Subject [SRRA]: Update to SRWMP implementation of November 25, 2015 interim ground water quality standards

[SRRA]: Update to SRWMP implementation of November 25, 2015 interim ground water quality standards

The New Jersey Department of Environmental Protection has updated its policy for implementing the November 25, 2015 interim ground water quality standards. Specifically, how the Department will interpret whether the remedial investigation for a contaminated site is completed, including sites subject to the May 7, 2016 statutory deadline. This new policy replaces the policy originally posted on November 25, 2015. The updated guidance is available through the SRWMP Guidance Library at www.nj.gov/dep/srp/guidance/#igwqc.
