[SRRA]: New Guidance Archive Webpage Now Available

The New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management Program (SRWMP) announces a new webpage, which contains an archive of previous versions of technical guidance documents that have since been revised, along with supporting documents (e.g., change logs).

The Department has attempted to include all available previous versions of the various guidance documents, however, this webpage is not intended to be a comprehensive list of all previous versions of the guidance documents.

To access the archive webpage, visit: [www.nj.gov/dep/srp/guidance/archive/](http://www.nj.gov/dep/srp/guidance/archive/)
