Subject [LSRP] Additional topic experts have been added to the LSRP Technical Consultation program

[LSRP] Additional topic experts have been added to the LSRP Technical Consultation program

SRP's Technical Consultation Program allows LSRPs or remediating parties to consult with experienced DEP staff to ask site specific technical questions. Information about the program is available at https://www.nj.gov/dep/srp/srra/technical_consultation/.

Additional topic experts have been added to the LSRP Technical Consultation program:

For questions about the Impact to Ground Water (IGW) pathway framework or site specific options contact Swati Toppin at 609-777-1950 or swati.toppin@dep.nj.gov.

For questions about IGW pathway fate and transport models contact Paul Sanders at 609-292-9998 or paul.sanders@dep.nj.gov.

Question: What is the best way to find a DEP topic expert?

Answer: Use the SRP contacts list available at https://www.nj.gov/dep/srp/srra/srra_contacts.htm to locate the DEP staff person under the Technical Questions heading or under the Guidance Documents heading.
