AIDS TO NAVIGATION
Consult U.S. Coast Guard Light List for supplemental information concerning aids to navigation.

MAGNETIC VARIATION
Magnetic variation curves are for 2012 derived from 2010 World Magnetic Model and accompanying secular change. If annual change is in same direction as variation it is additive and the variation is increasing. If annual change is opposite in direction to variation it is subtractive and the variation is decreasing.

WARNING
The prudent mariner will not rely solely on any single aid to navigation, particularly on floating aids. See U.S. Coast Guard Light List and U.S. Coast Pilot for details.

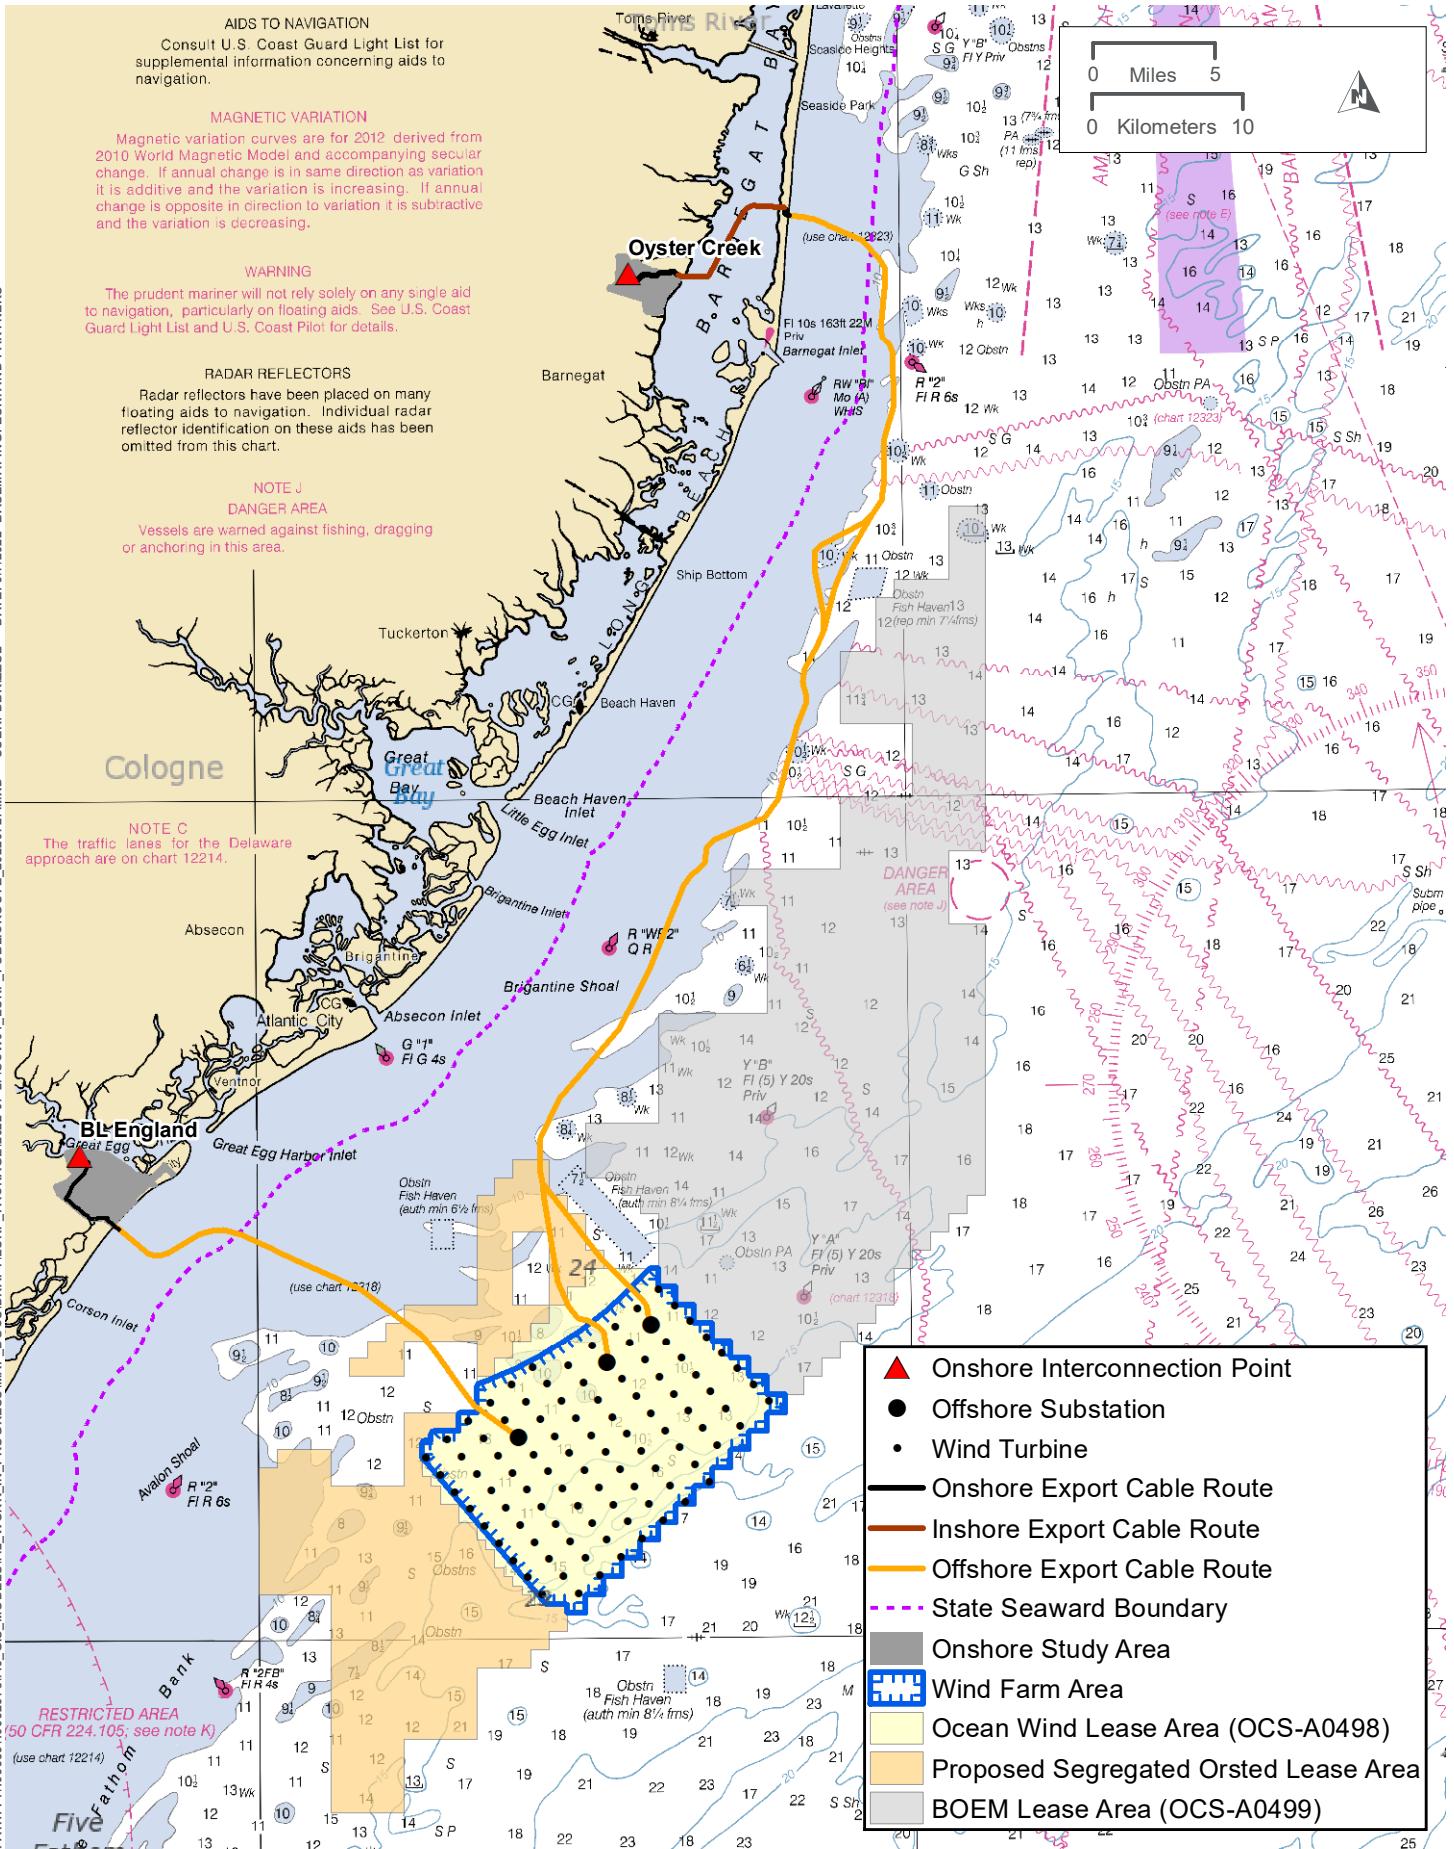

RADAR REFLECTORS
Radar reflectors have been placed on many floating aids to navigation. Individual radar reflector identification on these aids has been omitted from this chart.

**NOTE J
DANGER AREA**
Vessels are warned against fishing, dragging or anchoring in this area.

NOTE C
The traffic lanes for the Delaware approach are on chart 12214.

Laura-

Per your request, attached please find the tax map with the 200-foot buffer included around the parcels where work is proposed.

Please do not hesitate to reach out to me if you need anything else.

Thank you for your assistance.

Good morning Laura-

Thank you for catching that. Yes, it looks like I had a typo in my email. You are correct that the lot is designated as Block 1001, Lot 4.05. My apologies.

