

Exotic and Nongame Species – Quarterly Report

Important Notice Regarding Cervidae: Effective immediately under the authority of the New Jersey Department of Environmental Protection Fish & Wildlife: Captive Game and Exotic and Nongame regulations, there is a ban until further notice on the importation of all Cervidae species into the State of New Jersey, including but not limited to: white-tailed deer, black-tailed deer, mule deer, red deer, sika deer, muntjac, reindeer, elk, and moose. This is due to the growing concern of the spread of chronic wasting disease (CWD) into wild and farmed herds in the deer family throughout the United States.

Note: No potentially dangerous species or endangered species may be obtained without prior written approval from the Wildlife Permits Unit.

Reporting Period:
