Important General Instructions

- The last ORIGINAL permit issued must be surrendered to be able to complete the process. A copy will not be accepted. If you do not have the original permit, you must submit an affidavit of lost landing permit application for a new "original" permit, this will be a separate processing time.
- The "REISSUANCE APPLICATION" must be completed.
- Provide all requested information for the current vessel being replaced and replacement vessel.
- The new vessel must not be greater than 10% larger in vessel length and not more than 20% greater in horsepower as compared to the originally permitted vessel.
- You must provide copies of the Certificate of Documentation, vessel registration or other documentation to prove length, horsepower, and ownership of the replacement vessel. Proof of horsepower is required and may include engine manufacturer specifications or a letter from a certified engine manufacturer mechanic.
- Please be reminded that the vessel being replaced is no longer eligible for a New Jersey permit under the same harvesting history used to qualify for the original permit.
- New Jersey American Lobster permits are exempt from the vessel limitations in length and horsepower when transferring a lobster permit.
- The owner must sign and date the application where indicated. **If the individuals involved in the transferring transaction are unable to sign in front of a NJDEP Fish and Wildlife staff member the transfer application(s) MUST BE NOTARIZED.**
