[SRRA]: Technical Guidance Document Training Series - Capping

Training on - Technical Guidance for Capping Sites Undergoing Remediation

When - Thursday, November 20, 2014 from 9:00 - 10:00 AM (check in at 8:30)
NJDEP Public Hearing Room 401 E. State St., Trenton, NJ

Program Description - Technical Guidance for Capping:
This training session is designed to introduce the key elements of the NJDEP's Technical Guidance on the Capping of Sites Undergoing Remediation. The presentation will define what a cap is, and provide information on elements that apply broadly to most capping scenarios, such as technical and regulatory factors. Additionally, more detailed information will be provided relative to the three classes of cap types addressed in the document: Low Permeability, Permeable, and Sediment.

Presenters - Technical Guidance for Capping:
Greg Neumann, NJDEP
Howard Nichols, TRC Environmental Corp

Technical guidance documents are available for review and download from SRP's guidance library at
<https://www.nj.gov/dep/srp/guidance/>

Register to attend in person:
Non-DEP staff must register on the LSRPA website at: www.lsrpa.org
DEP staff may register, with their supervisor's permission, on LMS.

Register for Webinar:
To register for the webinar please go to:
<https://www1.gotomeeting.com/register/707047664>
Once registered you will receive an email confirming your registration with information you need to join the Webinar.

Presentation Materials:
The slides and resulting audio will be posted on the NJDEP training web page shortly after the presentation for future reference at
<https://www.nj.gov/dep/srp/srra/training/>

Continuing Education Credits (CECs):
The Department has applied to the SRPL Board for 1 technical CEC for the Technical Guidance course for LSRPs that attend in person. Please note:
Attendees who arrive and sign-in for the class more than 30 minutes late will not be eligible for CECs.
