## I. BACKGROUND

A. The United States of America (“United States”), on behalf of the United States Department of Commerce (“Commerce”), acting by and through the National Oceanic and Atmospheric Administration (“NOAA”) and the United States Department of the Interior (“DOI”) acting by and through the United States Fish and Wildlife Service (“USFWS”), filed a complaint in this action against Wyeth Holdings LLC (“Settling Defendant”) pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9607.

B. The United States in its complaint alleges that Settling Defendant is liable under Section 107 of CERCLA, 42 U.S.C. § 9607, for damages for, injury to, destruction of, or loss of Natural Resources in connection with the American Cyanamid Superfund Site (“Site”), as defined in Section IV of this Consent Decree, and the reasonable costs of assessment of Natural Resource Damages (“NRD”).

C. Pursuant to 42 U.S.C. §§ 9607(f)(2) and 9615, 40 C.F.R. § 300.600 (herein referred to as the NCP); Executive Order 12580, 52 Fed. Reg. 2933 (January 23, 1987), as amended by Executive Order 12777, 56 Fed. Reg. 54757 (October 19, 1991), DOI and NOAA have been delegated authority to act on behalf of the public as the federal trustees for Natural Resources impacted by the release of hazardous substances at or from the Site.

D. New Jersey Department of Environmental Protection (“NJDEP”), filed a separate complaint alleging that Settling Defendant is liable under Section 107 of CERCLA, 42 U.S.C. § 9607, and the Spill Compensation and Control Act, N.J.S.A. 58:10-23.11 through -23.24 (“Spill Act”) for reimbursement of costs and damages for injury to, destruction of, or loss of Natural Resources in connection with the Site, as defined in Section IV of this Consent Decree, and the reasonable costs of assessment in the Spill Act, N.J.S.A. 58:10-23.11 through -23.24 and CERCLA, 42 U.S.C. § 9601(16). The State of New Jersey, acting by and through NJDEP, is a natural resource Trustee pursuant to 40 C.F.R. § 300.600 and N.J.S.A. 58:10-23.11a.

E. NOAA, DOI, and NJDEP (the “Trustees”) have engaged in natural resource injury studies and restoration planning, for which the Trustees incurred costs of assessment, to identify and quantify injuries to their shared trust resources. These injured resources may include, but are not limited to, birds, mammals, fish, surface water, sediments, and other wildlife, plants, and their supporting habitats, and associated services losses.

F. NJDEP intends to file in this Court a motion to consolidate its action in this matter, to which the United States and the Settling Defendant will not object.

G. This is the second Consent Decree resolving claims by the Trustees against Settling Defendant relating to the Site. On February 1, 2017, the United States District Court for the District of New Jersey (the “Court”) entered a Consent Decree resolving Settling Defendant's liability for In-River Natural Resource Damages, as defined in that Consent Decree. (hereinafter “2017 In-River NRD Consent Decree”). *See United States of America, and New Jersey Department of Environmental Protection v. Wyeth Holdings, LLC*, 3:16-cv-07219-AET-LHG

(ECF No. 9). By the terms of that Consent Decree, the Trustees reserved and retained their right to assert claims for NRD resulting from potential impacts to other Natural Resources in connection with the release of hazardous substances at the Site. Such other claims for NRD, including claims for Floodplain, Riparian, Upland, and Wetland NRD, as defined below in Section IV (Definitions), are resolved in this Consent Decree.

H. Investigations at the Site by the United States Environmental Protection Agency (“EPA”) and NJDEP concluded that waste storage and disposal impoundments at the Site contain or contained hazardous substances, including, but not limited to, volatile organic compounds (“VOCs”), semi-volatile organic compounds (“SVOCs”), and/or metals. Investigations also found that Site soils contain hazardous substances, including VOCs, SVOCs, polychlorinated biphenyls, and metals, and that groundwater underlying the Site contains metals and VOCs, such as benzene, chlorobenzene, ethylbenzene and xylene.

I. The United States, on behalf of EPA, and Settling Defendant have entered into two remedial Consent Decrees relating to the Site. The first addressed Operable Unit 4 and encompassed all anticipated response actions at the Site, except the remediation of Operable Unit 8 relating to impoundments 1 and 2. That Consent Decree was entered by the Court on December 8, 2015. *United States v. Wyeth Holdings LLC*, 3:15-cv-07153-AET, (ECF No 8). (hereinafter, “2015 Remedial Consent Decree”). The United States in that Consent Decree reserved all rights against Settling Defendant for damages to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessment. The second remedial Consent Decree between the United States and Settlement Defendant addressed Operable Unit 8 and was entered by the Court on September 16, 2021. *United States v. Wyeth Holdings LLC*, 3:21-cv-17075-AET-LHG (ECF No. 10) (hereinafter, “2021 Remedial Consent Decree”). The United States in that Consent Decree reserved claims for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments, except for liability related to natural resource damages resolved in the 2017 In-River NRD Consent Decree.

J. NJDEP and Settling Defendant entered into an Amended and Restated Administrative Consent Order, which became effective on December 23, 2015 (hereinafter, “2015 ARACO”). The 2015 ARACO replaced, nullified, and superseded prior administrative consent orders regarding the Site, and set forth the remaining remedial obligations of the Settling Defendant to NJDEP with respect to the Site. The 2015 ARACO, by its terms, did not affect or waive any claim of NJDEP against any party for damages for injuries to, destruction of, or loss of Natural Resources. In 2020, NJDEP and Settling Defendant entered into a natural resource damages settlement for alleged injuries to groundwater arising from discharges at or from the Site. The settlement agreement was signed and made effective on September 3, 2020 (the “2020 Groundwater NRD Settlement”).