I just spoke with our GIS group, and they are going to get that 200-foot buffer added to those plans today. I will send them over as soon I get them. And thank you for the heads up on the fee. I will get that check processed to send to your office.

Thank you.

Good morning,

The fee for the Certified List will be \$10, as all the block and lots appear to be together. If you could provide a map with a 200 ft buffer that would be very helpful. Also, there is no block 1000 lot 4.05. I believe block 1001 lot 4.05 is the correct block, but please confirm.

Please call our office with any questions, (609) 693-1100, ext 2242. Have a great day!

Thank you Ed. If there is anything else we can do with the mapping to make your job easier, just let us know. I know you likely have to generate everything in your own mapping system, but if it is helpful for us to turn on a 200-foot buffer or something, please just let me know.

Thank you for your help on this.

Good evening Ed-

The purpose of this email is to request a certified list of property owners (and utilities) within 200 feet of some proposed work within your township, specifically environmental and geotechnical subsurface borings. This work requires submission of permit applications to the NJDEP Division of Land Resource Protection, which will require public noticing to these property owners. Because this request includes several blocks and lots, as well as neighboring properties within Ocean Township, I was hoping you could let me

know the best way to make this request. Once you have had a chance to review the attached maps, I would be happy to discuss any additional needs you may have to complete this request. If it helps, one of the members of our staff lives down in your area, so once you have had a chance to take a look at the attached maps, please just let us know your required fee, and I can send him down to your office with the payment and to pick up the lists if that is preferred.

The project requires work within several Blocks and Lots within Lacey and Ocean Townships. As you will see on the attached maps, work is proposed in Block 41, Lot 43 in Ocean Township, which is located along the municipal boundary, so we would also like you to include those Lacey Township properties within 200 feet of this Ocean Township lot. I have attached GIS tax maps identifying where the proposed activities are located. For your reference, the blocks and lots where the work is proposed includes the following:

- Block 1000, Lot 4.05 (Lacey Twp)
- Block 1001, Lot 4.02 (Lacey Twp)
- Block 1001, Lot 4.06 (Lacey Twp)
- Block 100, Lot 1.05 (Lacey Twp)
- Block 100, Lot 1.06 (Lacey Twp)
- Block 100, Lot 1.07 (Note, this is a somewhat newly, subdivided lot within Block 100, Lot 1.05) (Lacey Twp)
- Block 41, Lot 43 (Ocean Twp)

As you will see on the attached maps, work is also proposed within the following Ocean Twp properties that are located greater than 200 feet from the municipal boundary.:

- Block 141, Lot 4.02 (Ocean Twp)
- Pirate Drive Right-of-Way (Ocean Twp)

Please do not hesitate to contact me should you have any questions or require additional information.

Thank you in advance for your assistance in this matter.
