WHEREAS the Department has spent the last ten months implementing the selection process for appointments to the Board as required in paragraphs 15-18 of Administrative Order 2009-05 by issuing a public solicitation that included: a press release and an announcement of the solicitation on the Department website on June 23, 2009; letters sent statewide to university presidents, academic scientists, and scientists from other institutions, as well as notification to other state and federal agencies during the month of June 2009; and

WHEREAS, the Department received nominations and applications for membership on the SAB and/or its Standing Committees from an impressive and highly respected group of scientists from academia, non-profits and industry; and