K. The Trustees analyzed EPA’s investigation data and other available data to assess potential injuries to Natural Resources and their services related to release of hazardous substances at or near the Site, including releases of hazardous substances from the Site impacting terrestrial areas including floodplain, riparian, upland, and wetland areas that were beyond the scope of the 2017 In-River NRD Consent Decree. The Trustees outlined their assessment of

injuries related to hazardous substance releases and proposed restoration projects in a draft Restoration Plan and Environmental Assessment, which was presented for public comment. The public comment period ended on June 22, 2023. After responding to the comments, the Restoration Plan and Environmental Assessment was finalized. The Trustees and Settling Defendant then agreed, *inter alia*, to the restoration projects outlined in the Restoration Plan, and funding commitments, to be performed by the Settling Defendant. The requirements of the work to be performed by the Settling Defendant to resolve its liability for Floodplain, Riparian, Upland, and Wetland NRD are set forth in the Statement of Work (SOW) attached as an Appendix, which is made enforceable under this Consent Decree.

L. Settling Defendant does not admit any liability to the United States or NJDEP arising out of the transactions or occurrences alleged in the complaints, nor does it acknowledge that the release or threatened release of hazardous substances at or from the Site has caused damages to, destruction of, or loss of Natural Resources.

M The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and implementation of this Consent Decree will expedite the restoration of natural resources injured at or in connection with the Site and will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

NOW, THEREFORE, it is hereby Ordered, Adjudged and Decreed:

18. Payment of Long-Term Stewardship Costs and Long-Term Stewardship Oversight Costs.

a. Payment Amount. After review and approval of Settling Defendant's Final Monitoring and Maintenance report as set forth in the SOW, the Trustee Council shall evaluate the success of the Forested Floodplain Restoration Project based on the performance metrics set forth in the Long-Term Stewardship Payment Schedule in Attachment B to the SOW. Based on this Schedule, the Trustee Council shall determine, subject to dispute resolution as set forth in Section X, the required payment amount for each criteria. After the Trustee Council has given written notice to the Settling Defendant of the Long-Term Stewardship Payment amount and applicable Long-Term Stewardship Oversight Payment amount, the Settling Defendant shall within 60 days submit such payments.

b. Instructions for Payments of Long-Term Stewardship Costs and Long-Term Stewardship Oversight Costs. All payments for Long-Term Stewardship Costs and Long-Term Stewardship Oversight Costs shall be deposited in the Restoration Account for the joint use and benefit of the Trustees as determined by the Trustee Council. Settling Defendant shall make payments required by this Paragraph 18 to the Restoration Account in accordance with

instructions provided by DOI. A copy of the paperwork documenting the payment and any accompanying correspondence shall be sent by Settling Defendant to the persons listed in Section XVIII (Notices) of this Consent Decree for notices to the Trustees, as well as to:

Notices shall reference the DOJ Case Number 90-11-3-07250/4, indicate that the payment relates to the “American Cyanamid, Project 00830”, and identify Wyeth Holdings, LLC as the paying responsible party.

19. Interest. In the event that any payment for Costs required under this Section is not made by the date required, Settling Defendant shall pay Interest on the unpaid balance. The Interest to be paid on Past Costs under this Paragraph shall begin to accrue on the Effective Date. The Interest on Construction and Monitoring Oversight Costs and Bird and Vernal Pool Biological Monitoring Costs shall begin to accrue 60 days after the Effective Date. The Interest on the Long-Term Stewardship Payment and Long-Term Stewardship Oversight Payment shall begin to accrue 30 days after the Trustee Council has given written notice to the Settlement Defendant of the payment amount. Payments of Interest made under this Paragraph shall be in addition to such other remedies or sanctions available to Plaintiffs by virtue of Settling Defendant’s failure to make timely payments under this Section including, but not limited to, payment of stipulated penalties pursuant to Paragraphs 31 or 32.

#### **IX. FORCE MAJEURE**

20. “Force majeure,” for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of Settling Defendant, of any entity controlled by Settling Defendant, or of Settling Defendant’s contractors that delays or prevents the performance of any obligation under this Consent Decree despite Settling Defendant’s best efforts to fulfill the obligation. The requirement that Settling Defendant exercise “best efforts to fulfill the obligation” includes using best efforts to anticipate any potential force majeure and best efforts to address the effects of any potential force majeure (a) as it is occurring and (b) following the potential force majeure such that the delay and any adverse effects of the delay are minimized to the greatest extent possible. Force majeure does not include financial inability to complete the Work.

21. If any event occurs or has occurred that may delay the performance of any obligation under this Consent Decree for which Settling Defendant intends or may intend to assert a claim of force majeure, Settling Defendant shall notify the Trustee Council’s representative specified in Paragraph 65 orally or, in his or her absence, the Trustee Council’s alternative representative, within seventy-two (72) hours of when Settling Defendant first knew that the event would likely cause a delay. Within five (5) business days thereafter, Settling Defendant shall provide in writing to the Trustee Council an explanation and description of the reasons for the delay; the anticipated duration of the delay; all actions taken or to be taken to prevent or minimize the

delay; a schedule for implementation of any measures to be taken to prevent or mitigate the delay or the effect of the delay; Settling Defendant's rationale for attributing such delay to a force majeure; and a statement as to whether, in the opinion of Settling Defendant, such event may cause or contribute to an endangerment to public health or welfare, or the environment. Settling Defendant shall include with any notice documentation supporting its claim that the delay was attributable to a force majeure. Settling Defendant shall be deemed to know of any circumstance of which Settling Defendant, any entity controlled by Settling Defendant, or Settling Defendant's contractors knew or should have known. Failure to comply with the above requirements regarding an event shall preclude Settling Defendant from asserting any claim of force majeure regarding that event during the period of time of such failure to comply, provided, however, that if the Trustee Council, despite the late notice, is able to assess to its satisfaction whether the event is a force majeure under Paragraph 20 and whether Settling Defendant has exercised its best efforts under Paragraph 20, the Trustee Council may, in its unreviewable discretion, excuse in writing Settling Defendant's failure to submit timely notices under this Paragraph.

