[SRRA]: New "Commingled Plume Technical Guidance Document" posted and training scheduled for May 16, 2017

The New Jersey Department of Environmental Protection (Department) would like to announce the availability of the new "Commingled Plume Technical Guidance Document" (April 2017).

This guidance document provides LSRPs and other interested parties with technical approaches to demonstrate the presence of a commingled plume condition and to evaluate the impacts on current and future remedial decisions. It also serves to clarify the Department's administrative requirements for common commingled plume conditions.

This technical guidance document is now available on SRWMP's guidance library at www.nj.gov/dep/srp/guidance/.

Training on this document will be held on Tuesday, May 16, 2017 from 1:30 PM to 4:30 PM (check-in at 1:00 PM) in the DEP Public Hearing Room, 401 E. State Street, Trenton.

Presenters:

Tess Fields, Moderator, NJDEP, Office of Community Relations
Michael Infanger, NJDEP Bureau of Remedial Action Permitting
Mary Anne Kuserk, NJDEP, Bureau of Ground Water Pollution Abatement
Mark Fisher, LSRP, The ELM Group, Inc.
Michael van der Heijden, LSRP, Woodard & Curran
Lisa K. Voyce, HDR Engineering, Inc.

To attend in person:

Please register on the LSRPA website at: www.lsrpa.org

To register for the Webinar:

Go to <https://attendee.gotowebinar.com/register/7428676971743528962>. Once registered you will receive an email confirming your registration with information you need to join the webinar.

Continuing Education Credits (CECs):

The Department will apply to the SRPL Board for 3 regulatory continuing education credits for this course. CECs will be available for in-person attendance (cannot miss more than 45 minutes of the program) and for Webinar participants (must be logged in for entire program and answer 3 out of 4 webinar quiz questions).

Presentation Materials:

The slides and resulting audio will be posted on the DEP training web page shortly after the presentation for future reference.
