CHAPTER 27A AIR ADMINISTRATIVE PROCEDURES AND PENALTIES

Subchapter 3. Civil Administrative Penalties and Requests for Adjudicatory Hearings

7:27A-3.1 Scope and purpose

(a) This subchapter shall govern the Department's assessment of civil administrative penalties for violations of the Air Pollution Control Act, N.J.S.A. 26:2C-1 et seq., including violation of any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act. This subchapter shall also govern the procedures for requesting an adjudicatory hearing on a notice of civil administrative penalty assessment or an administrative order.

(b) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense for each violation of each provision of the Act, or of any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act.

(c) Each day during which a violation continues shall constitute an additional, separate, and distinct offense.

(d) Neither the assessment of a civil administrative penalty nor the payment of any such civil administrative penalty shall be deemed to affect the availability of any other enforcement provision provided for by the Act, or any other statute, in connection with the violation for which the assessment is levied.

7:27A-3.2 Definitions

The following words and terms, when used in this subchapter, have the following meanings unless the context clearly indicates otherwise. Unless otherwise specified below, all words and terms are as defined in N.J.S.A. 26:2C-2 and in N.J.A.C. 7:27.

"Continuous emissions monitor" or "CEM" means a device which continuously measures the emissions from one or more source operations.

"Continuous monitoring system" or "CMS" means a system designed to continuously measure various parameters at a facility which may affect or relate to a facility's emissions. Components of a CMS include, but are not limited to, any continuous emissions monitor (CEM), continuous opacity monitor (COM), continuous process monitor (CPM), or any other constantly operating measuring device and recording device approved by the Department to perform one or more of the functions of a CMS. Ambient monitors, which measure the impact or concentration of air contaminants emitted

7:27A-3.3 Procedures for assessment and payment of civil administrative penalties

(a) In order to assess a civil administrative penalty under the Act, for violation of the Act or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act, the Department shall, by means of an administrative order and notice of civil administrative penalty assessment, notify the violator by certified mail (return receipt requested) or by personal service. The Department may, in its discretion, assess a civil administrative penalty for more than one offense in a single administrative order and notice of civil administrative penalty assessment or in multiple administrative orders and notices of civil administrative penalty assessment. This Administrative Order and Notice of Civil Administrative Penalty Assessment shall:

1. Identify the section of the Act, rule, administrative order, operating certificate, registration requirement or permit violated;
2. Concisely state the facts which constitute the violation;
3. Order such violation to cease;
4. Specify the amount of the civil administrative penalty to be imposed; and
5. Advise the violator of the right to request an adjudicatory hearing pursuant to the procedures in N.J.A.C. 7:27A-3.4.

(b) Payment of the civil administrative penalty is due upon receipt by the violator of the Department's Final Order in a contested case or when a Notice of Civil Administrative Penalty Assessment becomes a Final Order, as follows:

1. If no hearing is requested pursuant to the procedures in N.J.A.C. 7:27A-3.4, a Notice of Civil Administrative Penalty Assessment becomes a Final Order on the 21st day following receipt of the Notice of Civil Administrative Penalty Assessment by the violator;

NOTE: THIS IS A COURTESY COPY OF THIS RULE PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE May 16, 2005, NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE PROPOSAL, THE OFFICIAL VERSION WILL GOVERN.

2. If the Department denies the hearing request, a Notice of Civil Administrative Penalty Assessment becomes a Final Order upon receipt by the violator of notice of such denial; or
3. If an adjudicatory hearing is conducted, a Notice of Civil Administrative Penalty Assessment becomes a Final Order upon receipt by the violator of a Final Order in a contested case.

7:27A-3.4 Procedures to request an adjudicatory hearing to contest an administrative order and notice of civil administrative penalty assessment and procedures for conducting adjudicatory hearings

(a) To request an adjudicatory hearing to contest an administrative order and notice of civil administrative penalty assessment issued pursuant to the Act, the violator shall submit the following information in writing to the Department, at Office of Legal Affairs, ATTENTION: Adjudicatory Hearing Requests, Department of Environmental Protection and Energy, CN 402 Trenton, New Jersey 08625-0402:

1. The name, address, and telephone number of the violator and its authorized representative;
2. The violator's defenses to each of the Department's findings of fact in the administrative order and notice of civil administrative penalty assessment stated in short and plain terms;
3. An admission or denial of each of the Department's findings of fact in the administrative order and notice of civil administrative penalty assessment. If the violator is without knowledge or information sufficient to form a belief as to the truth of a finding, the violator shall so state and this shall have the effect of a denial. A denial shall fairly meet the substance of the findings denied. When the violator intends in good faith to deny only a part or a qualification of a finding, the violator shall specify so much of its as is true and material and deny only the remainder. The violator may not generally deny all of the findings but shall make all denials as specific denials of designated findings. For each finding the violator denies, the violator shall allege the fact or facts as the violator believes it or them to be;
4. Information supporting the request and specific reference to or copies of other written documents relied upon the support the request;
5. An estimate of the time required for the hearing (in days and/or hours); and
6. A request, if necessary, for a barrier-free hearing location for physically disabled persons.

(b) If the Department does not receive the hearing request within 20 days after receipt by the violator of an administrative order and notice of civil administrative penalty assessment being challenged, the Department shall deny the hearing request.

(c) If the violator fails to include all the information required by (a) above, the Department may deny the hearing request.

(d) All adjudicatory hearings shall be conducted in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

7:27A-3.5 Civil administrative penalty determination—general

(a) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense against each violator who fails to comply with the Act, or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each violation of any provision of the Act, or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant thereto shall constitute a separate and distinct offense.

(c) Each day during which a violation continues shall constitute an additional, separate, and distinct offense.

(d) The Department may assess a civil administrative penalty for a violation of any provision of N.J.A.C. 7:27 for which no penalty amount is specified under N.J.A.C. 7:27A-3.6 through 3.11. The Department shall base the amount of such a penalty assessment upon the following factors:

1. The amount of the penalty established under N.J.A.C. 7:27A-3.6 through 3.11 for a violation which is comparable to the violation in question. Comparability is based upon the nature of the violations (for example, violations of recordkeeping requirements, reporting requirements or emission limits) and the nature and extent of the environmental harm likely to result from the type of violation; and
2. The factors listed in (e) below.

(e) The Department may, in its discretion, adjust the amount of any penalty assessed pursuant to this section or under N.J.A.C. 7:27A-3.6, 3.7, 3.8, 3.9, 3.10 or 3.11, based upon any or all of the factors listed in (e)1 through 6 below. The Department may apply such factors in addition to the factors listed in N.J.A.C. 7:27A-3.10(e)5 and 3.11. No such factor constitutes a defense to any violation.

1. The compliance history of the violator;
2. The number of times and the frequency with which the violation occurred;
3. The severity of the violation;
4. The nature, timing and effectiveness of any measures taken by the violator to mitigate the effects of the violation for which the penalty is being assessed;
5. The nature, timing and effectiveness of measures taken to prevent future similar violations, and the extent to which such measures are in addition to those required under an applicable statute or rule; and
6. Any other mitigating, extenuating or aggravating circumstances.

(f) Except as provided for in (g) and (h) below, the Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the

pending offense.

(g) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(c) or (e) indicated by a continuous monitoring system, the Department shall calculate penalties in accordance with N.J.A.C. 7:27A-3.10(n)1 and may, in its discretion for purposes of determining the statutory maximum penalty for an offense, treat an offense as a first offense for civil administrative penalty determination purposes, at the beginning of each calendar quarter.

(h) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(d) or (e) when a continuous monitoring system operates out of control or is out of service, the Department shall calculate penalties in accordance with N.J.A.C. 7:27A-3.10(n)2 and may, in its discretion, treat an offense as a first offense for civil administrative penalty determination purposes, if the violator has not committed the same offense in the four consecutive calendar quarters immediately preceding the first day of the calendar quarter during which the pending offense was committed.

