[SRRA] NJDEP - Rutgers Case Study/Round Table Event

May 1, 2013 NJDEP - Rutgers Case Study/Round Table Event Navigating the LSRP program - The Remediation Process from the GIN to the RAO

This interactive workshop will engage LSRPs and other environmental professionals to work through a typical SRP case starting with an ISRA triggering event, through all the phases of remediation (PA/SI/RI and RA), including applying for and implementing a remedial action permit and culminating in the issuance of an RAO. The participants will use the various tools, guidance and resources provided DEP to ensure all forms, and documents are properly prepared and submitted within the applicable timeframes established in ARRCS and the Tech Rules.

Upon LSRP Board Approval, this course will satisfy the pre-requisite course requirement in order to take the LSRP Licensing Exam or will qualify for Regulatory Continuing Education Credits. It will NOT count for both.

Instructors: Representatives from the NJDEP and the LSRP community have developed the course content and will provide this training.

Location: Rutgers University - New Brunswick

Time: 8:30 a.m. - 4:30 p.m. (Check-in at 8:00 a.m.)

Registration:
