| 0803-03-0007.2 - LUP - 220001         | 184 HARMONY ROAD | Atlantic City Electric (ACE) is proposing the in-kind replacement of an 18-inch drainage pipe under an existing residential driveway (the Project). The Project was deemed necessary by Gloucester County since a County Inspector determined that the pipe was no longer serviceable and would not support flow from proposed approved work along Harmony Road. Replacement of the crushed/ failed pipe will restore flow along the drainage feature that runs parallel to the northeast side of Harmony Road. | ATLANTIC CITY ELECTRIC HARMONY RD | Rebecca Grike   |

The existing right of way of 33 based on the Hibernia Mine Branch Valuation Map and the Chesapeake & Delaware LLC System Track Standards require the proposed railroad runaround track to have 15 min. track centers and No. 10 turnouts. The existing railroad crosses over and runs along areas of open water. Wetland areas are located within the project area.