7:27A-3.6 Civil administrative penalty for submitting inaccurate or false information

(a) The Department may assess a civil administrative penalty against each violator who submits inaccurate information or who makes a false statement, representation, or certification in any application, registration, record, or other document submitted or maintained, or who falsifies, tampers with, or renders inaccurate any monitoring device or method required to be maintained under the Act or any rule, administrative order, operating certificate registration requirement or permit issued pursuant thereto.

(b) Each day from the day that the violator knew or had reason to know that it submitted inaccurate or false information to the Department until the day of receipt by the Department of a written correction by the violator shall be an additional, separate and distinct offense.

(c) The Department shall determine the amount of the civil administrative penalty for offenses described in this section based on the conduct of the violator as follows:

1. For each intentional, deliberate, purposeful, knowing or willful act or omission by the violator, the civil administrative penalty, per act or omission, shall be in an amount of \$10,000 for the first offense, \$25,000 for the second offense, and \$50,000 for the third and each subsequent offense; and

2. For all other conduct, the civil administrative penalty, per act or omission, shall be in the amount of \$2,000 for the first offense, \$4,000 for the second offense, and \$10,000 for the third and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(e) A violation under this section is non-minor and therefore not subject to a grace period.

7:27A-3.7 Civil administrative penalty for failure to allow lawful entry and inspection

(b) Each day that a violator refuses, inhibits or prohibits immediate lawful entry and inspection of any premises, building, or place, except private residences, by any authorized Department representative, shall be an additional, separate and distinct offense.

(c) The amount of the civil administrative penalty for offenses described in this section shall be \$8,000 for the first offense, \$16,000 for the second offense, and \$40,000 for the third and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense

(e) A violation under this section is non-minor and therefore not subject to a grace period.

7:27A-3.8 Civil administrative penalty for failure to pay a fee

(a) The Department may assess a civil administrative penalty against each violator who fails to pay a fee when due.

(b) Each day a fee is not paid after it is due shall constitute an additional, separate and distinct offense.

(c) To assess a civil administrative penalty pursuant to this section:

1. The Department shall identify the civil administrative base penalty pursuant to (d) below; and
2. The civil administrative penalty shall be the base penalty unless adjusted pursuant to (e) below.

(d) The base penalty shall be as follows:

1. An amount equal to one-third of the unpaid fee or \$50.00, whichever is greater, for the nonpayment of a fee due in any calendar year; or
2. An amount equal to two-thirds of the unpaid fee or \$100.00, whichever is greater, for the nonpayment of a second fee in the same calendar year as in (d)1 above, but not the same fee as in (d)1 above; or
3. An amount equal to the unpaid fee or \$250.00, whichever is greater, for the nonpayment of a third and each subsequent fee due in the same calendar year as in (d)1 above, but not the same fee as in (d)1 or 2 above.

(e) Failure to pay a fee within 30 days of receipt by the violator of notice of the nonpayment from the Department shall be considered a continuing violation. For a continuing violation, the Department may increase the amount of the base penalty calculated pursuant to (d) above by the amount obtained by multiplying the base penalty dollar amount by 0.1 percent for each day that the fee is past due

(f) A violation under this section is non-minor and therefore not subject to a grace period.

7:27A-3.9 Civil administrative penalty for failure to provide information or test data or to maintain a permanent record of information or test data

(a) The Department may assess a civil administrative penalty against each violator who fails to provide the Department with or who fails to maintain a permanent record of information regarding smoke, opacity, or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each day smoke, opacity or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto is not provided after it is due, or is not maintained, shall constitute an additional, separate and distinct offense.

(c) Except as provided in N.J.A.C. 7:27A-3.10, the amount of the civil administrative penalty for offenses described in this section shall be as provided at (c)1 through 3 below. The grace period for these minor violations, if applicable in accordance with N.J.A.C. 7:27A-3.10(q) through (t), is 30 days.

