The purpose of this message is to alert persons responsible for conducting remediation of an important, quickly approaching deadline. This deadline applies to persons that were issued a restricted or limited restricted use no further action letter by the Department prior to May 7, 2012. All such persons are required to submit an application for a remedial action permit pursuant to the Administrative Requirements for the Remediation of Contaminated Sites (ARRCS) at N.J.A.C. 7:26C-7.6. More critically, the deadline to apply for this remedial action permit is May 7, 2014, as required by ARRCS at N.J.A.C. 7:26C-7.6(a).

The Department will be posting two quick reference guides on its web page at https://www.nj.gov/dep/srp/srra/training/quick_reference.html shortly. These guides will provide a summary of what is required to be submitted with a permit application and provides links to important forms and guidance documents. A separate listserv message will be sent out when the guides are available.

In addition, the Department is offering training on Remedial Action Permits in the public hearing room at DEP from 9:00 a.m. to 12 noon, on June 10, 2014. A separate listserv message will be sent out with registration instructions.
