[SRRA]: SRRA and Approved LSRPs Listservs updated to GovDelivery

The New Jersey Department of Environmental Protection (Department) has retired the SRRA and Approved LSRP Listservs and migrated all subscribers to GovDelivery. GovDelivery provides a more robust platform for updating interested parties on key changes and events related to the Site Remediation and Waste Management Program.

If you have not received an email from NJDEP@public.govdelivery.com welcoming you to the new service, please check your spam folder.

The Listservs have been split into seven general topics to better serve the needs of all interested parties. You may now log into your account and update the topics of interest. You may also provide a cell phone number to receive text message updates

- Site Remediation News
- Training
- Rules, Technical and Administrative Guidance, and Policies
- IT Updates (Online Services & GIS)
- Site Remediation Compliance Alerts
- Unregulated Heating Oil Tank Cleanups
- Updates from the Site Remediation Professional Licensing Board

Moving forward, the Listserv archive will continue to be maintained and renamed the Site Remediation Listserv/GovDelivery Archives.