22. If the Trustee Council agrees that the delay or anticipated delay is attributable to a force majeure, the time for performance of the obligations under this Consent Decree that are affected by the force majeure will be extended by the Trustee Council for such time as is necessary to complete those obligations. An extension of the time for performance of the obligations affected by the force majeure shall not, of itself, extend the time for performance of any other obligation. If the Trustee Council does not agree that the delay or anticipated delay has been or will be caused by a force majeure, the Trustee Council will notify Settling Defendant in writing of its decision. If the Trustee Council agrees that the delay is attributable to a force majeure, the Trustee Council will notify Settling Defendant in writing of the length of the extension, if any, for performance of the obligations affected by the force majeure.

23. If Settling Defendant elects to invoke the dispute resolution procedures set forth in Section X (Dispute Resolution), it shall do so no later than 15 days after receipt of the Trustee Council's notice. In any such proceeding, Settling Defendant shall have the burden of demonstrating by a preponderance of the evidence that the delay or anticipated delay has been or will be caused by a force majeure, that the duration of the delay or the extension sought was or will be warranted under the circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Settling Defendant complied with the requirements of Paragraphs 24 and 25. If Settling Defendant carries this burden, the delay at issue shall be deemed not to be a violation by Settling Defendant of the affected obligation of this Consent Decree identified to the Trustee Council and the Court.

## **X. DISPUTE RESOLUTION**

24. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes regarding this Consent Decree. However, the procedures set forth in this Section shall not apply to actions by the United States or the NJDEP to enforce obligations of Settling Defendant that has not been disputed in accordance with this Section.

25. Any dispute regarding this Consent Decree shall in the first instance be the subject of informal negotiations between the parties to the dispute. The period for informal negotiations shall not exceed 20 days from the time the dispute arises, unless it is modified by written agreement of the parties to the dispute. The dispute shall be considered to have arisen when one party sends the other parties and the Trustee Council a written Notice of Dispute.

26. Statements of Position.

a. In the event that the parties cannot resolve a dispute by informal negotiations under the preceding Paragraph, then the position advanced by the Trustee Council shall be considered binding unless, within 30 days after the conclusion of the informal negotiation period, Settling Defendant invokes the formal dispute resolution procedures of this Section by serving on the United States, NJDEP, and Trustee Council a written Statement of Position on the matter in dispute, including, but not limited to, any factual data, analysis, or opinion supporting that position and any supporting documentation relied upon by Settling Defendant. The Statement of Position shall specify Settling Defendant's position as to whether formal dispute resolution should proceed under Paragraph 27 (Record Review) or Paragraph 28.

b. Within 30 days, unless extended by agreement of the parties, after receipt of Settling Defendant's Statement of Position, the Trustee Council will serve on Settling Defendant its Statement of Position, including, but not limited to, any factual data, analysis, or opinion supporting that position and all supporting documentation relied upon by the Trustee Council. The Trustee Council's Statement of Position shall include a statement as to whether formal dispute resolution should proceed under Paragraph 27 (Record Review) or Paragraph 28. Within 30 days after receipt of the Trustee Council's Statement of Position, Settling Defendant may submit a Reply.

c. If there is disagreement between the Trustee Council and Settling Defendant as to whether dispute resolution should proceed under Paragraph 27 (Record Review) or 28, the parties to the dispute shall follow the procedures set forth in the paragraph determined by the Trustee Council to be applicable. However, if Settling Defendant ultimately appeals to the Court to resolve the dispute, the Court shall determine which paragraph is applicable in accordance with the standards of applicability set forth in Paragraphs 27 and 28.

27. Record Review. Formal dispute resolution for disputes pertaining to the selection or adequacy of any Restoration Work and all other disputes that are accorded review on the administrative record under applicable principles of administrative law shall be conducted pursuant to the procedures set forth in this Paragraph. For purposes of this Paragraph, the adequacy of any Restoration Work includes, without limitation, the adequacy or appropriateness of plans, procedures to implement plans, or any other items requiring approval by the Trustee Council under this Consent Decree, and the adequacy of the performance of Restoration Work taken pursuant to this Consent Decree.

a. An administrative record of the dispute shall be maintained by the Trustee Council and shall, at a minimum, contain all statements of position, including supporting

documentation, submitted pursuant to this Section. Where appropriate, the Trustee Council may allow submission of supplemental statements of position by the parties to the dispute.

b. The Trustee Council will issue a final administrative decision resolving the dispute based on the administrative record described in Paragraph 27.a. This decision shall be binding upon Settling Defendant, subject only to the right to seek judicial review pursuant to Paragraphs 27.c and 27.d.

c. Any administrative decision made by Trustee Council pursuant to Paragraph 27.b shall be reviewable by this Court, provided that a motion for judicial review of the decision is filed by Settling Defendant with the Court and served on all Parties within ten working days after receipt of the Trustee Council's decision. The motion shall include a description of the matter in dispute, the efforts made by the parties to resolve it, the relief requested, and the schedule, if any, within which the dispute must be resolved to ensure orderly implementation of this Consent Decree. The United States and NJDEP may file a response to Settling Defendant's motion.

d. In proceedings on any dispute governed by this Paragraph, Settling Defendant shall have the burden of demonstrating that the decision of the Trustee Council is arbitrary and capricious or otherwise not in accordance with law. Judicial review of the Trustee Council's decision shall be on the administrative record compiled pursuant to Paragraph 27.a.

