## INSTRUCTIONS FOR COMPLETING FORM RFA – 1 STORM

This form shall be used for all Requests for Authorization (RFA) under NJPDES stormwater general permits. This form is not to be used for administrative updates, revocation or transfer of a permit. Forms for these permit actions may be obtained by calling the Bureau of Permit Management at (609) 984-4428 or at the DWQ website at <http://www.state.nj.us/dep/dwq/forms.htm>.

- 1. Applicant(s)/Operating Entities** – This is the name under which the permit will be issued. Provide the name, as it is legally referred to, of the operating entity(ies) that is the applicant(s) in your application for the NJPDES permit. An “operating entity” is any firm, public agency, individual, or other entity which, alone or along with other operating entities, has primary management and operational decision-making authority over any part of a facility/site.

It is the duty of the operating entity(ies) to obtain a NJPDES permit. When a facility/site or activity is owned by one or more entities, but is currently operated by another entity(ies), it is the duty of the operating entity(ies) to obtain a NJPDES permit. If the facility/site named in Item 3 has an operating entity(ies) which is not an applicant submitting your application, attach an additional sheet that contains a statement to that effect and as much Item 1 information as you have about that operating entity(ies).

Provide the mailing address of the applicant(s). If the mailing address is outside the United States, provide the correct foreign mailing address. Provide the 9-digit Federal Tax Identification Number (also called Federal Identification Number) assigned to the applicant(s) by the IRS for tax reporting purposes. Provide the telephone number (and, if they exist, the fax number and e-mail address) of the applicant(s). If the applicant(s) has a parent corporation(s), provide that parent corporation’s name and place of incorporation.

**Standard Industrial Classification Code** – If unknown, look at the upper left-hand corner of the state unemployment Quarterly Contributions Form. The state assigned number may determine the need of your facility to comply with this rule. The Short Title information requested is the official, short definition of the type of industrial activity at your facility.

- 2. Property/Land Owner(s)** – Provide the legal name of the owner(s) of the property/land upon which the discharge is controlled and/or taking place. A “Property” includes all contiguous lots and blocks, including vacant land, owned or otherwise under the control of the owner or operating entity of the regulated facility.
- 3. Location of Facility/Site** – Provide the location of the facility/site. Street number and name must be used (PO Box #'s are not acceptable). Use the municipality and county where the facility/site is physically located. Do not use local or neighborhood names.
- 4. Facility Contact and Correspondence** – Identify a person the Department can contact for facility/site related information. This person should be familiar with the content of the application. All correspondence (i.e., notices, invoices) will be sent to the applicant/operating entity identified in Item 1. If you want specific correspondence sent to someone other than the applicant/operating entity, please list their name, address, and the requested correspondence on a separate sheet attached to this form.
- 5. Facility Description and Use** – Provide a brief description of the facility relating to this application. If requesting a modification to your permit, state the reason for such. Also, indicate if the discharge is to surface water (and the name of the receiving waterbody) or ground water (and the type of ground water discharge). Check one or both boxes as appropriate. Unless the entire site is covered by building(s) or entirely paved, your facility has some discharge to ground water. Most facilities have both a surface and ground water discharge.
- 6. Operating Entity Status** – Circle only one category which best describes the operating entity.

**Status of Facility** - Circle only one answer. Include the date for new facilities only.

7. **Requested NJPDES Permitting Action and Other NJPDES Permits** – Under Table A, check the requested permit action (new, etc.). Under Table B, list currently held permits and/or pending applications for this facility/site. For existing permits, list permit number(s) and expiration date.
8. **Applicant's Agent (Optional)** - Identify the person who is authorized to act as agent/representative in all matters pertaining to this application. Both the agent and the authorized official of the applicant must sign.
9. **“Attachment A” Certification by Applicant** - The certification **must** be made by the applicant(s) for the NJPDES permit. The applicant(s) is the operating entity(ies) for the facility/site (see item 1 instructions). All signatures in items 8 and 9 must be original signatures.
10. **Complete and Submit the Original RFA to:**
