The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

TAKE NOTICE that, in accordance with the New Jersey Conservation Restriction and Historic Preservation Restriction Act, N.J.S.A. 13:8B-5, the New Jersey Department of Environmental Protection, Division of Land Use Regulation (the “Department”) has received an application for a release of the current Public Access Conservation Restriction/Easements by and between SEABG, LLC, and the New Jersey Department of Environmental Protection on the property identified as Block 177.04, Lot 27 (formerly Block 177.04, Lot 1.34). The former owner of the property, Island Bay, LLC, and the NJDEP entered into an Easement Agreement dated July 26, 1999, for the purpose of providing public access for pedestrians to the waterfront (Ingram’s Thoroughfare) from Seabreeze Lane. SEABG, LLC proposes the relocation of the public access easement to Ingram’s Thoroughfare to the western border of the property. The width of the easement will also be doubled from the existing 10-foot width to 20’ x 55’.