28. Formal dispute resolution for disputes that neither pertain to the selection or adequacy of any Restoration Work nor are otherwise accorded review on the administrative record under applicable principles of administrative law, shall be governed by this Paragraph.

a. Following receipt of Settling Defendant's Statement of Position submitted pursuant to Paragraph 26, the Trustee Council will issue a final decision resolving the dispute. The Trustee Council's decision shall be binding on Settling Defendant unless, within ten working days after receipt of the decision, Settling Defendant files with the Court and serves on the parties a motion for judicial review of the decision setting forth the matter in dispute, the efforts made by the parties to resolve it, the relief requested, and the schedule, if any, within which the dispute must be resolved to ensure orderly implementation of the Consent Decree. The United States and NJDEP may file a response to Settling Defendant's motion.

b. Judicial review of any dispute governed by this Paragraph shall be governed by applicable principles of law.

29. The invocation of formal dispute resolution procedures under this Section shall not extend, postpone, or affect in any way any obligation of Settling Defendant under this Consent Decree, not directly in dispute, unless the Trustee Council or the Court agrees otherwise. Stipulated penalties with respect to the disputed matter shall continue to accrue but payment shall be stayed pending resolution of the dispute as provided in Paragraph 38. Notwithstanding the stay of payment, stipulated penalties shall accrue from the first day of noncompliance with any applicable provision of this Consent Decree. In the event that Settling Defendant does not prevail on the disputed issue, stipulated penalties shall be assessed and paid as provided in Section XI (Stipulated Penalties).

## XI. STIPULATED PENALTIES

30. Settling Defendant shall be liable for stipulated penalties in the amounts set forth in Paragraphs 31 and 32 for failure to comply with the requirements of this Consent Decree specified below, unless excused under Section IX (Force Majeure).

31. Stipulated Penalty Amounts - Payment of Costs. The following stipulated penalties shall accrue per violation per day for the failure by Settling Defendant to pay Costs, within the specified time schedules established by and approved under this Consent Decree:

Penalty Per Violation Per Day	Period of Noncompliance
\$400.00	1st through 14th day
\$800.00	15th through 30th day
\$1,650.00	31st day and beyond

32. Stipulated Penalty Amounts – Compliance Milestones. The following stipulated penalties shall accrue per violation per day for failure to comply with the deadlines for Tasks 2, 3, 4, 6, 7, 8, 11, 13, 14, and 16 set forth in the Deliverable and Implementation Task Schedule in Section 3.2 of the SOW:

Penalty Per Violation Per Day	Period of Noncompliance
\$300.00	1st through 14th day
\$600.00	15th through 30th day
\$1,400.00	31st day and beyond

33. All penalties shall begin to accrue on the day after the complete performance is due or the day a violation occurs and shall continue to accrue through the final day of the correction of the noncompliance or completion of the activity. However, stipulated penalties shall not accrue: (a) with respect to a decision by the Trustee Council under Paragraph 27.b or 28.a of Section X (Dispute Resolution), during the period, if any, beginning on the 21st day after the date that Settling Defendant's reply to the Trustee Council's Statement of Position is received until the date that the Trustee Council issues a final decision regarding such dispute; or (b) with respect to judicial review by this Court of any dispute under Section X (Dispute Resolution), during the period, if any, beginning on the 31st day after the Court's receipt of the final submission regarding the dispute until the date that the Court issues a final decision regarding such dispute. Nothing in this Consent Decree shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

34. Following the determination by the United States or NJDEP, individually or jointly, that the Settling Defendant has failed to comply with one of the requirements of this Consent Decree listed above, the United States and/or NJDEP may give the Settling Defendant written notification of the same and describe the noncompliance. The United States and/or NJDEP may send the Settling Defendant a written demand for the payment of penalties. Penalties shall accrue and are due as provided in this Section regardless of whether the United States and/or NJDEP, as applicable, has notified the Settling Defendant of a violation.

35. Stipulated penalties shall be paid as follows: Stipulated penalties for failure to timely pay Costs (except payments to the Restoration Account) shall be paid to the government that did not timely receive payment. For failure to timely pay Long-Term Stewardship Costs and Long-Term Stewardship Oversight Costs to the Restoration Account and for all other stipulated penalties, fifty percent (50%) shall be paid to the United States in accordance with payment instructions provided by the Financial Litigation Unit of the United States Attorney's Office for the District of New Jersey, and shall be deposited in the United States Treasury; and fifty percent (50%) shall be paid to the NJDEP, in accordance with the instructions set forth in Paragraph 17.

36. In the event the Settling Defendant fails to pay stipulated penalties when due, the United States and/or NJDEP may institute a legal proceeding to collect such penalties, as well as Interest accruing on any unpaid balance, as provided by law.

37. All penalties due under this Section shall be due and payable within thirty (30) days of the Settling Defendant's receipt of a demand for payment from the United States and/or NJDEP, unless the Settling Defendant invokes dispute resolution under Section X of this Consent Decree.

