

## **PUBLIC HEARING NOTICE**

**PLEASE TAKE NOTICE** that the **COUNTY OF UNION** is proposing a change in use for a 1.14-acre portion of its Park commonly known as the Clark Reservoir.

With the exception of improvements to the dam, the Clark Reservoir has remained unchanged since the Middlesex Water Company transferred the property to the Township of Clark in the 1990s, and who in turn, subsequently transferred it to the County in 2008.

The proposed change will include constructing: (1) A boat ramp with a floating dock; (2) A fishing pier; (3) A fixed timber pier with kayak storage and floating dock with kayak launches; (3) A boat storage building that will include a stamped concrete patio and public restrooms; (4) Developing new hiking trails, or renovating existing ones, that will entail two pedestrian bridges and a retaining wall in the northeast corner of the central lake (i.e. between the Raritan Road and NJ Parkway Bridges); (5) A stormwater detention area solely serving the Park; (6) Parking facilities that will have access through Madison Ave for the central lake; and (7) a boat ramp on the east lake (i.e. east of the Parkway Bridge) with parking area that will have access through Wendell Avenue (collectively “the Project”).

The Clark Reservoir is a 200-acre park with a large body of water (the “Reservoir”) and surrounding land located in the municipalities of Clark, Scotch Plains and Westfield, New Jersey. It was formerly known as the Middlesex Water Co. Reservoir.

The Project will include work at the following Blocks (“B”) and Lots (“L”) in Clark: B-53, L-35; B-52, L-11.02; B-52, L-12; B-52, L-13; B-33, L-35; B-42, L-89.01 and B-198, L-1.0101. No work will be done in the portions of the Park located in Scotch Plains and Westfield.
