[SRRA]: NJDOH VI Data Submission Checklist is Now Available

The New Jersey Department of Environmental Protection (NJDEP), in cooperation with the New Jersey Department of Health (NJDOH), has prepared the "NJDOH Vapor Intrusion (VI) Data Submission Checklist." This checklist is to be utilized by Licensed Site Remediation Professionals (LSRP) when submitting VI-related electronic data to the NJDOH (consistent with the NJDEP's Technical Rules). When properly filled out, the checklist provides the basic information needed by the NJDOH to review indoor air, ambient air and soil gas results. The checklist is designed exclusively for the use of NJDOH and should not be submitted to the NJDEP.

The "NJDOH VI Data Submission Checklist" can be found at the NJDEP's VI Pathway website at <https://www.nj.gov/dep/srp/guidance/vaporintrusion/>.

Any questions regarding the checklist should be directed to the NJDOH Standard Setting and Risk Assessment Project at 609-826-4920.