38. In that case, stipulated penalties shall continue to accrue as provided in this Section, but need not be paid until the following:

a. If the dispute is resolved by agreement, accrued penalties agreed to be owed shall be paid to the United States and NJDEP within thirty (30) days of the agreement;

b. If the dispute is appealed to this Court and the United States and/or NJDEP prevail in whole or in part, the Settling Defendant shall pay all accrued penalties determined by the Court to be owed to the United States and NJDEP within thirty (30) days of receipt of the Court's decision or order, except as provided for in Paragraph 38c; or

c. If this Court's decision is appealed by any Party, Settling Defendant shall pay all accrued penalties determined by this Court to be owed to the United States and/or NJDEP into an interest-bearing escrow account, established at a duly chartered bank or trust company that is insured by the FDIC, within 60 days after receipt of the Court's decision or order. Penalties shall be paid into this account as they continue to accrue, at least every 60 days. Within 15 days after receipt of the final appellate court decision, the escrow agent shall pay the balance of the account to the United States and/or NJDEP or to Settling Defendant to the extent that they prevail.

39. If Settling Defendant fails to pay stipulated penalties when due, Settling Defendant shall pay Interest on the unpaid stipulated penalties as follows: (a) if Settling Defendant has timely invoked dispute resolution such that the obligation to pay stipulated penalties has been stayed pending the outcome of dispute resolution, Interest shall accrue from the date stipulated penalties are due pursuant to Paragraph 38 until the date of payment; and (b) if Settling Defendant fails to timely invoke dispute resolution, Interest shall accrue from the date of demand under Paragraph 37 until the date of payment. If Settling Defendant fails to pay stipulated penalties and Interest when due, the United States may institute proceedings to collect the penalties and Interest.

40. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States or NJDEP to seek any other remedies or sanctions available by virtue of the Settling Defendant's violation of this Consent Decree.

41. Notwithstanding any other provision of this Section, the United States and/or NJDEP, in their respective unreviewable discretions, may waive any portion of stipulated penalties owed to it that have accrued pursuant to this Consent Decree.

## **XII. COVENANTS BY THE UNITED STATES AND THE NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**

42. Covenant for Settling Defendant by United States. Except as specifically provided in Section XIII (Reservation of Rights by Plaintiffs), the United States covenants not to sue or take administrative action against Settling Defendant for Natural Resource Damages pursuant to Section 107(a) of CERCLA for (a) the Payment of Costs; and (b) the Floodplain, Riparian, Upland, and Wetland NRD resulting from releases of hazardous substances at, from or to the American Cyanamid Superfund Site. These covenants not to sue shall take effect upon the Effective Date. These covenants not to sue are conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree, including the performance of the Restoration Work, entry into an amended Duke Farms Agreement acceptable to the Trustee Council, payment of Costs, payment of all amounts that may become due to the United States under Section XI (Stipulated Penalties), and payment of any Interest owed to the United States under this Consent Decree. These covenants not to sue extend only to the Settling Defendant and its successors and do not extend to any other person. These covenants also do not affect the covenants provided in the 2015 Remedial Consent Decree, 2017 In-River NRD Consent Decree, and 2021 Remedial Consent Decree.

43. Covenants for Settling Defendant by NJDEP. In consideration of the actions that have been and will be performed and the payments that will be made by Settling Defendant under this Consent Decree, and except as specifically provided in Section XIII (Reservation of Rights by Plaintiffs), NJDEP covenants not to sue or take administrative action against Settling Defendant for Natural Resource Damages pursuant to Section 107(a) of CERCLA and the Spill Act for (a) the Payment of Costs; and (b) Floodplain, Riparian, Upland, and Wetland NRD resulting from releases of hazardous substances at, from or to the American Cyanamid Superfund Site. This covenant not to sue shall take effect upon the Effective Date. These covenants not to sue are conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree, including the performance of the Restoration Work, entry into an amended Duke Farms Agreement acceptable to the Trustee Council, the payment of Costs, payment of all amounts that may become due to NJDEP under Section XI (Stipulated Penalties), and payment of any Interest owed to NJDEP under this Consent Decree. These covenants not to sue extend only to the Settling Defendant, its successors and assigns, and do not extend to any other person. These covenants do not affect the covenants provided in the 2015 ARACO, 2017 In-River NRD Consent Decree, and the 2020 Groundwater NRD Settlement.

### XIII. RESERVATION OF RIGHTS BY PLAINTIFFS

44. General Reservations of Rights by the United States and NJDEP. The United States and NJDEP reserve, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect to all matters not expressly included within the United States' and NJDEP's respective covenants. These reservations do not affect the reservations provided in the 2015 Remedial Consent Decree, 2021 Remedial Consent Decree, 2015 ARACO and the 2017 In-River NRD Consent Decree (the "Prior Settlements"), provided however, for the avoidance of doubt, any reservation set forth in the Prior Settlements, for which a covenant is now provided in this Consent Decree, is superseded by the present covenant and shall no longer be reserved.

45. Notwithstanding any other provision of this Consent Decree, the United States and NJDEP reserve all rights against Settling Defendant with respect to all matters other than those specifically expressed in Paragraphs 42 and 43; for the avoidance of doubt, this reservation of rights specifically includes:

- a. liability for failure by Settling Defendant to meet a requirement of this Consent Decree;
- b. liability arising from (1) the past, present, or future disposal, release, or threat of release of hazardous substances from outside the Site; or (2) the disposal, release, or threat of release of hazardous substances from the Site first occurring after the signature of this Consent Decree by Settling Defendant;
- c. criminal liability;
- d. liability for violations of federal or state law that occur during or after implementation of the Restoration Work;
- e. liability to reimburse response costs or to implement response actions under CERCLA, the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. sec. 6901, *et. seq.*, or the Spill Act, N.J.S.A. 58:10-23.11 through 23.24 in connection with the Site, subject to the covenants not to sue and reservations of rights applicable to the United States in the 2015 Consent Decree and the 2015 ARACO; and
- f. liability for costs that the United States or NJDEP incurs related to the Site but that are not within the definition of Natural Resource Damages.

