

Ecological Evaluation Technical Guidance (EETG)

List of significant changes from Version 2.0 (August 2018) to Version 2.1 (April 2023)

1. Cover Page: updated cover with Brand graphics, new program name, and new date and version
2. **9.1. Remedial Action Permits in Environmentally Sensitive Natural Resources:** Retitled. Former section 9.1 from Version 2.0 was deleted. The new section 9.1 is updated for consistency with two related guidance documents, the *Soil Remedial Action Permit Guidance Document*, May 2022, and the *Technical Guidance on the Capping of Sites Undergoing Remediation*, July 2014.
