Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

**NOTICE OF PUBLIC COMMENT PERIOD  
REGARDING A SOLID WASTE TRANSFER STATION/MATERIAL RECOVERY FACILITY  
AND CLASS A RECYCLING CENTER PERMIT RENEWAL**

The New Jersey Department of Environmental Protection, Division of Solid & Hazardous Waste hereby gives notice that it has tentatively approved a Solid Waste Facility Permit Renewal application regarding the operation of the existing I.W.S. Transfer Systems of NJ, Inc. – Jersey City Transfer Station/Material Recovery Facility and Class A Recycling Center. The facility is located at 375 Routes 1 & 9 South in Jersey City, Hudson County.

The application for a Solid Waste Facility Permit Renewal was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility is currently permitted to accept a maximum of 1,725 tons per day, and not more than 9,450 tons per week based on a six-day per week operation, of solid waste types 10, 13, 13C, 23, 25, 27, and/or recyclable materials for processing, recovery, and transfer 24 hours per day, Monday through Saturday and on Sundays from 8:00 p.m. to 12:00 a.m. (midnight). The facility is also authorized to accept and process a maximum of 350 tons per day of commingled Class A recyclable materials (consisting of aluminum, metal, plastic containers; paper and corrugated cardboard) 24 hours per day, Monday through Saturday.

The public comment period on the draft permit action begins on the date of the publication of this notice and will close within thirty (30) days of this publication. Any interested person may submit written comments during this period to the Department concerning the draft permit action to:

Anthony Fontana, Chief  
New Jersey Department of Environmental Protection  
Division of Solid & Hazardous Waste  
Bureau of Solid Waste Permitting  
Mail Code 401-02C  
401 E. State Street, P.O. Box 420  
Trenton, New Jersey 08625-0420  
(609) 292-9880

Upon written request of any interested party, which raises the issues of fact relevant to the proposed agency action within thirty (30) days of this publication, a public hearing will be scheduled regarding the proposed agency action.

The application and all other supporting documents, as well as the draft Solid Waste Facility Permit and fact sheet are available for inspection at the above noted office of the Department's Division of Solid & Hazardous Waste, the office of the Jersey City Clerk, and the Hudson County Registers Office.

Anyone who would like to obtain copies of the draft permit and a fact sheet for the facility should notify Kimberly Beccia at the above address or contact her at (609) 984-2104.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF REQUEST TO RELEASE CONSERVATION EASEMENT/DEED RESTRICTION  
PUBLIC HEARING**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has received an application for the release (modification) of a restriction set forth in the current Conservation Easements/ Declarations of Environmental Restrictions ("Declaration") by and between Stone Harbor Properties, Inc. ("SHPI") and the New Jersey Department of Environmental Protection ("NJDEP") dated November 15, 2006, and recorded December 2, 2006, in the Cape May County Clerk's Office in Deed Book 3263, pages 965 through 990, under and subject to the provisions of the "New Jersey Conservation Restriction and Historic Preservation Restriction Act." N.J.S.A. 13:8B-4 and 5.

At the time the Declaration was recorded, the Filled Water's Edge policy only permitted water dependent uses within 150 feet of the marina basin, and the Declaration so provided, as follows:

"2. The portion of the Property located within 150 feet from the edge of the marina basin as depicted on Exhibit A, is reserved for water dependent uses such as the present full-service marina."

"3. Any bathhouse constructed on the Property as shown on Exhibit A will be thereafter prohibited from conversion to any other use such as a residence or restaurant."

However, DEP subsequently determined that restaurants may be acceptable in the filled water's edge area, and amended the Filled Water's Edge rule to permit restaurants in the area that was previously restricted to water dependent uses.

The Filled Water's Edge policy, N.J.A.C. 7:7-9.23(m) presently provides that "The construction of a restaurant at a marina facility is acceptable within the filled water's edge portion of a site provided it meets the standards of N.J.A.C. 7:7-15.3(d)(8)."

Based on the revised rule, SHPI seeks to modify the above provisions of the Declaration to read as follows:

"2. The portion of the Property located within 150 feet from the edge of the marina basin as depicted on Exhibit A, is reserved for water dependent uses such as the present full-service marina, and restaurant use."

"3. Any bathhouse constructed on the Property as shown on Exhibit A will be thereafter prohibited from conversion to any other use such as a residence, but use as a restaurant is permitted."

If the partial release as described above is approved by the Department, SHPI will file a new conservation restriction with the above amendments and maintaining all other provisions of the Declaration. The release of the above-described restrictions is governed by the provisions of the "New Jersey Conservation Restriction and Historic Preservation Restriction Act" N.J.S.A. 13:8B-5 and -6.
