Subject [SRRA]: LSRP Notifications Guidance Document now available
from Licensed Site Remediation Professional Licensing Board

[SRRA]: LSRP Notifications Guidance Document now available from Licensed Site
Remediation Professional Licensing Board

The Site Remediation Professional Licensing Board, in collaboration with the New Jersey Department of Environmental Protection, has prepared a guidance document entitled "LSRP Notifications to the Site Remediation Professional Licensing Board, the Person Responsible for Conducting the Remediation, and the New Jersey Department of Environmental Protection." The purpose of the guidance document is to help LSRPs comply with notification requirements in the Site Remediation Reform Act, N.J.S.A. 58:10C-1 et seq. ("SRRA") and the Regulations of the New Jersey Site Remediation Professional Licensing Board, N.J.A.C. 7:26I-1 et seq. ("Board Rules"). The document is intended to serve as a reference guide to LSRPs by collecting in one place all of the notifications that LSRPs are responsible for making pursuant to the SRRA and the Board Rules. It is hoped that this guidance document will assist LSRPs in managing the multiple notifications that they are required to make in order to comply with licensure requirements and to fulfill their professional responsibilities as LSRPs.
