

Please attend the Rebuild By Design Meadowlands (RBDM)
Riverfront Park
Local Design Workshop

Thursday, January 23, 2020
Little Ferry Borough Hall, 215 Liberty St.
 Little Ferry, NJ 07643
7:00 - 9:00 pm

RBDM Focus: Riverfront Park Design

Join the New Jersey Department of Environmental Protection (DEP) at a Rebuild by Design Meadowlands Riverfront Park Local Design Workshop to discuss overall project improvements and provide input on the design of a new riverfront park on the Hackensack River in Little Ferry.

The Rebuild By Design Meadowlands (RBDM) Flood Protection Project is a comprehensive urban water management project designed to reduce the risk of floods from frequent rainfall events in the Boroughs of Little Ferry, Moonachie, Carlstadt, and Teterboro, and the Township of South Hackensack, all in Bergen County, NJ.

The Riverfront Park component of the project includes the creation of a new public park. The design workshop will include discussion of community priorities for a new waterfront park as well as preferences on the look and feel of the future park experience.

Project Benefits

REDUCE FLOOD RISK

CULTIVATE ECOLOGY

ENERGIZE COMMUNITY

New forcemain improves conveyance

Improvements to and creation of parks and open space enhances community quality of life

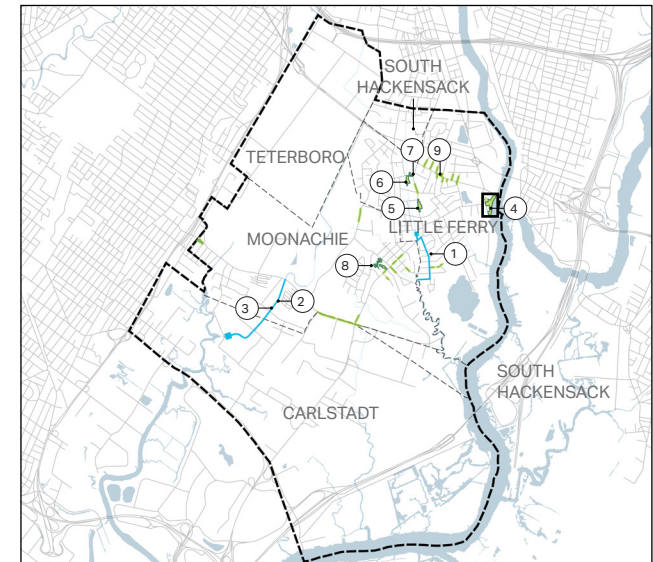

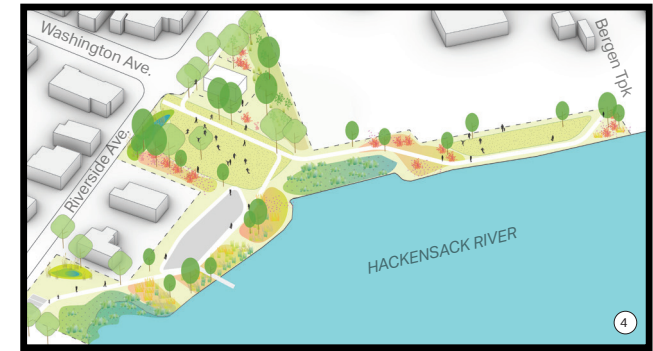

Pump station directs stormwater to bypass a bottleneck in Losen Slote

Green infrastructure and native planting filter surface runoff

REBUILD BY DESIGN
MEADOWLANDS

RBDM PROJECT COMPONENTS

FLOOD RISK REDUCTION

- ① Losen Slote force main + pump station
- ② East Riser channel + pump station

ECOLOGICAL + COMMUNITY BENEFITS

- ③ East Riser ecological enhancement
- ④ Riverfront Park
- ⑤ Memorial Middle School
- ⑥ Little Ferry Borough Hall
- ⑦ Little Ferry Public Library
- ⑧ Joseph St. Park
- ⑨ Right-of-way green infrastructure

If language interpretation services are needed at the meeting, please contact DEP by January 16th at rbd-meadowlands@dep.nj.gov
