Prominent Points of Interest

Historic Walnford (UF1, UF2): Access from Walnford Road

Within Monmouth County Park System's Crosswicks Creek Park (UF2, UF57, UF58), Historic Walnford features one of the county's most iconic places, a historically restored blue gristmill (UF2) on the Crosswicks Creek. This historic site also features the Waln House, the largest pre-Revolutionary War home in the county, constructed in 1773, and other domestic and agricultural structures.

Crosswicks Creek Park (UF2, UF57, UF58): Access from Historic Walnford, Hutchinson Rd. in Allentown, County Route 537 in Cream Ridge, and Province Line Road (fishing).

Find yourself removed from 21st century distractions in the 2,000 plus-acres surrounding Crosswicks Creek that are preserved by this park with Historic Walnford (UF1) as its centerpiece.

Historic Allentown Village (AT1-AT22): Portions of High Street/Main Street/Church Street/ Waker Ave. The town is named after its founder, Nathan Allen, who purchased 638 acres in 1706. The village became a center of commerce and was an important crossroads during the American Revolution. While touring this charming village, seek out Cafferty's Old Mill (AT5), Conine's Millpond (AT4), Doctor's Creek (AT4), and Heritage Park (AT6). Enjoy a stroll down Main Street (AT17) past many historic homes and buildings which now house shops and restaurants. Allentown is one of the largest National Register Historic Districts (AT13) in New Jersey.

Horse Park of New Jersey (UF17): County Route 524

The facility spans 185 acres and is a cornerstone of New Jersey's robust equine industry. The result of a public-private partnership, and operated by the New Jersey Department of Agriculture, the park opened in 1988 with the aim of providing a venue for diversified equine interests from throughout the region, from show riders to dressage practitioners, trail-riders to trainers.

Assunpink Wildlife Management Area (UF18): Access from East Branch Road off County Route 524 Operated by the New Jersey Division of Fish and Wildlife, this tract of 6,300 acres of preserved land offers public hunting, fishing, hiking, and other forms of outdoor recreational activities.

Ye Old Robbins Burial Place (UF19): County Route 524 between East Branch and Harmony Hill Rds. The cemetery dates back to 1695. One of the oldest graves on the site (1720) is that of Deborah Lincoln, the great-great aunt of President Abraham Lincoln. Visitors can park near the roadside marker and follow the path into the woods to the burial ground. The area is also known as Covell Hill.

Imlaystown Historic District (UF22): Off County Route 526 at Imlaystown Road and Davis Station Road
This National Historic Register village was founded in 1690 by John Baker who then sold the land to Richard
Salter, Sr. who built a grist mill (circa 1700) parts of which still stand today. Salter hired distant relatives of
Abraham Lincoln as ironmongers. With its narrow roads, closely spaced houses, and old-fashioned land
marks, the village stands as a historic reminder of the many mill communities that once dotted the streams
and ponds throughout central New Jersey.

Clayton Park (UF24): Access from Emley's Hill Road

This scenic 450-acre tract in Upper Freehold is located amidst the rolling farmland of western Monmouth County. A tranquil, wooded property, Clayton Park is known for its stately stands of mature trees including red and white oak, beech, ash, and birch. Nearly 6 miles of forested trails are a popular destination for bicyclists, hikers, and equestrians.

Old Yellow Meeting House (UF26): Take County Route 526 to Yellow Meeting House Road
Originally known as Crosswicks Baptist Meeting, services were first held in members homes as early as 1700.
In 1720, Thomas and Rachel Salter (Imlaystown) donated 25 acres of land for a house of worship. Thomas' sister Hannah and her husband Mordecai Lincoln were the great-great grandparents of President Abraham Lincoln. The original church burnt down and was replaced by the current structure in 1737. It is the oldest Baptist Meeting House in New Jersey.

The Union Transportation Trail (UF43): Access behind Upper Freehold Municipal Bldg. or County Route 539 near Arneytown-Hornerstown Rd.

Once known as the Pemberton and Hightstown Railroad, operations began in 1868 to provide dairies and farms access to larger railroads and markets outside of Monmouth County. Passenger service ended in 1931 but freight continued along portions of the line until 1977. Today the Monmouth County Park System has converted the railroad right of way in our county in to a recreational trail, and Ocean and Mercer Counties are working on their connections.

Preserved Farmland

More than 10,000 acres of farmland throughout Upper Freehold Township have been preserved through state, county, and local efforts. Much of the Upper Freehold Historic Farmland Byway runs through these preserved lands which support agricultural retention and preserve historic landscapes in perpetuity. Concentration of preserved farmland can be found along portions of the byway including Rues Rd. (south of I-195), County Route 526, Burlington Path Rd., and Hill Rd.

What is a Scenic Byway?

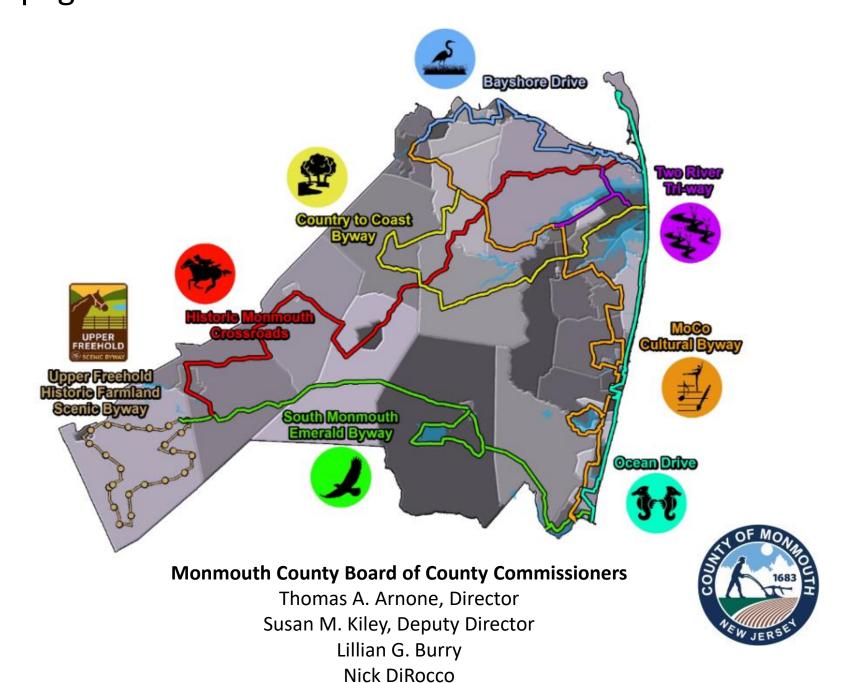

A scenic byway is a transportation corridor containing regionally significant intrinsic qualities such as scenic, natural, recreational, cultural, historic or archaeological resources. Each corridor is as unique and diverse as the community they showcase. Byways create a unified theme through a place to help convey the story of an area's history, heritage, characteristics, and beauty.

Upper Freehold & Allentown's Byway

A twenty-five mile loop provides visitors with the experience of lush rolling hills and miles of uninterrupted farmland in Upper Freehold Township which is further enhanced and complimented by the charming colonial village of Allentown Borough. All who travel the byway are encouraged to explore some of Monmouth County's finest historic sites and preserved open spaces including numerous parks for hiking and recreation.
