General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**PUBLIC NOTICE OF INTENTION TO EXTEND LANDFILL POST-CLOSURE CARE PERIOD
FOR PINELANDS PARK SANITARY LANDFILL**

The New Jersey Department of Environmental Protection hereby issues this public notice, pursuant to N.J.A.C. 7:26-2A.9(c)10, of its intention to extend the post-closure care period for the Pinelands Park Sanitary Landfill (landfill) located at 3024 Ocean Heights Avenue in Egg Harbor Township, Atlantic County by an additional 10 years.

The subject landfill ceased operating in 1990 and was properly closed in 1992. The Solid Waste Regulations at N.J.A.C. 7:26-2A.9 require that closed landfills be maintained and monitored during their post-closure care periods which continue for 30 years after closure. However, the Department may extend the post-closure care period upon a finding that such an extended period is necessary to protect human health and/or the environment.

Based on data generated during the post-closure care period and a review of the most recent post-closure evaluation report, the Department has found that the landfill will require post-closure maintenance and monitoring to continue beyond the initial post-closure care period to protect human health and the surrounding environment. Based on these findings, the Department has determined that it is necessary to extend the post-closure care period for the landfill. The Department intends to extend the post-closure care period for ten (10) additional years, until July 31, 2032. During this extended post-closure care period, the Department will require maintenance and monitoring of the landfill to continue in accordance with N.J.A.C. 7:26-2A.9 and the most recent closure and post-closure plan approval.

If anyone has questions or comments concerning the Department's intention to extend the post-closure care period of the landfill, please send those questions or comments to the following address:

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO AUTHORIZE
COASTAL GENERAL PERMIT #4**

NOTICE OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION'S intent to authorize a Coastal General Permit #4 application for the proposed development of a single-family dwelling for the below referenced site in accordance with N.J.A.C. 7:7-19.

IN THE MATTER OF: Fenelon Properties, LLC
 NJDEP FILE #1506-13-0012.6 LUP190001,
 Block 52.01, Lot 11
 (formerly designated as lots 11, 12, 13, and 14 in block 1)
 Brick Township, Ocean County

On July 16, 2019, the Division denied a Coastal General Permit #4 on the above property for the proposed development of a single-family dwelling. The department has reassessed the strict application of the Coastal Zone Management Rules and has determined development of a single-family dwelling and associated improvements, would be consistent with the goals of the Coastal Area Facilities Review Act N.J.S.A. 13:19-1 et seq.

A 30-day public comment period shall commence upon the publication of the November 17, 2021 DEP bulletin. Comments may be sent to:
