## **ENVIRONMENTAL PROTECTION**

### **AIR QUALITY, ENERGY, AND SUSTAINABILITY**

#### **DIVISION OF AIR QUALITY**

#### **Notice of Administrative Change and Announcement of Availability of a New General Operating Permit (GOP-007) for Boiler or Heater, Greater Than or Equal to One MMBTU/hr and Less Than Five MMBTU/hr N.J.A.C. 7:27-22.14**

**Take notice** that the Department of Environmental Protection (Department) is announcing the availability of a new General Operating Permit GOP-007 for major facilities (subject to Title V of the Federal Clean Air Act).

This new general operating permit is available beginning on November 21, 2016, and is being included in the list of sources at N.J.A.C. 7:27-22.14(c) for which general operating permits are available.

GOP-007 allows for the construction, installation, modification and operation of a single boiler or heater with a maximum rated heat input to the burning chamber of greater than or equal to one million BTU/hr and less than five million BTU/hr.

A general operating permit is a pre-approved permit to construct and operate for major facilities, issued pursuant to N.J.A.C. 7:27-22.14, for one or more types of similar sources at a major facility. A major facility operator with a qualifying source may register for and operate under the conditions of the general operating permit, rather than submit a modification to the facility's operating permit.

The Department published notice of the proposed general operating permit in the July 6, 2015, New Jersey Register at 47 N.J.R. 1675(a), pursuant to the Air Pollution Control Act, N.J.S.A. 26:2C-9.2. No public comments were received.

This general operating permit is issued under the authority of N.J.S.A. 26:2C-9.2 and N.J.A.C. 7:27-22.

### **How to Obtain a General Operating Permit**

To view the requirements of any general operating permit, go to [www.nj.gov/dep/aqpp](http://www.nj.gov/dep/aqpp). To register for an available general operating permit, click on the online application hyperlink under the general operating permit and follow the directions.

For technical questions please contact the Operating Permit Help Line number at 609-633-8248.

### **Notice of Administrative Change to N.J.A.C. 7:27-22.14(c)**

**Full text** of the changed rule follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):

7:27-22.14     General operating permits

(a)-(b) (No change.)

(c)     A general operating permit is available for the following sources:

1 - 3. (No change.)

4.     A single emergency generator, 2007 model year or later, having a maximum heat input rate less than or equal to 30 million BTU per hour (MMBTU/hr) based on the higher heating value (HHV) of the fuel, and complying with the New Source Performance Standard for Stationary Compression Ignition Internal Combustion Engines, 40 CFR 60 (NSPS Subpart IIII).

The general operating permit is titled, Emergency Generator (GOP-003); [and]

5. Emergency generator burning gaseous fuels (GOP-004)[.]; **and**

6. **Boiler or Heater, greater than or equal to 1 MMBTU/hr and less than 5 MMBTU/hr (GOP-007).**

(d)-(f) (No change.)
