminate the existing permit, deny permit renewal and revoke the authority to operate a Solid Waste Facility Permit. The comment period was for thirty (30) days from the date of publication of notice and ended on December 11, 2008. During the public comment period, the Department received a request for a public hearing to be held on the proposed action. The Department will conduct a public hearing at the time and place specified below to receive comment and the comment period will remain open for fifteen (15) days after the close of the public hearing.

A public hearing will be now held to receive comments regarding draft denial action:

NOTICE OF SETTLEMENT
CAFRA INDIVIDUAL PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION entered into a Settlement Agreement with the Edison Township Board of Education that authorizes the disturbance of 0.031 acres of an ordinary resource value wetland swale, and the disturbance of 0.123 acres of a transition area adjacent to an intermediate resource value wetland and the conservation restriction of an equal amount of land area as compensation for the transition area disturbance, for the construction of additional parking spaces at the J.P. Stevens High School. These activities are authorized under the Freshwater Wetlands Protection Act Rules (N.J.A.C.7: 7A-1.1 et seq.). The project was originally denied because the applicant had proposed the disturbance of non-isolated wetlands under Statewide general permit no. 6 and the disturbance of a tributary to Robinsons Branch of the Rahway River under Statewide general permit no. 7. These original activities were not consistent with the requirements for Statewide general permit no. 6 and 7 and therefore the application was denied.

The proposed project site is located on Grove Street in the Township of Edison, Middlesex County. The applicant is Edison Township Board of Education. This settlement satisfies the appeal of File 1205-02-0005.1FWW040001 and 1205-04-0005.1FWW040001.

NOTICE OF SETTLEMENT
CAFRA INDIVIDUAL PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has issued Statewide general permit no. 6, 10, and 11, and a Transition Area Waiver to Foxborough Plaza, LLC that authorized the disturbance of 0.12 acres of wetlands, and the reduction of 8,269 square feet of transition area that will be compensated for by the addition of 8,585 square feet of land area. The authorized activities involve the construction of a road crossing, a parking lot, and a single stormwater outfall structure, in connection with a proposed retail development. The work is authorized under the Freshwater Wetland Protection Act Rules (N.J.A.C.7:7A-1.1 et seq.). The applicant had filed an appeal of the Department's classification of an onsite wetland as intermediate resource value through Letter of Interpretation 1209-06-0009.1FWW060001. The Department issued the Statewide general permit no. 6, 10, and 11, and Transition Area Waiver Averaging Plan because the proposed activities were consistent with the substantive requirements under the Freshwater Wetland Protection Act Rules. With the issuance of these approvals, the applicant has withdrawn their appeal of the Letter of Interpretation. The proposed project site is located within lots 9.11 and 10.11 of block 19000 on Route 9 in the Township of Old Bridge, Middlesex County. The applicant is Foxborough Plaza LLC.