1. For the nonsubmittal of or the failure to maintain records of any smoke, opacity or emission data:
 - i. \$2,000 for the first offense;

 - iii. \$5,000 for the third offense; and
 - iv. \$15,000 for the fourth and each subsequent offense.
3. For the nonsubmittal of or the failure to maintain any records or information not included in (c)1 or 2 above:

NOTE: THIS IS A COURTESY COPY OF THIS RULE PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE May 16, 2005, NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE PROPOSAL, THE OFFICIAL VERSION WILL GOVERN.

- ii. \$1,000 for the second offense;
- iii. \$2,500 for the third offense; and
- iv. \$7,500 for the fourth and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

7:27A-3.10 Civil administrative penalties for violation of rules adopted pursuant to the Act

(a) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense for each violation of the Act or of any rule promulgated pursuant to the Act listed in (m) and (n) below.

(b) Each violation of each provision of the Act, or any rule promulgated pursuant thereto, shall constitute a separate and distinct offense.

(c) Each day during which the violation continues shall constitute an additional, separate, and distinct offense.

(d) Except as provided for in (e) and (f) below, the Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(e) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(c) or (e) indicated by a continuous monitoring system, the Department shall calculate penalties in accordance with (n)1 below and may, in its discretion for purposes of determining the statutory maximum penalty for an offense, treat an offense as a first offense for civil administrative penalty determination purposes, at the beginning of each calendar quarter.

(f) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(d) or (e) when a continuous monitoring system operates out of control or is out of service, the Department shall calculate penalties in accordance with (n)2 below and may, in its discretion, treat an offense as a first offense for civil administrative penalty determination purposes, if the violator has not committed the same offense in the four consecutive calendar quarters immediately preceding the first day of the calendar quarter during which the pending offense was committed.

(g) Where the civil administrative penalty for a violation of the Act or of any rule promulgated pursuant to the Act may be determined by using more than one provision of this section, the Department may, in its discretion, assess the highest civil administrative penalty that corresponds to the violation, pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

NOTE: THIS IS A COURTESY COPY OF THIS RULE PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE May 16, 2005, NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE PROPOSAL, THE OFFICIAL VERSION WILL GOVERN.

(h) The Department shall determine the amount of the civil administrative penalty for offenses described in this section on the basis of the provision violated and the frequency of the violation.

(i) The Department may, in its discretion, accept discrete emission reduction (DER) credits, that have been verified pursuant to N.J.A.C. 7:27-30.10, in full or partial settlement of a monetary penalty in accordance with the procedures for credit use at N.J.A.C. 7:27-30. In determining whether to allow the use of DER credits in full or partial settlement of a penalty and the appropriate amount to accept, the Department shall consider whether the cost associated with acquiring the credits provides a sufficient deterrent to future violation.

(j) The Department may, in its discretion prior to assessment of a civil administrative penalty, adjust the amount of any penalty determined under this section pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

(k) For violations of N.J.A.C. 7:27-22.3(a) and (b), the Department shall calculate penalties in accordance with the Civil Administrative Penalty Schedule in (m) below by adding the penalty amounts for each source operation within a facility that is subject to N.J.A.C. 7:27-22. The daily penalty for such violations shall not exceed the amounts set forth in (a) above.

(l) Footnotes 3, 4, and 8 set forth in the Civil Administrative Penalty Schedule in (m) below are intended solely to put violators on notice that in addition to assessing a civil administrative penalty, the Department may also revoke the violator's Operating Permit, Certificate or variance. These footnotes are not intended to limit the Department's discretion in determining whether or not to revoke an Operating Permit, Certificate or variance, but merely to indicate the situation in which the Department would be most likely to seek revocation

(m) The violations of N.J.A.C. 7:27, whether the violation is minor or non-minor in accordance with (q) through (t) below, and the civil administrative penalty amounts for each violation are as set forth in the following Civil Administrative Penalty Schedule. The numbers of the following subsections correspond to the numbers of the corresponding subchapter in N.J.A.C. 7:27. The rule summaries for the requirements set forth in the Civil Administrative Penalty Schedule in this subsection are provided for informational purposes only and have no legal effect.

Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if there are less than three complainants related to the violation the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if an air contaminant emitted is not a VOC, NO_x, criteria pollutant, EHS, TXS, or NESHAP the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted is less than 22.8 pounds in any one hour to the atmosphere the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted into the atmosphere covers an area of less than 1/2 square mile, the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if there is no off-site property damage from the air contaminant the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Summing the total penalty reduction percentages results in a total reduction of 115%. However, an assessed penalty may not be reduced by more than 95% of the maximum penalty; therefore, the maximum reduction for the first offense penalty of \$10,000 would be \$9,500 resulting in an assessed penalty of \$500.00.</p>

(A) Upon a showing by a violator within 14 calendar days of receipt of the notice of violation from the Department that, at the time of the pending violation:	
1. The violator was in full compliance with the terms and conditions of all Department permits and certificates related to the pending violation:	
2. The violator was in full compliance with all air pollution control permits and certificates for the facility where the violation is pending, except for the violation of N.J.A.C. 7:27-5.2(a) and N.J.A.C. 7:27-8.3(j); and	
3. The pending violation is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within the five calendar years immediately preceding the date of the pending violation:

Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$200.00 (20%) from the base penalty. Further, if there are less than three complainants related to the violation there is no increase to or reduction from the base penalty. Further, if an air contaminant emitted is not a VOC, AAQS, EHS, TXS, or NESHAP there is no increase to or reduction from the base penalty. Further, if this is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within five years immediately preceding the date of the pending violation and the violator can demonstrate that it was in full compliance with the terms and conditions in all Department permits and certificates related to the pending violation and with all air pollution control permits and certificates, the Department may reduce an additional \$500.00 (50%) from the base penalty. - 31. The violations of N.J.A.C. 7:27-31, and the civil administrative penalty amounts for each violation, are as set forth as follows:

i. Violation of N.J.A.C. 7:27-31.3(i) shall be considered a non-minor violation, not subject to a grace period. The penalty amounts for violation of N.J.A.C. 7:27-31.3(i), which requires a minimum number of allowances to be held in a budget source's compliance account as of the allowance transfer deadline, are set forth in the following table, directly dependent on the number of tons of shortfall (each ton of excess emissions is a separate violation):

Amount of Shortfall (in tons)	Civil Administrative Penalty Amounts (per ton)
1-10	\$ 2,000
11-20	\$ 4,000
21-50	\$10,000
51-100	\$30,000
over 100	\$50,000

ii. The base penalty amount as calculated in (m)31i above shall be limited by the statutory maximum penalty calculated as follows:

(1) For first offense levels (see N.J.A.C. 7:27A-3.5(f) for an explanation of determining offense levels), the penalty shall not exceed \$10,000 per day for each day of violation within the control period (\$10,000 per day x 153 days = \$1,530,000);

- (2) For second offense levels (see N.J.A.C. 7:27A-3.5(f) for an explanation of determining offense levels), the penalty shall not exceed \$25,000 per day for each day of violation within the control period (\$25,000 per day x 153 days = \$3,825,000);
- (3) For third and subsequent offense levels (see N.J.A.C. 7:27A-3.5(f) for an explanation of determining offense levels), the penalty shall not exceed \$50,000 per day for each day of violation within the control period (\$50,000 per day x 153 days = \$7,650,000); and
- (4) If the authorized account representative of the budget source can prove that the number of days of violation in the control period is less than 153 days, then the maximum penalty as calculated in (m)31ii(1) through (3) above shall be adjusted accordingly.

iii. The violations of other provisions at N.J.A.C. 7:27-31, and the civil administrative penalty amounts for each violation, are as set forth in the following table:

(n) The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8 and 7:27-22 as follows: for violations detected by continuous monitoring systems in accordance with (n)1 below; for continuous monitoring systems not installed, out of service or out of control in accordance with (n)2 below; and for violations of continuous monitoring systems recordkeeping and reporting requirements in accordance with (n)3 below. The rule summaries for the requirements set forth in the Civil Administrative Penalty Schedule in this subsection are provided for informational purposes only and have no legal effect.

