General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NOTICE OF INTENT TO SETTLE LAWSUIT

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION and NJTRANSIT intend to settle a lawsuit filed by Interstate Outdoor Advertising, L.P., Consolidated Rail Corporation, CSX Corporation, CSX Transportation, Inc., Norfolk Southern Corporation and Norfolk Southern Railway Company (the "Railroads") against the Department of Environmental Protection, NJTransit, et al. In this lawsuit, the Railroads are seeking a declaratory judgment that a certain Indenture, dated June 30, 1937, which quitclaimed to the State certain canal properties in the City of Trenton, Mercer County, New Jersey, reserved to the Railroads and their successors certain perpetual easement rights in these lands. The lawsuit centered on the meaning of the reserved easements in the 1937 Indenture. The proposed settlement resolves the uncertainty in the easement rights reserved by the Railroads; resolves the placement of outdoor advertising signs within the easement area; results in the release of easement of 12 acres to the State; and allows for the completion of a 1.5-mile gap in the 70-mile Delaware & Raritan Canal Path that runs from New Brunswick to Frenchtown.
