Public Notice

Take notice that the New Jersey Site Remediation Professional Licensing Board is proposing new rules.

The Site Remediation Reform Act ("SRRA")(N.J.S.A. 58:10C-1 et seq.) established the Site Remediation Professional Licensing Board ("Board"). SRRA established a new process for remediating contaminated sites, to be overseen by a newly created licensed professional, the Licensed Site Remediation Professional ("LSRP"). The proposed new rules encompass the following:

2. Fees to be imposed on and collected by the Board including annual fees and licensing fees;
3. Continuing Education of LSRPs, including the continuing education requirements each LSRP must meet and the criteria for approval of Continuing Education Credits for continuing education programs and activities;
4. Auditing of LSRPs by the Board, including how LSRPs shall be selected for audit;
5. The rules of professional conduct that LSRPs must follow;
6. The procedures for disciplinary proceedings including the filing of complaints; investigation of complaints by the Board, actions the Board may take relative to complaints and violations, and hearing requirements;
7. The procedures for adjudicatory proceedings; and
8. The prohibition against retaliatory action.