1. The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8.3(e) and 7:27-22.3(e) as indicated by continuous monitoring systems on the basis of the severity level, duration of the offense and the size or nature of the source operation associated with the violation as follows:
 - i. Table 1 of this section shall be used to determine the level of offense, based on the percentage or amount of differential from the standard or allowable set forth in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22.
 - ii. Tables 2A or 2B of this section shall be used to determine the amount of the base penalty. The level of offense determined from Table 1 is used in conjunction with either Table 2A (for any major source operation) or Table 2B (for any minor source operation) as defined in the corresponding footnotes below Tables 2A and 2B.
 - iii. Table 3 shall be used to determine a multiplier which shall be applied to the base penalty from either Table 2A or 2B. The multipliers included in Table 3 each correspond to the duration of the offense or the length of the averaging time provided in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22. The base penalty determined from Table 2A or 2B is multiplied by the appropriate Table 3 multiplier to determine the penalty amount of the offense.

³ Any source operation with estimated potential emissions without controls of greater than 22.8 pounds per hour, or greater than 5.7 pounds per hour for VOC and NO_x, or air contaminants regulated pursuant to NSPS, NESHAP, PSD, EOR, TXS and HAP (Table B) based on Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:22.

⁴ Any source operation with estimated potential emissions without controls of 22.8 pounds per hour or less, or 5.7 pounds per hour or less for VOC and NO_x, based on a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22.

⁵ Number of days after subtracting downtime allowance pursuant to N.J.A.C. 7:27-1, or a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued to N.J.A.C. 7:27-22.

⁶ Per continuous monitor.

⁷ For instance, a Preconstruction Permit and Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22 requires that for any 1-hour period, the average concentration of nitrogen oxides (NO_x) in the stack gas shall not exceed 300 parts per million by volume as determined by continuous monitoring. A violator emitted NO_x from a major source operation at an hourly averaged concentration rate of 350 parts per million by volume. Using Table 1, determine the level of offense for the air contaminant (NO_x). Because the violator emitted NO_x at a concentration less than 25% above the allowable, the Level of Offense is Level I. The source operation is considered major because it emits NO_x in excess of 5.7 pounds per hour. Using Table 2A for a major source operation, determine the base penalty that corresponds to Level I. The base penalty for a Level I offense for a major source operation is \$200. Using Table 3, determine the multiplier corresponding to a 1 hour averaging time. Multiply \$200 by 2, the multiplier from Table 3. The penalty for the offense is \$400.

(o) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the assessed penalty shall in no case be reduced by more than 95 percent of the maximum civil administrative penalty pursuant to (m)5 above, or shall in no case exceed the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b).

- (p) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the Department may, in its discretion, assess the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b) for any release of air contaminants that causes persons exposed to the release to suffer acute health effects resulting in death or serious personal injury.
- (q) Each violation identified in the penalty tables at (m) and (n) above by an “M” in the Type of Violation column, for which conditions at (s) below are satisfied, is a minor violation, and is subject to a 30-day grace period.
- (r) Each violation identified in the penalty tables at (m) and (n) above by an “NM” in the Type of Violation column is a non-minor violation and will not be subject to a grace period.
- (s) The Department shall provide a grace period of 30 days for any violation identified as minor under this section, provided the following conditions are met:
 - 1. The violation is not the result of the purposeful, knowing, reckless or criminally negligent conduct of the person responsible for the violation;
 - 2. The activity or condition constituting the violation has existed for less than 12 months prior to the date of discovery by the Department or local government agency;
 - 3. In the case of a violation that involves a permit, the person responsible for the violation has not been identified in a previous enforcement action by the Department or a local government agency as responsible for a violation of the same requirement of the same permit within the preceding 12 month period;
 - 4. In the case of a violation that does not involve a permit, the person responsible for the violation has not been notified in a previous enforcement action by the Department or a local government agency as responsible for the same or a substantially similar violation at the same facility within the preceding 12-month period; and
 - 5. In the case of any violation, the person responsible for the violation has not been identified by the Department or a local government agency as responsible for the same or substantially similar violations at any time that reasonably indicate a pattern of illegal conduct and not isolated incidents on the part of the person responsible. .
- (t) For a violation determined to be minor under (s) above, the following provisions apply:
 - 1. The Department or local government agency shall issue a notice of violation to the person responsible for the minor violation that:
 - i. Identifies the condition or activity that constitutes the violation and the specific statutory provision or other requirement violated; and
 - ii. Specifies that a penalty may be imposed unless the minor violation