46. Special Reservations Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, the Trustees each reserve the right to institute proceedings against Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages, if conditions or information relating to the Site, not known to the Trustees at the time of lodging of this Decree, are discovered that, together with any other relevant information, indicate that there is injury to, destruction of, or loss of Natural Resources of a type unknown, or of a magnitude substantially greater than was known by the Trustees as of the date of lodging of this Decree. Information and conditions known to the Trustees with respect to the Sites as of the

date of lodging of this Decree shall include only the information and conditions set forth in the NOAA, DOI, or NJDEP files for the Site as of the date of lodging of this Decree.

#### **XIV. COVENANTS BY SETTLING DEFENDANT**

47. Covenants by Settling Defendant. Settling Defendant covenants not to sue and agrees not to assert any claims or causes of action against the United States or the State with respect to Natural Resource Damages or this Consent Decree including, but not limited to, any claim against the United States or the State, including any department, agency, or instrumentality of the United States and State, under CERCLA Sections 107 or 113 or the Spill Act relating to Natural Resource Damages.

48. Except as provided in Paragraph 58 (Res Judicata and Other Defenses), the covenants in this Section shall not apply if the United States or the State brings a cause of action on behalf of their respective Trustees or issues an order pursuant to any of the reservations in Section XIII (Reservation of Rights by Plaintiffs), other than in Paragraphs 45.a (claims for failure to meet a requirement of the Consent Decree), 42.c (criminal liability), and 42.d (violations of federal/state law during or after implementation of the Restoration Work), but only to the extent that Settling Defendant's claims arise from the same response action, response costs, or damages that the United States is seeking pursuant to the applicable reservation.

49. Settling Defendant's Reservations:

a. With Respect to Claims Against the United States. Settling Defendant reserves, and this Consent Decree is without prejudice to, claims against the United States, subject to the provisions of Chapter 171 of Title 28 of the United States Code, and brought pursuant to any statute other than CERCLA or RCRA and for which the waiver of sovereign immunity is found in a statute other than CERCLA or RCRA, for money damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any employee of the United States or the State, as that term is defined in 28 U.S.C. § 2671, while acting within the scope of his or her office or employment under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred. However, the foregoing shall not include any claim based on the Trustees' selection of the Forested Floodplain Restoration Project, or the oversight or approval of the Settling Defendant's deliverables or activities.

b. With Respect to Claims Against the State. Settling Defendant reserves, and this Consent Decree is without prejudice to, claims against the State, subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 through -12-3; the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 through 13-10; the New Jersey Constitution, N.J. Const. art. VIII, §2, ¶2; or any other applicable provision of law, for money damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any State employee while acting within the scope of his or her office or employment under circumstances where the State, if a private person, would be liable to the claimant. Any such claim, however, shall not include a claim for any damages caused, in whole or in part, by the act or omission of any person, including any contractor, who is not a State employee as that term is defined in N.J.S.A. 59:1-3;

nor shall any such claim concern the Site, including the Trustees' selection of the Forested Floodplain Restoration Project or the oversight or approval of the Settling Defendant's deliverables or activities. The foregoing applies only to claims that the Settling Defendant may bring pursuant to any statute other than the Spill Act, and for which the waiver of sovereign immunity is found in a statute other than the Spill Act.

50. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

51. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a claim against the Spill Fund within the meaning of N.J.S.A. 58:10-23.11k. or N.J.A.C. 7:1J, or the Sanitary Landfill Fund within the meaning of N.J.S.A. 13:1E-107 or N.J.A.C. 7:1I.

#### **XV. EFFECT OF SETTLEMENT; CONTRIBUTION**

52. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Each of the Parties expressly reserves any and all rights (including, but not limited to, pursuant to Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action that each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Consent Decree diminishes the right of the United States, pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. § 9613(f)(2)-(3) or NJDEP pursuant to the Spill Act, to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2) or the Spill Act.

53. The Parties agree, and by entering this Consent Decree this Court finds, that this Consent Decree constitutes a judicially approved settlement for purposes of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2) and the Spill Act, and that the Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, and the Spill Act, N.J.S.A. 58:10-23.11f.a.(2)(a), or as may be otherwise provided by law, for "matters addressed" in this Consent Decree. Settling Defendant shall, with respect to any suit or claim brought by it for matters related to this Consent Decree, notify the United States and NJDEP in writing no later than 60 days prior to the initiation of such suit or claim.

54. When entered, this Consent Decree will constitute a judicially approved settlement within the meaning of the Spill Act, specifically, N.J.S.A. 58:10-23.11f.a.(2)(b), for the purpose of providing protection to the Settling Defendant from contribution actions. The Parties agree, and by entering this Consent Decree this Court finds, Settling Defendant is entitled, upon fully satisfying its obligations under this Consent Decree, to protection from contribution actions or claims under the Spill Act for matters addressed in this Consent Decree.

