Subject [SRRA]: Technical Guidance Training: Historically Applied Pesticide Site

[SRRA]: Technical Guidance Training: Historically Applied Pesticide Site

Training on the Historically Applied Pesticide Site Technical Guidance document will be held on Thursday, March 3, 2016 from 9:00 AM to 11:00 AM (check-in at 8:30 AM) in the DEP Public Hearing Room, 401 E. State Street, Trenton.

Program Description:

This training session is designed to introduce the key elements of the NJDEP's recently issued Historically Applied Pesticide Site Technical Guidance. The presentation will define what historically applied pesticide (HAP) contamination is and provide a streamlined approach to the identification, investigation, delineation and remediation of sites that may be impacted by HAP. The training will discuss how to select locations for taking background samples and when blending of HAP impacted soils is appropriate.

Presenters:

- George Nicholas, Moderator, NJDEP - Bureau of Ground Water Pollution Abatement
- Chris Dwyer, NJDEP - Southern Field Office
- Lynne Mitchell, NJDEP - Southern Field Office
- Rich Lake, LSRP, Geo-Technology Associates, Inc.
- Kathleen Stetser, LSRP - GEI Consultants, Inc.

To attend the training in person: Please register on the LSRPA website at: www.lsrpa.org

To register for the Webinar: Go to <https://attendee.gotowebinar.com/register/1653821991163235841> Once registered you will receive an email confirming your registration with information you need to join the Webinar.

Continuing Education Credits (CECs): The Department has applied to the SRPL Board for 2 regulatory continuing education credits for this course.

Presentation Materials: The slides and resulting audio will be posted on the DEP training web page shortly after the presentation for future reference.

Technical guidance documents are available for review and download from SRP's guidance library at www.nj.gov/dep/srp/guidance/