- is corrected and compliance is achieved within the specified grace period.
2. If the person responsible for the minor violation corrects that violation and demonstrates, in accordance with (t)3 below, that compliance has been achieved within the specified grace period, the Department or local government agency shall not impose a penalty for the violation and, in addition, shall not consider the minor violation an offense as defined in this chapter.
 3. The person responsible for the minor violation shall submit to the Department or a local government agency, before the end of the specified grace period, written information, certified in accordance with N.J.A.C. 7:27-1.39, and signed by the responsible official, as defined at N.J.A.C. 7:27-1.4, detailing the corrective action taken or compliance achieved.
 4. If the person responsible for the minor violation seeks additional time beyond the specified grace period to achieve compliance, the person shall request an extension of the specified grace period. The request shall be made in writing no later than one week before the expiration of the specified grace period and include the anticipated time needed to achieve compliance, the specific cause or causes of the delay, and any measures taken or to be taken to minimize the time needed to achieve compliance, and shall be certified in accordance with N.J.A.C. 7:27-1.39. The Department or a local government agency may, at its discretion, approve in writing an extension which shall not exceed 90 days, to accommodate for the anticipated delay in achieving compliance. In exercising its discretion to approve a request for an extension, the Department or a local government agency may consider the following:
 - i. Whether the violator has taken reasonable measures to achieve compliance in a timely manner;
 - ii. Whether the delay has been caused by circumstances beyond the control of the violator;
 - iii. Whether the delay will pose a risk to the public health, safety and natural resources; and
 - iv. Whether the delay will materially or substantially undermine or impair the goals of the regulatory program.
 5. If the person responsible for the minor violation fails to demonstrate to the Department or local government agency that the violation has been corrected and compliance achieved within the specified grace period, or within the approved extension, if any, the Department or local government agency may, in accordance with the provisions of this chapter, impose a penalty that is retroactive to the date on which the notice of violation under (t)1 was issued.
 6. The person responsible for a minor violation shall not request more than one extension of a grace period specified in a notice of violation.

NOTE: THIS IS A COURTESY COPY OF THIS RULE PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE December 6, 2004, NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE PROPOSAL, THE OFFICIAL VERSION WILL GOVERN.

- (a) The Department shall determine the amount of the civil administrative penalty for violations in this section on the basis of the provision violated and the frequency of the violation as follows:

Citation	Type of Violation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which poses a potential threat to public health, welfare or the environment	NM	\$2,000	\$4,000	\$10,000	\$30,000
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which might reasonably result in citizen complaints, but which does not pose a potential threat to public health, welfare or the environment	M	\$200	\$400	\$1,000	\$3,000

7:27A-3.12 Economic benefit component of a civil administrative penalty

The Department may, in addition to any other civil administrative penalty assessed pursuant to this subchapter, include as a civil administrative penalty the economic benefit (in dollars) which the violator has realized as a result of not complying with or by delaying compliance with the requirements of the Act, or any rule, administrative order, operating certificate or permit issued pursuant thereto. If the total economic benefit was derived from more than one offense, the total economic benefit amount may be apportioned among the offenses from which it was derived so as to increase each civil administrative penalty assessment to an amount no greater than \$10,000 for the first offense, no greater than \$25,000 for the second offense, and no greater than \$50,000 for the third offense and each subsequent offense.