55. In order for the Settling Defendant to obtain protection under the Spill Act, N.J.S.A. 58:10-23.11.f.b., from contribution claims concerning the matters addressed in this Consent Decree, NJDEP published notice of this Consent Decree in the New Jersey Register and on

NJDEP's website, in accordance with N.J.S.A. 58:10-23.11e.2. Such notice included the following information:

- a. the caption of this case;
- b. the name and location of the American Cyanamid Superfund Site;
- c. the name of the Settling Defendant;
- d. a summary of the terms of this Consent Decree; and
- e. there are 60 days to submit comments for this Consent Decree.

56. NJDEP, in accordance with N.J.S.A. 58:10-23.11e2, arranged for written notice of the Consent Decree to all other potentially responsible parties of whom NJDEP had notice as of the date NJDEP published notice of the proposed settlement in this matter in the New Jersey Register in accordance with Paragraph 55 above.

57. Settling Defendant shall, with respect to any suit or claim brought against it for matters related to this Consent Decree, notify in writing the United States and NJDEP within 10 days after service of the complaint on Settling Defendant. In addition, Settling Defendant shall notify the United States and NJDEP within 10 days after service or receipt of any Motion for Summary Judgment and within 10 days after receipt of any order from a court setting a case for trial. However, the failure to provide such notice within the prescribed time periods shall not affect Settling Defendant's right to contribution protection.

58. Res Judicata and Other Defenses. In any subsequent administrative or judicial proceeding initiated by the United States and/or the NJDEP for injunctive relief or recovery of response costs, cleanup and removal costs, or Natural Resource Damages reserved in Paragraphs 44, 45, and 46, or other appropriate relief relating to the Site, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States and/or the NJDEP in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Section XII (Covenants by the United States and NJDEP).

## **XVI. ACCESS TO INFORMATION**

59. Settling Defendant shall provide to the United States and NJDEP, including the Trustee Council, upon request, copies of all non-privileged records, reports, documents, and other information (including records, reports, documents, and other information in electronic form) (hereinafter referred to as "Records") within its possession or control or that of its contractors or agents relating to implementation of this Consent Decree, including, but not limited to, sampling, analysis, chain of custody records, manifests, trucking logs, receipts, reports, sample traffic routing, correspondence, or other documents or information regarding the Restoration Work. Settling Defendant shall also make available to the United States and NJDEP, including the Trustee Council, for purposes of investigation, information gathering, or testimony, its employees, agents, or representatives with knowledge of relevant facts concerning the performance of the Restoration Work.

60. Business Confidential and Privileged Documents.

a. Settling Defendant may assert business confidentiality claims covering part or all of the Records submitted to the United States and NJDEP under this Consent Decree to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. § 2.203(b). Records determined to be confidential by the United States and/or NJDEP will be afforded the protection by the United States and/or NJDEP, as applicable, specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies Records when they are submitted to the United States or NJDEP, or if the United States and/or NJDEP has notified Settling Defendant that the Records are not confidential under the standards of Section 104(e)(7) of CERCLA or 40 C.F.R. Part 2, Subpart B, the public may be given access to such Records without further notice to Settling Defendant.

b. Settling Defendant may assert that certain Records are privileged under the attorney-client privilege or any other privilege recognized by federal or state law. If Settling Defendant asserts such a privilege in lieu of providing Records, it shall provide the United States and NJDEP with the following: (1) the title of the Record; (2) the date of the Record; (3) the name, title, affiliation (*e.g.*, company or firm), and address of the author of the Record; (4) the name and title of each addressee and recipient; (5) a description of the contents of the Record; and (6) the privilege asserted by Settling Defendant. If a claim of privilege applies only to a portion of a Record, the Record shall be provided to the United States and NJDEP in redacted form to mask the privileged portion only. Settling Defendant shall retain all Records that they claim to be privileged until the United States and NJDEP have had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in Settling Defendant's favor.

c. No Records created or generated that are required to be submitted to the United States and NJDEP, including the Trustee Council, pursuant to the requirements of this Consent Decree shall be withheld from the United States or NJDEP on the grounds that they are privileged or confidential.

61. No claim of confidentiality or privilege shall be made with respect to any data, including, but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, or engineering data, or any or any other purely factual information related to the Work or performance of the Work. Nothing in this Paragraph prevents Settling Defendant from making a claim of confidentiality or privilege with respect to any analysis, assessment or review of such data or factual information.

## **XVII. RETENTION OF RECORDS**

62. Retention of Records

a. Until 10 years after Settling Defendant's receipt of the Five-Year Monitoring and Maintenance Completion Certificate, pursuant to the SOW, Settling Defendant shall preserve and retain all non-identical copies of Records (including Records in electronic form) now in its possession or control or that come into its possession or control that relate in any manner to its liability under CERCLA or the Spill Act with respect to the Site, provided, however, that Settling

Defendant who is potentially liable as an owner or operator of the Site must retain, in addition, all Records that relate to the liability of any other person under CERCLA or the Spill Act with respect to the Site. Settling Defendant must also retain, and instruct its contractors and agents to preserve, for the same period of time specified above all non-identical copies of the last draft or final version of any Records (including Records in electronic form) now in its possession or control or that come into its possession or control that relate in any manner to the performance of the Restoration Work, provided, however, that Settling Defendant (and its contractors and agents) must retain, in addition, copies of all data generated that are required to be submitted to the Trustee Council during the performance of the Work and not contained in the aforementioned Records required to be retained. Each of the above record retention requirements shall apply regardless of any corporate retention policy to the contrary.

b. Settling Defendant's obligations with respect to retaining Records do not apply to any electronic backup tapes or files that are created, deleted, or overwritten in compliance with Settling Defendant's standard document retention and disposition practices.

63. At the conclusion of this record retention period, Settling Defendant shall notify the Trustees at least 90 days prior to the destruction of any such Records, and, upon request by a Trustee, Settling Defendant shall deliver any such Records to that Trustee. Settling Defendant may assert that certain Records are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendant asserts such a privilege, it shall provide the Trustees with the following: (a) the title of the Record; (b) the date of the Record; (c) the name, title, affiliation (*e.g.*, company or firm), and address of the author of the Record; (d) the name and title of each addressee and recipient; (e) a description of the subject of the Record; and (f) the privilege asserted by Settling Defendant. If a claim of privilege applies only to a portion of a Record, the Record shall be provided to the Trustees in redacted form to mask the privileged portion only. Settling Defendant shall retain all Records that it claims to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in Settling Defendant's favor. However, no Records created or generated pursuant to the requirements of this Consent Decree shall be withheld on the grounds that they are privileged or confidential.

64. Settling Defendant certifies that, to the best of its knowledge and belief, after thorough inquiry, it has not altered, mutilated, discarded, destroyed, or otherwise disposed of any Records (other than identical copies) relating to its potential liability regarding the Site since January 1, 2009 and that it has fully complied with any and all EPA and NJDEP requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e), and Section 3007 of RCRA, 42 U.S.C. § 6927 and the Spill Act.

## **XVIII. NOTICES AND SUBMISSIONS**

65. Whenever, under the terms of this Consent Decree, written notice is required to be given or a report or other document is required to be sent by one Party to another or to the Trustee Council, it shall be directed, as applicable, to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. All notices and submissions shall be considered effective upon receipt, unless otherwise

provided. Written notice as specified in this Section shall constitute complete satisfaction of any written notice requirement of the Consent Decree, with respect to the United States, the State, and Settling Defendant, respectively. Notices required to be sent only to DOI, NOAA, NJDEP or the Trustee Council, do not need to be sent to the U.S. Department of Justice and New Jersey Attorney General's Office.

#### **XIX. RETENTION OF JURISDICTION**

66. This Court retains jurisdiction over both the subject matter of this Consent Decree and Settling Defendant for the duration of the performance of the terms and provisions of this Consent Decree for the purpose of enabling any of the Parties to apply to the Court at any time for such further order, direction, and relief as may be necessary or appropriate for the construction or modification of this Consent Decree, or to effectuate or enforce compliance with its terms, or to resolve disputes in accordance with Section X (Dispute Resolution).

#### **XX. APPENDIX**

67. An Appendix entitled Statement of Work Duke Farms Forested Floodplain Restoration Project is attached to and incorporated into this Consent Decree:

#### **XXI. MODIFICATION**

68. Material modifications to this Consent Decree, including the SOW, shall be in writing, signed by the Parties, and shall be effective upon approval of the Court. Nothing in this Consent

Decree shall prohibit non-material modifications to the Consent Decree, including the SOW, based upon mutual agreement of the Parties. A modification to the SOW shall be considered material if it fundamentally alters a basic feature of the Restoration Work.

69. Nothing in this Consent Decree shall be deemed to alter the Court's power to enforce, supervise, or approve modifications to this Consent Decree.

#### **XXII. LODGING AND OPPORTUNITY FOR PUBLIC COMMENT**

70. This Consent Decree shall be lodged with the Court for a period of not less than 60 days for public notice and comment. The United States and NJDEP reserve the right to withdraw or withhold their consent if the comments regarding the Consent Decree disclose facts or considerations that indicate that the Consent Decree is inappropriate, improper, or inadequate. Settling Defendant consents to the entry of this Consent Decree without further notice.

71. If for any reason the Court should decline to approve this Consent Decree in the form presented, this agreement is voidable at the sole discretion of any Party and the terms of the agreement may not be used as evidence in any litigation between the Parties.

#### **XXIII. SIGNATORIES/SERVICE**

72. Each undersigned representative of the Settling Defendant to this Consent Decree, the Assistant Attorney General for the Environment and Natural Resources Division of the Department of Justice, or his designee, the Attorney General of New Jersey and the Assistant Commissioner for Community Investment and Economic Revitalization for NJDEP, certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Decree and to execute and legally bind such Party to this document.

73. Provided this Consent Decree is not in any way modified or otherwise altered following Settling Defendant's execution, Settling Defendant agrees not to oppose entry of this Consent Decree by this Court or to challenge any provision of this Consent Decree unless the United States and NJDEP have notified Settling Defendant in writing that they no longer support entry of the Consent Decree.

74. Settling Defendant shall identify, on the attached signature page, the name, address, and telephone number of an agent who is authorized to accept service of process by mail on behalf of that Party with respect to all matters arising under or relating to this Consent Decree. Settling Defendant agrees to accept service in that manner and to waive the formal service requirements set forth in Rule 4 of the Federal Rules of Civil Procedure and any applicable local rules of this Court, including, but not limited to, service of a summons. Settling Defendant need not file an answer to the complaint in this action unless or until the Court expressly declines to enter this Consent Decree.

#### **XXIV. FINAL JUDGMENT**

75. This Consent Decree and its Appendix constitute the final, complete, and exclusive agreement and understanding among the Parties regarding the settlement embodied in the

Consent Decree. The Parties acknowledge that there are no representations, agreements, or understandings relating to the settlement other than those expressly contained in this Consent Decree.

76. Upon entry of this Consent Decree by the Court, this Consent Decree shall constitute a final judgment between and among the United States, NJDEP, and Settling Defendant. The Court enters this judgment as a final judgment under Fed. R. Civ. P. 54 and 58.
